26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Regulatory and Legal Compliance	Risk	Risk- The risk of non-compliance exposes the organization to legal penalties and financial losses resulting from failure to comply with industry laws and regulations. Failure to adhere to the laws would directly affect the company's revenue, and valuations and could lead to a loss of reputation and business opportunities. More compliant companies tend to have improved performances and better process efficiency. Compliance gives assurance and provides a broader insight to the investors.	Strong oversight over the company's compliance regularly. PFC has a Fair Practice Code, whistle-blower, vigilance and fraud risk management policies in place and adherence to all the applicable laws and regulations to safeguard the interests of the investors and other stakeholders.	Negative- Non-compliance would lead to loss of reputation and consequently affect the business activities.
2	Low Carbon Financing	Opportunity	The company's integration of environmental, social, and governance considerations into its lending practices presents an opportunity to support environmentally friendly activities and finance sustainable initiatives, driving positive change and fostering long-term growth.	In order to promote the development of the renewable energy sector multiple initiatives like lower interest rates, additional rebates, higher extent of funding etc. are undertaken for financing of renewable energy projects.	Positive: This enhances the company's reputation, attracts investors, offers a competitive edge and fosters long-term value creation.
3	Data Security and Data Privacy	Risk	The risk of a data breach poses a threat to the exposure of our customer's personally identifiable information, which in turn impacts our business relationship with them. This potential breach jeopardizes the confidentiality, integrity and security of sensitive customer data, potentially leading to breaches of trust and damaging our reputation.	PFC has developed a comprehensive cyber security framework to safeguard its IT assets, PFC has taken substantial initiatives to augment the cyber security arrangements. PFC has implemented Anti-APT Devices, Next-Generation Firewall, IPv6 for increased cybersecurity posture and also inducted Managed Detection & Response Services for proactive cyber security protection. As per the guidelines of the Ministry of Power, the "Cyber Jagrukta Diwas" is being conducted every first Wednesday of the month at PFC, contributing to a vigilant cyber-safe environment.	Negative: In the unfortunate case of a data breach, the company would experience adverse effects on its business operations. This could include disruptions to services, financial losses, damage to the company's reputation and erosion of customer trust. Additionally, such incidents would increase the risk of regulatory scrutiny and potential penalties from regulatory authorities.
4	Corporate Governance and Business Ethics	Risk	Adhering to business ethics underscores the company's dedication to promoting ethical behaviour and maintaining integrity in all its dealings. By prioritizing ethical conduct, the company aims to not only retain its existing customer base but also attract new customers to the company. Upholding these values fosters trust, strengthens relationships and reinforces the company's reputation as a responsible and trustworthy financial institution.	At PFC, we are committed to upholding the highest standards of transparency, accountability, and disclosure. As a publicly listed company, we adhere to a comprehensive framework of corporate governance frameworks and policies such as the Companies Act, 2013, SEBI's Listing Obligations & Disclosure Requirements Regulations, DPE Guidelines etc.	Negative: Unethical behaviour could directly impact the reputation of the company. It could also lead to loss of morale and employee productivity thereby affecting the top-line growth. By upholding ethical standards and treating both customers and employees with integrity and respect, the company cultivates a positive work environment and strengthens relationships with stakeholders.

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
5	Employee Health and Positive Work Environment	Opportunity	This boosts efficiency, reduces employee attrition, increases capabilities and creativity within the company and enhances diversity which in turn enhances customer experience.		Positive: A strong workforce with higher engagement, retention rate and diversity in the workforce brings new perspectives, experiences and ideas which enable innovation, enhance performance enable a positive culture in the organization and highlight the Company's efforts toward creating a conducive work environment.
6	ESG Governance and Board Oversight	Opportunity	Having an efficacious ESG oversight on the board level will augment the overall ESG performance and reflect the company's commitment to integrating responsible business practices within its growth model. Integrating ESG into the business practices would propel an enhanced risk management, governance, accountability reporting and decision-making. It would build the ability to identify and manage risks and opportunities related to environmental and social impact as well as build trust and transparency amongst investors and stakeholders.	To have a focussed approach towards ESG, a dedicated Environment, Social, and Governance (ESG) unit has been established. This centralised ESG unit will work in close collaboration with various stakeholders to chart the ESG course for PFC.	Positive: Leadership oversight on the ESG strategy, action plan, and performance fosters a positive impact on the environment and community. It also enables the Company to further embed robust monitoring mechanisms across ESG initiatives and business practices.

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If Yes, provide details of the same

Yes. The company has a code of business conduct and ethics that covers a variety of topics, including how to handle conflicts of interest for board members and senior management. A clear procedure that allows Directors to abstain from conversations involving conflicts of interest has been established to resolve these conflicts. Directors have a responsibility to carry out their responsibilities in an honest way and the best interests of the company.

They must carry out their duties free from outside interference that can impair their capacity to make independent, unbiased decisions, which are essential for the Company's success. Furthermore, it is forbidden for Directors to misuse their positions to directly or indirectly benefit themselves at the expense of the Company. The Board of Directors and senior management submit an annual declaration confirming their adherence to the Code of Conduct. The BoDs are also required to submit the annual declaration confirming their participation in other companies.

