SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1: Ethics, Transparency and Accountability

1. Does the policy relating to ethics, bribery and corruption cover only the Company? Yes/ No. Does it extend to the Group/ Joint Ventures/ Suppliers/Contractors/NGOs /Others?

The Nestlé India Code of Business Conduct includes the Company's policy on ethics, bribery and corruption covering the Company and all its vendors. Other significant documents from the Nestlé Group, which define the standard of behaviour of the Company, are *Nestlé Corporate Business Principles*, *Nestlé Purpose and Values* and *Nestlé Responsible Sourcing Standard*.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

During the year, two complaints were received from the external stakeholders on the allegations of bribery and corruption. Both the complaints were investigated and consequential action taken. No stakeholder complaint was pending at the end of the year 2021.

Principle 2: Product Life Cycle Sustainability

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities

The Company has a legacy of providing consumers with high quality products under four major categories - Milk Products and Nutrition, Beverages, Prepared Dishes and Cooking Aids, Chocolates and Confectionary. The Company has a range of Popularly Positioned Products (PPP) fortified with micronutrients which provide nutritional value at an affordable cost. These include the following among others:

- MAGGI Masala Noodles is fortified with the goodness of Iron. Each serve (60g & 70g) meets 17% Iron RDA* for adults and 15% Iron RDA* for 16-17 year old teenagers (ICMR, 2020). MAGGI Masala Noodles (serve size-75g) provides 18% Iron RDA* for adults and 16% Iron RDA* for teenagers. (*Recommended Dietary Allowances for Indians, ICMR, 2020).
- MAGGI Masala-ae-Magic Seasoning mix and Masala-vin-Magic is designed to help increase the consumption of nutrients like vitamin A, iron & iodine in an easy and tasty way. The product is an economically viable option that can be used at household level to help in home fortification of daily consumed foods like vegetables, dal and non-vegetarian preparations. Its easy to use format helps (per serve of 2g) provide 15% of the daily requirement* of Vitamin A, Iron and Iodine (*Recommended Dietary Allowances for Adult Sedentary Male as per Nutrient requirement and recommended daily allowance for Indians, ICMR, 2010).
- Nestlé a+ Nourish Milk fortified with vitamin A & D. This milk undergoes 61 quality checks and is passed through a unique flash heat treatment that makes the milk germ-free and preserves its nutrients. 1 glass (180 ml) helps meet 8% RDA* of Vitamin A & 9% RDA* of Vitamin D. (*Recommended Dietary Allowances for Adult Sedentary Male as per Nutrient requirement and recommended daily allowance for Indians, ICMR, 2010).

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

- (a) Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain? and
- (b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?

The Company follows a series of Environmental Performance Indicators to monitor its efforts for sustainable use of natural resources in manufacturing. The Company is committed to conservation and optimal utilisation of all resources, reducing waste to zero and full recovery of unavoidable by-products.

During the period from 2006 to 2021, for every ton of production, the Company has reduced the usage of energy by around 43%, water usage by around 52%, generation of waste water by around 67%, reduction in specific direct greenhouse gas emissions by 57%.

3. Does the Company have procedures in place for sustainable sourcing (including transportation)? If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

The Company chooses its suppliers through strictly laid out procedures and engages with them according to the non-negotiable standards described in the *Nestlé Responsible Sourcing Standard*. The requirements of Business Integrity, Human Rights (labour standards), Health and Safety and Sustainable environmental standards in their business activities, production processes, services provision and their own purchasing procedures, as enshrined in the *Nestlé Responsible Sourcing Standard*, apply to all suppliers.

4. Has the Company taken any steps to procure goods and services from local and small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The Company works with farming communities to ensure sustainable production in the long-term. The Company touches the lives of over 200,000 farmers and practices a strong preference for local procurement of raw materials. In addition to collecting milk and implementing the Nestlé milk district model successfully to ensure a stable livelihood for local dairy farmers, the Company supports the development of milk farmers by assisting them to improve milk productivity and quality through technical assistance, providing veterinary services, medicines at no profit basis and promotion of sustainable agricultural practices. During the challenging time of COVID-19, the Company continued to procure milk which was offered for sale by dairy farmers even during the lockdown. Social distancing and precautionary measures are followed during milk collection. The Company engaged with over 150 milk tank drivers for creating awareness on:

- Maintaining social distancing at collection centers and while delivering milk inside the factory.
- Wearing masks while driving, at collection centers and while emptying tankers at factory premises.
- Washing hands before handling milk.

As part of The NESCAFÉ Plan, the Company trains coffee farmers to develop their agricultural practices in terms of quality, productivity and sustainability while supporting them in obtaining 4C (Common Code for the Coffee Community) certification for better coffee prices. The NESCAFÉ Plan sets out to bring about a positive and sustained change in:

- The livelihood of coffee farmers and their families.
- The sustainable management of landscapes linked to the value chain.
- Enhanced biodiversity in coffee farms with intercropping.

