Hence the total water consumption has been calculated by multiplying the number of employees by the stipulated 25 litres per head per working day.*
- *Last year's Water consumption was taken as equivalent to withdrawal calculated by considering 45 litres per head per working day.*
- *Water intensity per rupee crore of turnover adjusted for Purchasing Power Parity (PPP) has been recalculated for FY 2024.Last year it was reported without adjusting for conversion factor. For the purpose of calculation of intensity adjusted Purchasing Power parity (PPP), conversion factor@ 20.66/USD as per OECD has been considered for FY 2025 and FY 2024 also.*

1. **Describe the mechanisms in place to receive and respond to consumer complaints and feedback.**

- State Bank of India (SBI) has established a comprehensive framework to ensure seamless handling of customer complaints and feedback, guided by its Customer Rights, Grievance Redressal and Compensation Policy. This policy, aligned with Reserve Bank of India (RBI) regulations, outlines customer rights and the Bank's responsibilities across all branches and offices in India. It covers all products and services, whether delivered in-person, over the phone, by post, via electronic devices, online or through any other channel.
- SBI offers multiple avenues for customers to raise grievances, provide feedback or offer suggestions, ensuring accessibility and convenience. Customers can reach out through the 24/7/365 Contact Centre, which is equipped with IVR, toll-free numbers and support in Hindi, English and 13 regional languages. Complaints and feedback can also be lodged online via the Bank's website through the Customer Request and Complaint Form (CRCF), Internet Banking (INB), mobile banking apps or designated email IDs published on the website.
- For those preferring in-person options, customers can submit written complaints at any branch, office or the Customer Experience Enhancement Department (CEED) at the Corporate Office, with complaint books available at all branches for registering grievances or feedback.
- Additionally, an innovative QR code-based system at branches allows customers and non-customers to instantly share feedback on services, independent of transactions. All complaints and feedback are systematically captured in the bank's CRM portal, ensuring efficient tracking and resolution.
- The Bank adheres to a Standard Operating Procedure under the Banking Ombudsman Scheme, escalating partially or fully rejected complaints to the Internal Ombudsman, as mandated by the RBI. Customers are informed of resolutions via SMS or email and can rate the quality of grievance redressal through the CRCF page, Contact Centre or feedback surveys such as NPS, CSAT and CES sent post-resolution.
- To enhance customer engagement, SBI has introduced centralised calling through its Contact Centre, reaching out to customers who provide poor feedback via the Net Promoter Score (NPS) system to address pain points. Detailed CRM reports help analyse low ratings and initiate corrective actions. The Bank is committed to continuously improving customer experience and has engaged an external agency to conduct incognito visits across 3,100+ branches to assess service quality, with the report expected to provide actionable insights for further enhancement.
