26. Overview of the entity's material responsible business conduct issues:

The material responsible business conduct and sustainability issues pertaining to the environmental and social matters that present a risk or an opportunity to the Company's business, the rationale for identifying such risks/opportunities and the approach to adapt or mitigate the risks along-with financial implications of such risks/opportunities are given below:

Sl.	Material Issue Identified	Indicate whether Risk or Opportunity (R/O)	Rationale for Identifying the Risk/ Opportunity	In case of Risk, Approach to Adapt or Mitigate	Financial Implications of the Risk or Opportunity (Indicate Positive or Negative Implications)
1.	Product Safety and Quality	Risk	Quality and food safety are fundamental to the Company's operations and any lapses or concerns in these areas may have an adverse impact on the Company's business performance and reputation.	The Company's manufacturing facilities comply with highest standards of quality. This commitment to food safety and quality is further reflected in the recognition of 42 of our manufacture facilities (both owned and contract) by the American Institute of Baking (AIB) for their consistent compliance with Global Food Safety Standards. Consumer Quality Index is also employed to monitor and uphold product quality in the market.	**Negative-** Failure to meet product quality and safety may result in significant reputational and financial risk for the Company.
2.	Sustainable Packaging	Opportunity	Plastic pollution and its related hazards continue to be a prominent concern within the ESG framework. As a food product company, the transition to sustainable packaging solutions is essential to upholding environmental responsibility and advancing the Company's long-term sustainability objectives.	-	**Positive-** The Company continues to explore ways to minimize plastic use and enhance the recyclability of its packaging materials. The transition to Sustainable Packaging will yield positive environmental outcomes and contribute significantly towards the achievement of the Company's Sustainability Goals.
3.	Renewable energy	Opportunity	Protection of the environment and the optimal utilisation of resources are critical for the long-term growth of the Company.	-	**Positive –** Increase in the usage of renewable energy mix is expected to contribute to the reduction of Greenhouse Gas ('GHG') emissions while also lowering operational costs.
4.	Community Nutrition	Opportunity	According to the State of Food Security and Nutrition in the World report, up to an estimated 733 million individuals globally experienced malnutrition in 2023, highlighting the crisis of hunger and food insecurity. The report also noted that due to rising food prices and increasing income inequality, ~2.8 Billion people were unable to afford a healthy diet. Recognising its role in supporting community health, the Company is committed to offering more accessible and affordable products to help combat malnutrition and promote well-being.	Malnutrition reduction programme focuses on improving the nutritional status of children, adolescents, women, pregnant women and lactating mothers.	**Positive-** This will improve lives of millions of people and in the long run enhance brand reputation.
5.	Business Ethics and Culture	Risk	Unethical conduct may lead to regulatory non-compliances and can cause financial or reputational impact on the Company.	All employees undergo regular training and are required to provide mandatory affirmation to the Code of Business Conduct.	**Negative –** Breach of the Code of Conduct may attract penalties and harm the brand reputation of the Company.

During the year, the Company made capital expenditure on various ESG initiatives such as adoption of renewable energy and installation of energy efficient equipments.

2. a. **Does the entity have procedures in place for sustainable sourcing? (Yes/No)**

   Yes, the Company has implemented a 'Sustainable Sourcing Policy' that sets out a structured approach to responsible procurement practices. By prioritizing local sourcing, the Company aims to reduce the environmental impact associated with the transportation and storage of raw materials.

   The Company has also established a comprehensive 'Supplier Code of Conduct' that articulates clear ESG expectations across multiple aspects including ethical business conduct, environmental sustainability, human rights, occupational health and safety, product quality and data privacy. Suppliers are required to maintain internal policies that align with these expectations and to take corrective actions based on the Company's audit recommendations, where necessary.

