26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Greenhouse Gas Emission	Risk	The company has in-house foundry which carries intensive emission processes and increases carbon footprint. Failure to reduce carbon emission could impact on the company's reputation and brand image.	We utilise electricity and Piped Natural Gas (PNG), both of which are cleaner sources of energy that contribute to reduced carbon emissions. We have installed Air Pollution Control Measures (APCM) in our foundry. This includes dust collectors and cyclones, which are highly effective in capturing and reducing particulate matter and other pollutants.	Negative: Compliance and Remediation Cost.
2	Waste Management	Risk	Waste is generated across all manufacturing shops / divisions. This waste may be hazardous or nonhazardous. Lack of waste management reflects operational inefficiency and may hinder operations.	Hazardous waste is discharged through certified vendors. Nonhazardous waste is being reused in production or being sold out.	Negative: Compliance and Remediation Cost.
3	Health & Safety	Risk	Workplace accidents and unsafe working environment lead to rise in liability and employee downtime which affect production and productivity.	Strengthening safety protocol, safety training and investing in safety tools & equipments.	Negative: Non-Compliance Cost. Position: Increase Production and Productivity.
4	Product Quality, Performance and Customer Management	Opportunity	Quality and Performance is prime focus for any product. Substandard or poor quality or performance of product raises dissatisfaction or dislike amongst customers and company cannot retain its existing customers or sustain its business in the long run.	Improves its product performance through an in-house research facility.	Positive: Increased Customer Satisfaction, Brand Value and loyalty.
5	Research & Development, Innovation, customisation	Opportunity	Company operates in a highly technical sensitive market where innovation in technology is a constant process. Failure to offer innovative and technically competitive products will lead to loss of customer and market. On other hand, offering innovative, customised products not only retains and sustains customers but also increases customer confidence in their own business and ventures.	The company has an In-house Research & Development Facility and has a wide product basket encompassing more than 200+ variants. These in combo enable the company to leverage its infrastructure and offer customers / a variety of solutions to its customers across different segments.	Positive: Innovative and Customised Products can be offered to Customer.

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
6	Employees' well-being & development	Risk & Opportunity	The company has a vertically integrated Manufacturing facility and having large basket of products developed to cater needs of all kinds of manufacturing operations across various end user industries. In the absence of personal development, self-motivation and team spirit amongst employees, Company could not grow and sustain its business operation in long run. On other hand, self-motivated team having a team spirit not only make growth & development but bring satisfaction amongst stakeholders in their relationship with company.	A company treats its employee as its assets and so successful in building self-motivated energetic team tend to have team spirit. For wellbeing & development of employees, company provides many facilities and undertake activities like healthy food, clean & healthy work environment, sports & cultural activities, personal and professional development program me, etc.	Overall Growth of Company and boost employee morale. (Benefits cannot be measured in financial terms)