The NESCAFÉ Plan has three platforms, connecting to farmers, connecting to communities and connecting to the planet, with the objective of ensuring the future of high quality coffee, to remain available and affordable today and in the future. During the COVID-19 pandemic, farmer engagements were continued virtually where on-line soil fertility trainings were conducted by Nestlé agronomists. The Company in collaboration with the Indian Institute of Spices Research (IISR) and Agricultural Universities conducted virtual trainings on intercropping and composting using Coffee Husk. Till 2021, the Company reached out to around 4,400 farmers through trainings, technical assistance, medical camp, soil test activities.

As a part of The MAGGI Spice Plan, the Company is now sourcing 8 key spices from suppliers with “Backward Integration Programs” (BIP) in place (farmer monitoring, focused on practices to ensure MRL compliance-food safety). Supplier BIP includes field extension support for integrated pest management (IPM) programmes of participating farmers e.g., daily/ weekly visits to farmer fields and data gathering. This provides a good foundation for effective action. The Company suppliers are key partners in developing responsibly sourced supply chains of spices.

The Company has a dedicated supplier development team that works through the Nestlé – Farmer – Supplier model to create sustainable local sourcing. The team’s objectives include less reliance on imports, supporting sustainable quality and creating a wider, more flexible supply base. In 2021, the Company supported more than 60 suppliers through technical assistance, added 19 new suppliers/ supplier locations and localized 8 more raw materials. The team also works on developing local vendors through technical assistance to meet the desired quality/ regulatory norms for supply to other Nestlé markets.

5. Does the Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%)? Also, provide details thereof, in about 50 words or so.

As a responsible manufacturer of food products, the Company has initiated post-consumer waste management projects

with waste management service providers as a part of Extended Producer Responsibility (EPR) to collect, segregate and recycle/recover waste in a sustainable way. This initiative not only ensures compliance to “Plastic Waste Management Rules’ 2016”, as amended in 2018 but also facilitates reinforcement of positive attitude and behaviour towards responsible waste disposal through consumer awareness. All the packaging carries anti-litter logo for consumer awareness. For easy segregation and recycling, packaging identification logo is placed on the plastic based packaging material.

The Company follows 3R’s principles i.e. ‘Reduce’, ‘Recycle’ and Recover to be environmentally sustainable:

1. **REDUCE:** The Company ensures continuous optimization of packaging by source reduction, ecodesign and value engineering. The Company launched RTD tetrapaks with paper straw replacing plastic straw for the first time in the market.
2. **RECYCLE:** The Company encourages the use of recycled material wherever applicable e.g., 100% recycled paper in shippers. The Company successfully expanded the monomaterial journey in flexible packaging for Noodles and Chocolates.
3. **RECOVER:** The Company supports initiatives to recover used packaging. This year the Company responsibly managed approximate 23,600 Metric tonnes of post-consumer plastic packaging waste as a part of our commitment as Extended Producers’ Responsibility.

2. Out of the above, has the Company identified the disadvantaged, vulnerable & marginalized stakeholders?

Yes.

3. Are there any special initiatives taken by the Company to engage with the disadvantaged, vulnerable and marginalized stakeholders?

The Company engages with milk and coffee farmers, among others, through farmer trainings to increase efficiency in productivity and quality, optimise costs and improve social and environmental impact thereby ensuring agriculture remains an attractive place to live, work and invest in, for generations to come. Over the years, the Company has reached out to over 70,000 women farmers engaged in dairy farming to improve milk quality and productivity by providing technical assistance and training on breeding, feeding, hygiene, quality and veterinary services.

The Company stepped up to help those in need during the pandemic, with initiatives that focused on safeguarding the wellbeing of community. Primary beneficiaries of the relief efforts include vulnerable communities such as street vendors, Mumbai dabbawallas, migrant laborers, daily wagers, people with disabilities, waste professionals, slum dwellers etc. The Company is making conscious efforts to reduce the impact of the COVID-19 pandemic on the food security of migrant workers and daily wagers by distributing cooked meals, grocery kits.

Feeding Meals: Your Company committed funds towards feeding programs for less privileged sections of society through participation with NGOs engaged in this along with distribution of essential groceries to the needy. Till end 2021, the Company has contributed to Akshaya Patra's COVID-19 relief operations, which has helped serve over 4.4 million cooked meals.

Distribution of dry rations: Your Company is providing dry rations in communities where required. The Company engaged with the Indian Association for the Blind, Save the Children India, Bosconet, Indian Jaycees Charitable Trust, Stree Mukti Sanghatana and Cheshire Disability Trust for providing ration kits to the needy. We also collaborated with NIDAN to provide ration kits to distressed street vendors. Through our Project Hildaari and in collaboration with local stakeholders we have reached out to waste professionals in the select towns and enabled them to face the crisis by providing essentials, creating awareness and equipping them with safety gears. Till 2021, about 124,500 grocery kits have been provided.