   To assess ESG compliance and promote continuous improvement, the Company conducts annual Supplier ESG Assessments. These assessments evaluate supplier performance in key areas such as energy efficiency, water conservation, waste management, GHG emissions, sustainable packaging and social responsibility. In line with its commitment to responsible sourcing, the Company does not produce or procure products containing Genetically Modified Organisms (GMOs).

   b. **If yes, what percentage of inputs were sourced sustainably?**

   During FY 2024-25, 97.7% of our procurement expenditure was spent on sourcing within India.

3. **Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for a. Plastics (including Packaging) b. E-Waste c. Hazardous Waste and d. Other Waste:**

   a. Plastics (including Packaging): To address the end-of-life impact of plastic packaging, the Company has implemented Extended Producer Responsibility (EPR) program across its India operations. We currently engage with five waste management agencies to ensure responsible recovery and processing of post-consumer plastic waste, in line with regulatory requirements.

   b. E-Waste: The E-waste generated from the manufacturing facilities is safely collected, stored and disposed to authorized recyclers/refurbishers.

   c. Hazardous Waste: The Hazardous waste generated from the manufacturing facilities is safely collected, stored in a dedicated location and disposed to authorized recyclers/TSDF (Treatment, Storage, and Disposal Facilities) agencies.

   d. Other Waste: The other waste such as non-hazardous solid waste generated from the manufacturing facilities is separated based on its characteristics and is collected, stored in a dedicated location and disposed to authorized agencies.

4. **Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes/No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same:**

   Yes, EPR is applicable to the Company's activities. The Company continues to be a plastic neutral for the 4th consecutive year in FY 2024-25 and has collected and responsibly processed ~47,000 tonnes of plastic (>100% of plastic used by the Company in India).

   The Company is committed to be 100% EPR compliant and to further reduce the virgin plastic consumption across its supply chain.

LEADERSHIP INDICATORS

1. **Has the entity conducted Life Cycle Perspective/Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details as prescribed:**

   Not Applicable, given the nature of the Company's products.

2. **If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products/services, as identified in the Life Cycle Perspective/Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same:**

   Not Applicable.

3. **Percentage of Recycled or Re-used input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry):**

Indicate input material	Recycled or Re-used input material to total material	
	FY 2024-25	FY 2023-24
Final product not meeting shape/size criteria	2.76%	2.11%

4. **Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) re-used, recycled and safely disposed are given below:**

   The Company has collected and responsibly processed ~47,000 tonnes of plastic waste during FY 2024-25 and ~45,000 tonnes of plastic waste during FY 2023-24. The amount of plastic processed exceeded the amount of plastic used by the Company during the year, enabling it to sustain its plastic neutrality status for the 4th consecutive year.

   Further, in FY 2024-25, 7,871.08 MT of damaged, unsold or expired products were collected and sold to scrap vendors.

5. **Reclaimed products and their packaging materials (as percentage of products sold) for each product category:**

   Not Applicable.

10. **Health and Safety Management System:**

a. **Whether an occupational health and safety management system has been implemented by the entity? (Yes/No). If yes, the coverage of such system?**

Yes, the Company has implemented a comprehensive Occupational Health and Safety ('OHS') Management System across all its manufacturing sites in India, with 17 out of 20 factories certified to ISO 45001:2018 Standards. Employee Health and Safety are treated as a top priority under the Company's EHS Policy, which fosters a "Zero Accident" culture through continuous safety training and rigorous monitoring. In accordance with ISO 45001 requirements, the manufacturing units have established a robust Hazard Identification and Risk Control framework, supported by regular audits and the systematic tracking of key safety performance indicators.

b. **What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?**

OHS risks are identified through hazard identification and identified risks are then prioritized and integrated into action plans with quantified targets to address the risks. The Company regularly evaluates the progress in reducing or preventing the risks against the identified targets. In addition to this, appropriate mechanisms to report unsafe acts/conditions and near misses have been established to prevent accident at workplace. The Company also tracks safety performance through certain KPIs like Lost Time Injury ('LTI'), Medical Treatment Cases ('MTC') and Total Recordable Accident Frequency Rate ('TRAFR'). TRAFR is a more comprehensive measure compared to Lost Time Injury Frequency Rate ('LTIFR') as it records the rate of not only LTIs, but includes MTCs as well.

c. **Whether the Company have processes for workers to report the work related hazards and to remove themselves from such risks? (Y/N)**

Yes, the Company strongly encourages employee participation in EHS aspects such as unsafe act/condition, near miss reporting through workplace inspections, critical machine audits and process confirmation audits such as Lockout and Tagout ('LOTO') & Permit to Work ('PTW') systems.

