   b. If yes, what percentage of inputs were sourced sustainably?

   Yes, Union Bank of India has established a comprehensive sustainable sourcing procedure to ensure responsible procurement practices. The Bank recognizes the importance of sourcing inputs and materials in an environmentally and socially sustainable manner. Union Bank of India's sustainable sourcing policy encompasses various aspects, including supplier selection, evaluation, and ongoing monitoring. The bank emphasizes the consideration of environmental, social, and ethical factors when engaging with suppliers. This includes assessing suppliers' commitment to sustainability, such as their adherence to environmental regulations, labor standards, and ethical business practices. Through this policy, Union Bank of India aims to promote sustainable development, reduce environmental impacts, support fair trade practices, and contribute to the well-being of communities. By prioritizing sustainable sourcing, the bank demonstrates its commitment to responsible business practices and its role in fostering a more sustainable future.

   Currently, the Bank is not in a position to quantify what percentage of inputs were sourced sustainably as the ESG Steering Committee is still under the process of setting measurement protocols.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

   Union Bank of India has implemented specific procedures for the disposal of IT assets classified as e-waste and hazardous waste. Instead of adopting a recycling method, the bank focuses on reusing or continuing to use these assets based on their condition and factors such as support and serviceability. To manage e-waste containing the bank's data, including computers, HDDs, drives, tapes, printers, scanners, and other data-bearing devices, the bank engages e-waste management services.

Regarding the disposal of hazardous IT waste, such as batteries, Union Bank of India follows a buyback approach with the original equipment manufacturers (OEMs). This ensures the safe and compliant disposal of hazardous waste, mitigating potential environmental risks.

Union Bank of India remains committed to responsible waste management practices, ensuring the safe reclamation and disposal of e-waste and hazardous waste through certified recyclers and authorized channels. By adhering to these practices, the bank actively contributes to environmental sustainability and supports a cleaner and healthier future.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

   No, Union Bank of India does not currently have an Extended Producer Responsibility (EPR) agreement in place with vendors. However, the Bank takes proactive measures to ensure the proper disposal of old and redundant IT assets through e-waste processes. In addition, the bank responsibly disposes of UPS and batteries through a buyback arrangement with the original equipment manufacturer (OEM).

   While the Bank does not have a specific EPR plan in place, it remains committed to exploring and implementing responsible waste management practices. Union Bank of India continuously evaluates options to align its activities with the principles of Extended Producer Responsibility, taking into consideration the guidelines set by the relevant authorities. As part of its dedication to environmental sustainability, the bank actively seeks opportunities to enhance waste management practices, minimize its ecological footprint, and comply with applicable regulations and industry best practices. The bank's commitment to responsible waste management reflects its commitment to environmental stewardship and sustainable business practices.

The bank actively takes proactive measures to ensure that all its premises and offices are fully accessible to differently-abled individuals. Ongoing efforts are made by Union Bank of India to assess and enhance the accessibility of its facilities, aligning with relevant accessibility guidelines and standards. By prioritizing accessibility, the bank creates an inclusive work environment that values diversity and enables the full participation and contribution of all employees.

Union Bank of India has made significant strides in addressing the needs of persons with disabilities within the realm of inclusive and accessible banking throughout the fiscal year 2023-2024. The bank's unwavering dedication to this cause is evident through its introduction of innovative solutions and robust disability support services.

One notable achievement during this period was the launch of the "Union Sparsh Braille debit card," a pioneering product tailored specifically for visually impaired customers. This accessible debit card not only facilitates easier banking access but also establishes a new benchmark for inclusive banking practices nationwide.

Moreover, the bank has substantially enhanced the accessibility of its digital banking platforms through the "Union Access" project, spearheaded by a dedicated digital accessibility team within the Department of Information Technology. This initiative has resulted in upgraded digital banking services that ensure equitable access for persons with disabilities.

Union Bank of India launched a dedicated webpage titled "Accessible Banking" on its corporate website in May 2023, aimed at supporting the banking needs of disabled customers. Additionally, the bank developed specialized user guides in braille, large font and audio formats designed for customers with disabilities.

The bank's range of accessible banking products includes an internet banking portal, accessible mobile banking apps and Talking ATMs, catering comprehensively to the diverse needs of its clientele.