Integrated EHS Maturity Assessment has been implemented at all factories through Britannia Self-Assessment Tool ('B-SAT') to identify material issues in the workplace. Through these assessments, all work-related injuries, ill health, diseases and incidents are investigated thoroughly. The Company is also focusing on behaviour based safety programs for all employees and providing coaching using planned-personal-contact techniques.

To improve employee participation, the Company also conduct monthly Theme-Based EHS campaigns like National Safety month, Fire Safety month, World Environment month, Slip-Trip-Fall month, etc. The Company also appreciates the active participation of employees and workers through its Reward & Recognition programs which are conducted periodically.

d. **Do the Employees/Workers of the entity have access to non-occupational medical and healthcare services?**

Yes, all of the Company's manufacturing facilities are equipped with Occupational Health Centers staffed by a certified treating doctor and full-time paramedic personnel, ensuring that Employees and Workers have access to both occupational and non-occupational medical treatment. In addition to these on-site services, the Company offers virtual doctor consultations to support the health and well-being of its workforce. Eligible personnel are covered under Employees' State Insurance (ESI) and company-sponsored medical insurance plans, guaranteeing access to comprehensive healthcare for work-related and non-work-related conditions. The Company also arranges annual health check-ups for all Workers and Employees.

11. **Details of safety related incidents are given below:**

Safety Incident/Number	Category (including contract workforce)	FY 2024-25	FY 2023-24
Lost Time Injury Frequency Rate (LTIFR) (per one million-person hours worked)	Employees	0.68*	0
	Workers		1.09
Total recordable work-related injuries	Employees	4	1
	Workers	36	42
No. of fatalities	Employees	0	1
	Workers	0	1
High consequence work-related injury or ill-health (excluding fatalities)	Employees	0	0
	Workers	0	0

* At Britannia, Employees and Workers are treated equally with respect to health and safety. All accidents are investigated and corrective measures are taken. Accident cases are consolidated and tracked through a common database.

12. **Describe the measures taken by the entity to ensure a safe and healthy workplace:**

Seventeen of the Company's manufacturing units are certified under ISO 45001 (International Organization for Standardization's Occupational Health and Safety Management System Standard), reflecting a structured approach to managing occupational health and safety risks and demonstrating a strong commitment to workplace safety.

A comprehensive Risk Control Framework is employed to systematically identify, assess and mitigate hazards across all operations, supporting the EHS policy's objective of fostering a "Zero Accident" culture.

Proactive risk management is reinforced by regular safety audits and inspections, while safety performance is monitored monthly using key indicators such as Lost Time Injury (LTI), Medical Treatment Case (MTC) and Total Recordable Accident Frequency Rate (TRAFR).

Additionally, the Company's Central Medical Council oversees Employee health and hygiene initiatives to promote overall well-being.

4. **Does the entity provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/No):**

Britannia actively cultivates an inclusive workplace that fosters an ownership mindset, empowers employees, drives innovation and strengthens capabilities, thereby offering a wide spectrum of professional experiences. The Company also conducts comprehensive well-being sessions covering physical, emotional, financial and social health to bolster workforce employability and facilitate seamless transitions to new opportunities when desired. In addition, Britannia provides pension schemes and post-retirement benefits to support its employees' long-term financial security.

5. **Details on assessment of value chain partners:**

Particulars	% of value chain partners (by value of business done with such partners) that were assessed
Health and Safety Practices	In FY 2024-25, the Company carried out a Supplier ESG Assessment for 479 vendors, representing 78% of its total procurement expenditure, based on supplier self-declarations. In the previous year, 453 suppliers were evaluated, accounting for 87% of spend; this year's reduced coverage reflects a deliberate focus on suppliers with manufacturing operations, since the ESG questionnaire was not fully suitable for trading partners. The 'Employee Health and Wellbeing' section of the assessment addresses occupational health and safety matters, including incident reporting.
Working Conditions	

6. **Provide details of any corrective actions taken or underway to address significant risks/concerns arising from assessments of health and safety practices and working conditions of value chain partners:**

The Company collaborates with identified critical suppliers to co-develop and implement action plans aimed at enhancing their ESG performance.

PRINCIPLE 4

Businesses should respect the interests of and be responsive to all its Stakeholders

ESSENTIAL INDICATORS

1. **Describe the processes for identifying key Stakeholder Groups of the entity:**

   The Company has identified its key Stakeholder Groups, both internal and external, based on two main criteria:

   a. The impact that Stakeholders have on the value the Company creates; and

   b. The impact of the Company's business operations on its Stakeholders.

   These key Stakeholders include Employees, Shareholders, Consumers, Investors, Communities, Suppliers and Vendors. To ensure their concerns and priorities are fully understood, the Company has established multiple communication channels that facilitate open discussions on the issues most critical to each group. By engaging Stakeholders in this way, the Company is able to create shared value and make a positive contribution towards building a sustainable society.

2. **List Stakeholder Groups identified as key for your entity and the frequency of engagement with each Stakeholder Group:**

LEADERSHIP INDICATORS

1. **Provide the processes for consultation between Stakeholders and the Board on Economic, Environmental and Social topics or if consultation is delegated, how is feedback from such consultations provided to the Board:**

   Britannia understands that a robust Stakeholder engagement process is vital for achieving sustainable and inclusive growth. The Company has formed various Board and Management Committees to guide engagement on Economic, Environmental and Social fronts. In addition, multiple communication channels such as Investor Meets, Shareholders' Meetings, Press Conferences, the Consumer Care Cell, Feedback Mechanisms, Surveys, Chatbots and Email facilitate regular, Two-way Interactions with all Stakeholder Groups.

2. **Whether Stakeholder consultation is used to support the identification and management of environmental and social topics (Yes/No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity:**

   Yes, Stakeholder Consultation is used to support the identification and management of environmental and social issues at the Company. Open communication channels with all Stakeholder Groups ensure ongoing dialogue and are supported by scheduled interactions.

   During the materiality assessment, key ESG issues were identified through direct engagement with Stakeholders. By incorporating feedback from both internal and external participants, the Company is able to determine the priorities that are most critical to its success.

3. **Provide details of instances of engagement with and actions taken to, address the concerns of vulnerable/ marginalized Stakeholder Groups:**

Britannia recognizes its responsibility as a corporate citizen and has launched multiple initiatives to enhance health outcomes for vulnerable and marginalized communities by investing in medical infrastructure and strengthening community nutrition.

Britannia Nutrition Foundation ('BNF') has implemented programs to combat malnutrition among children, adolescents, preganant women and lactating mothers with a particular emphasis on preventing and managing undernutrition and iron-deficiency anaemia. Adopting an inclusive, holistic methodology, these initiatives tackle root causes such as limited awareness of health, hygiene and nutrition, as well as inadequate access to essential services. A baseline survey of children aged 0–5 years, conducted in accordance with World Health Organization growth standards, identified cases of moderate and severe acute malnutrition.