***** Union Bank of India recognizes the utmost importance of identifying key stakeholder groups and actively engaging with them. Here is an overview of our processes for stakeholder identification:

We have undertaken a comprehensive mapping exercise to identify both internal and external stakeholders. This mapping includes all members of our entire value chain, ensuring that we consider the interests and concerns of various stakeholders. Our key stakeholder groups encompass investors, customers, employees, vendors, outsourcing agencies, technical consultants, valuers, legal advisors, and society at large.

By recognizing the diverse range of stakeholders, we aim to foster a holistic approach to decision-making and business operations. We believe that engaging with our stakeholders enables us to understand their perspectives, address their concerns, and align our actions with their expectations.

Furthermore, we are committed to being responsive to the needs and interests of our stakeholders. We actively seek their feedback, conduct regular interactions, and utilize various communication channels to maintain an open dialogue. This allows us to effectively incorporate their input into our strategies, policies, and practices.

At Union Bank of India, we firmly believe that stakeholder engagement is essential for sustainable and responsible business conduct. By respecting the interests of all stakeholders and remaining responsive to their needs, we strive to build trust, foster mutually beneficial relationships, and create long-term value for both our stakeholders and the bank.

* Yes, stakeholder consultation is utilized to support the identification and management of environmental and social topics at Union Bank of India. We recognize the value of engaging with our stakeholders to gain insights and perspectives that help shape our policies and activities.

Currently, we actively engage in stakeholder consultation through various channels. This includes conducting surveys, organizing focus group discussions, and seeking feedback from stakeholders on environmental and social topics. By actively involving our stakeholders, we gain a deeper understanding of their concerns, expectations, and priorities.

The inputs received from stakeholders through these consultation efforts are carefully analyzed and considered in the formulation and review of our policies and activities. This includes areas related to environmental sustainability, social responsibility, and ethical practices. The feedback we receive serves as a valuable guide in determining the material issues that are important to our stakeholders and have a significant impact on our business and society.

Furthermore, based on the feedback received, we develop action plans to address identified priorities. This may involve enhancing our environmental performance, promoting responsible lending practices, supporting community development initiatives, or implementing measures to improve social inclusivity.

At Union Bank of India, we believe that stakeholder consultation is crucial for responsible and sustainable decision-making. By actively involving our stakeholders in the identification and management of environmental and social topics, we aim to foster transparency, accountability, and positive societal impact. The insights we gain through these consultations play a vital role in shaping our policies, activities, and overall business strategy.

PRINCIPLE 9 Businesses should engage with and provide value to their consumers in a responsible manner

Essential Indicators

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

The Bank has strengthened grievance redressal mechanism in place for handling customer grievances efficiently. The CRM Edge is gamut of Lead Management, customer 360-degree view and handling of the customer issues/ complaints. It is integrated with Bank's Core Banking Solution (Finacle), ATM Switch, Online Grievance Portal, UV Connect, VYOM, Social Media Platforms (Twitter/Facebook/Instagram) etc. to cater the customer issues/ complaints at the single platform.

The customer can lodge the complaints through various channels like call centre, email, social media, mobile banking, internet banking, WhatsApp banking, corporate website, hard copy etc. In case any complaint is delivered at branch by the customer, it should also be recorded in the CRM package. Acknowledgement of the complaint recorded in the CRM is sent digitally on registered Mobile and email. There is Auto escalation mechanism of the Complaint to respective Branch/RO/ Verticals. Auto escalation is integrated within the solution, which ensures the resolution of the Tickets within pre-decided TAT (Turn Around Time). Areas and sub-areas are defined in CRM EDGE for easy lodgement of complaints. Based on the category and sub-category, the complaint is automatically routed to a specific vertical/RO/Branch. Customer can verify the status of the complaint by using ticket number shared with him/her through E-mail/SMS. It is to be noted that as and when a complaint is received from a customer, it should be addressed at the Branch / Regional Office / Zonal Office / CO level itself as per the defined area with desired resolution, within TAT (Turn Around Time), so that it does not escalate further.

CRM Edge is a very effective module used by our Call Centre, Customer Care Unit. Field offices viz. ZOs/ROs/Branches, should make use of it to lodge/resolve the complaints online for speedy resolution. This application aims to centralize the Bank's customer handling and service resolution process. The routing of the Service Request (SR) to respective departments and the escalation for the same is done automatically by CRM EDGE, which ensures the resolution of the Service Requests/ complaints within pre-decided TAT (Turnaround Time).Handling of Customer Grievances:

Customers have the freedom to lodge their grievance through multiple channels: call centre, e-mail, mobile application, whatsapp banking, internet banking & through our website.