In order to treat identified cases and protect other children from malnutrition, interventions address not only individual beneficiaries but also the wider environment in which they develop, with the aim of breaking the intergenerational cycle of undernutrition. The nutrition package includes education on maternal diet and care during pregnancy and lactation, guidance on complementary feeding practices, support for creating nutrition gardens, provision of fortified foods and regular growth monitoring. Additional activities such as health camps, distribution of water and hygiene kits and capacity-building workshops for Anganwadi and Accredited Social Health Activist (ASHA) workers further enhance service quality and expand reach, fostering sustained improvements in community nutritional outcomes.

b. **Gross wages paid to females as % of total wages paid by the entity:**

Particulars	FY 2024-25	FY 2023-24
Gross wages paid to females as a % of total wages	26.06%	26.50%

4. **Do you have a focal point (Individual/Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No):**

Yes, the Company has established a comprehensive Human Rights Policy that applies to all internal and external Stakeholders, including Employees, Vendors, Contractors and Business Partners. The policy is regularly reviewed and enforced by various Management Committees as well as Board-level committees to ensure that human rights concerns are promptly identified and effectively addressed.

5. **Describe the internal mechanisms in place to redress grievances related to human rights issues:**

Respect for human rights is deeply integrated into Britannia's culture, operational practices and core values. Stakeholders may raise human rights concerns or grievances with their Direct Manager, Principal Manager or the Compliance Officer. The Company's policies provide multiple redressal mechanisms, including a dedicated web portal, designated Email Ids and Contact Details to ensure that complaints are received and addressed effectively.

6. **Number of Complaints on the following made by Employees and Workers:**

Category	FY 2024-25			FY 2023-24		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks

7. **Complaints filed under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 are given below:**

Particulars	FY 2024-25	FY 2023-24
Total Complaints reported under Sexual Harassment on of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ('POSH')	7	8
Complaints on POSH as a % of Female Employees/Workers	0.08%	0.08%
Complaints on POSH upheld	7	8

8. **Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases:**

The Company believes in providing equal opportunity and has zero tolerance towards any kind of discrimination on the basis of age, gender, religion or other factors. The Code of Business Conduct and Anti-Sexual Harassment Policy of the Company provides adequate mechanisms for redressal of complaints of harassment without fear or threat of reprisals in any form or manner to all employees irrespective of their gender and sexuality.

The Whistle Blower Policy provides vigil mechanism for Directors and Employees to voice their concerns in a responsible and effective manner regarding unethical behaviour, actual or suspected fraud or violation of the Company's Code of Conduct. It also provides adequate safeguards against victimization of Directors and Employees who avail the mechanism.

9. **Do human rights requirements form part of your business agreements and contracts? (Yes/No):**

Yes, all the business agreements require compliance with applicable laws including labour laws by suppliers and business partners. Further, the Company obtains declarations from all suppliers regarding the prohibition of child labour, forced or involuntary labour and anti-discrimination and also encourages suppliers to follow fair wage and overtime pay regulations.

10. **Assessments of the Year:**

Particulars	% of Plants and Offices that were assessed (by Entity or Statutory Authorities or Third Parties)*
Child Labour	100%
Forced/Involuntary Labour	100%
Sexual Harassment	100%
Discrimination at Workplace	100%
Wages	100%

*Assessment was carried out by the Company.

11. **Provide details of any corrective actions taken or underway to address significant risks/concerns arising from the assessments at Question 10 above:**

The Company did not find any significant risks or concerns arising from the assessments conducted.

LEADERSHIP INDICATORS

1. **Details of a business process being modified/introduced as a result of addressing human rights grievances/complaints:**

   There were no instances of any human rights grievances/complaints requiring any change in the Company's business processes.

2. **Details of the scope and coverage of any Human rights due-diligence conducted:**

   The Company constantly reviews its Human Rights Policy and conducts due diligence as and when required.

3. **Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?**

   Yes, your Company's premises/offices are accessible to Persons with Disabilities, as per the requirements of the Rights of Persons with Disabilities Act, 2016. The Company provides wheelchair and evacuation chair at its Premises/Offices.

4. **Details on assessment of value chain partners:**

Particulars	% of value chain partners (by value of business done with such partners) that were assessed
Sexual Harassment	In FY 2024-25, the Company conducted a Supplier ESG Assessment of 479 suppliers, representing 78% of its total procurement spend, based on supplier self-declarations. In the previous year, 453 suppliers were evaluated, accounting for 87% of spend. The lower coverage this year reflects a deliberate focus on suppliers with manufacturing operations, as the ESG questionnaire was not fully applicable to trading partners. The "Business Ethics, Governance and Diversity and Inclusion" section of the assessment addresses critical topics such as child labour, forced labour, discrimination, wages, working hours and sexual harassment.
Discrimination at Workplace	
Child Labour	
Forced/Involuntary Labour	
Wages	

5. **Provide details of any corrective actions taken or underway to address significant risks/concerns arising from the assessments at Question 4 above:**

   The Company is collaborating with identified critical suppliers to develop and implement action plans aimed at enhancing their ESG performance.

PRINCIPLE 6

Businesses should respect and make efforts to protect and restore the environment

ESSENTIAL INDICATORS

1. **Details of total energy consumption (in Joules or multiples) and energy intensity are given below:**

Parameter	Unit of Measurement	FY 2024-25	FY 2023-24
From renewable sources			
Total electricity consumption (A)	GJ	1,12,661	1,27,543

Energy intensity in terms of physical output	GJ/Ton of Production	2.92	2.95

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N). If yes, name of the external agency:

Yes, Reasonable Assurance of BRSR Core has been carried out by TÜV SÜD South Asia Private Limited.

2. **Does the entity have any sites/facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any:**

   Not Applicable.

3. **Details of the following disclosures related to water are given below:**

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency:

Yes, Reasonable Assurance of BRSR Core pertaining to above parameters for FY 2024-25 has been carried out by TÜV SÜD South Asia Private Limited.

5. **Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation:**

At all our manufacturing facilities, we ensure that no treated wastewater is discharged outside the factory premises. The treated water is either utilized for gardening and other suitable purposes within the factory.

However, in one of our UTC factories, due to local regulations, we are required to send a certain quantity of our primary treated effluent to a Common Effluent Treatment Plant (CETP) facility.

6. **Please provide details of air emissions (other than GHG emissions) by the entity:**

Currently air emissions are not monitored by the Company.

7. **Details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) and its intensity are given below:**

Parameter	Unit of Measurement	FY 2024-25	FY 2023-24
Total Scope 1 emissions (Break-up of the GHG into CO_2, CH_4, N_2O, HFCs, PFCs, SF_6, NF_3, if available)	Metric Tonnes of CO_2 equivalent	1,05,325	93,583
Total Scope 2 emissions (Break-up of the GHG into CO_2, CH_4, N_2O, HFCs, PFCs, SF_6, NF_3, if available)	Metric Tonnes of CO_2 equivalent	82,969	66,405

Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions/Revenue from operations adjusted for PPP)	Tonnes of CO_2 equivalent/USD	0.0000222	0.0000225
Total Scope 1 and Scope 2 emission intensity in terms of physical output	tCO_2e/Ton of production	0.216	0.207

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency:

Yes, Reasonable Assurance of BRSR Core has been carried out by TÜV SÜD South Asia Private Limited.

8. **Does the entity have any project related to reducing GHG emission? If yes, then provide details:**

The Company has entered into long-term Power Purchase Agreements (PPAs) to procure solar and wind energy for few of its manufacturing facilities across India. Additionally, biomass is utilized at Perundurai, Khordha and Ranjangaon units. The Company aims to further increase its renewable energy consumption through captive generation, open access sourcing and additional PPAs:

During the year, energy conservation initiatives led to an estimated savings of ~18,497 GJ, avoiding ~2,253 tCO_2e emmission across our India operations.

9. **Details related to waste management by the entity are given below:**

Yes, Reasonable Assurance of BRSR Core has been carried out by TÜV SÜD South Asia Private Limited.

10. **Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by the company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes:**

    Food waste is a significant concern in the industry and the Company has undertaken various initiatives to optimize operational processes and reduce waste generation. To minimize raw material wastage, bulk handling systems have been integrated within the supply chain.

    To reduce food losses, the Company monitors products' freshness post-manufacture and at warehouse locations using a Freshness Index.

    Waste generated is classified based on its characteristics into Hazardous and Non-Hazardous categories and appropriate disposal practices are followed in accordance with applicable regulations. All Hazardous waste is disposed off as per the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016, while Non-Hazardous waste is routed for further processing or recycling.

11. **If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals/clearances are required:**

    Not Applicable as the Company does not have operations or offices in/around ecologically sensitive areas.

12. **Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:**

    Not Applicable.

13. **Is the entity compliant with the applicable environmental law/regulations/guidelines in India; such as, the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances:**

    Yes, the Company is fully compliant with all applicable environmental laws/regulations/guidelines in India.

LEADERSHIP INDICATORS

1. **Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):**

    The details of the facility/plant located in water stress areas are given below:

    i. Name of the area: Hajipur, Bihar

    ii. Nature of operations: Manufacturing

    iii. Details of water withdrawal, consumption and discharge are as follows:

Parameter	Unit of Measurement	FY 2024-25	FY 2023-24
Water withdrawal by source			
(i) Surface water	kL	-	-
(ii) Groundwater	kL	27,671	29,897

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency:

No.

2. **Details of total Scope 3 emissions and its intensity are given below:**

Parameter	Unit of Measurement	FY 2024-25	FY 2023-24
Total Scope 3 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	Metric tonnes of CO2 equivalent	40,18,960	40,15,427*
Total Scope 3 emissions per rupee of turnover	Metric tonnes of CO2 equivalent per INR	0.0000232	0.0000248*

*Due to a correction in the Emission Factor applied in the earlier calculation, the FY 2023-24 Emissions data has been restated.

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency:

No.

3. **With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct and indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities:**

Not Applicable.

4. **If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions/effluent discharge/waste generated, please provide details of the same as well as outcome of such initiatives:**

While increasing the share of Renewable energy sources for the operations, the Company continuously explore opportunities to transform its processes and adopt innovative, cutting-edge technologies to enhance energy efficiencies. This approach helps the Company to reduce the use of non-renewable fuel and electricity, effectively managing its carbon footprint.

5. **Does the entity have a business continuity and disaster management plan? Give details in 100 words/web link:**

Yes, the Company has established a Business Continuity and Crisis Management Plan that outlines the framework and procedures to be followed in the event of any operational disruptions.

6. **Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?**

No, there are no significant adverse impacts arising from the value chain.

7. **Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts:**

In FY 2024-25, the Company conducted a Supplier ESG Assessment covering 479 suppliers, contributing 78% of the total procurement spend. The assessment was based on supplier self-declarations. In comparison, during the previous year, 453 suppliers were assessed, contributing for 87% of the procurement spend. The lower coverage in the current year was a conscious decision, as the assessment was limited to suppliers with manufacturing operations as the ESG questionnaire was not fully applicable to trading entities.

The Supplier ESG Assessment evaluates suppliers on various parameters, including energy and water management, waste handling, sustainable packaging practices, biodiversity protection and other key environmental and social indicators.

8. **How many Green Credits have been generated or procured:**

a. **By the Listed Entity:**

During the Reporting Period, no Green Credits were generated or procured by the Company.

b. **By the Top Ten (in terms of value of purchases and sales, respectively) Value Chain Partners:**

At present, the Company does not capture data on Green Credits generated or procured by its value chain partners, as this is not the part of its current assessment process. However, the Company will explore incorporating this disclosure into its future ESG assessments.

PRINCIPLE 7

Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

ESSENTIAL INDICATORS

1. **Number of affiliations with trade and industry chambers/associations and list of top 10 trade and industry chambers/ associations (determined based on the total members of such a body) the entity is a member of/affiliated to:**

Sl.	Name of the Trade and Industry Chambers/Associations	Reach of Trade and Industry Chambers/Associations (State/National)
1.	Bangalore Chamber of Industry and Commerce	State
2.	Sidcul Entrepreneur Welfare Society	State
3.	Confederation of Indian Industry (CII)	National