- Does the entity have procedures in place for sustainable sourcing? (Yes/No)**

Given the nature of the business, this is not applicable to the company. However, the Company follows the guidelines set forth by the Government of India (GoI) on procurement procedures and the reservations made for Micro, Small, and Medium-Sized Enterprises (MSMEs).

PFC aggressively encourages sourcing from MSME suppliers and the usage of the Government e-marketplace (GeM) platform for procurements. The company's defined Procurement Guidelines are followed in all material and service sourcing and procurement. PFC uses evaluation criteria that consider energy efficiency requirements when acquiring equipment, and star-rated items such as air conditioners, laptops, computers, and lighting fixtures are considered.

- If yes, what percentage of inputs were sourced sustainably?**

PFC has enforced obligatory procurement of common-use products and services through the GeM (Government e-Marketplace) site, giving preference to MSMEs and MII in accordance with government instructions.

The GeM site was used for 93.44 percent of all purchases of goods and services made in the fiscal year 2023-2024, with 69.82 percent of those purchases coming from MSMEs.

6. Is there a mechanism available to receive and redress grievances for the following categories of employees and worker? If yes, give details of the mechanism in brief.

Yes/No (If Yes, then give details of the mechanism in brief)	
Permanent Workers	Yes. The Company has a dedicated policy for handling grievances. The policy is available to employees on the Company intranet. It provides a 3-tier system which allows all permanent employees to escalate their grievances at multiple levels. At Stage - I, Grievances are resolved within a week. If grievances are not satisfactorily redressed, the grievance is resolved within 10 days of written representation in Stage II. If not satisfied with the outcome at Stage II, the aggrieved employee may appeal to a higher level. Decision is taken at Stage III within 1 month from the date of receipt of written representation. Additionally, there is a Whistle-blower Initiative (WI) that provides a formal platform to share grievances on various matters. Employees are informed about the details of the grievance mechanism and WI through a specific module, and new recruits are sensitized to the WI mechanism as part of their induction program. The company has a policy on the prevention, prohibition, and redressal of sexual harassment of women at the workplace and has an Internal Complaints Committee (ICC) in compliance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013. The ICC Members list is published on the Company's Notice Board of PFC. The company regularly sensitizes its employees on the prevention of sexual harassment at the workplace through training and awareness programs held regularly.

PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders

ESSENTIAL INDICATORS

1. Describe the processes for identifying key stakeholder groups of the entity:

PFC is aware that a variety of stakeholders are impacted by its operations, including consumers, authorities, competitors, business partners, and communities. The organisation thinks that building and sustaining solid, long-lasting relationships with these stakeholders requires open communication and genuine interaction. PFC learns about the direct and indirect effects of its operations on the social, environmental, and economic spheres by interacting with a variety of stakeholders. Stakeholder input, direction, and criticism allow PFC to function as a conscientious corporate citizen.

The organisation evaluates corporate plans and operations, identifies material challenges, and assesses services, and solutions through targeted, proactive interactions with different stakeholder groups. This strategy has a favourable impact on the external and internal surroundings while reducing the risk to one's reputation. The company's external and internal stakeholders have been mapped. Employees and staff of the company are considered internal stakeholders. External stakeholders include government bodies and regulatory authorities such as State Government(s), Reserve Bank of India, Ministry of Corporate Affairs, Securities and Exchange Board of India, Stock Exchanges, equity shareholders, bondholders, creditors, bankers, borrowers, and customers from the public and private sectors. PFC actively interacts with these stakeholders all year round using a variety of techniques.

8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

Since the company is a financial institution, the greenhouse gas emissions are negligible. Nonetheless, the business has taken several steps to lessen its indirect footprint because it is a conscientious entity dedicated to sustainability. By adopting green energy measures, PFC has shown that it is committed to environmental sustainability. The firm has also put in place a number of energy-saving strategies, such as using star-rated, energy-efficient equipment, which have drastically reduced power usage and, as a result, Scope 2 emissions. The corporation has implemented measures to enhance environmental consciousness and bolster the Government of India's "Green Initiatives." These include electronically informing shareholders via audited financial statements, notifications, and circulars. Additionally, the company has implemented an e-office file management system to make PFC a paperless organization.

To encourage and enable PFC to make use of this dynamic medium of interaction, a Framework and Guidelines for use of the Social Media have been formulated and duly approved by the Board. These guidelines would enable PFC to create and implement its strategy for the use of social media. The Framework and Guidelines in this document have been formulated to help PFC to make use of social media platforms to engage more meaningfully with its various stakeholders. Social media's characteristics of connectedness, collaboration and community have the potential of ensuring broad-based consultation and will help PFC reduce the gap while receiving immediate feedback on services delivered.

PFC facilitated a Shram daan/Cleanliness Drive at Shram Shakti Bhawan building and its surroundings during the observance of the Swachhta Pakhwada 2023. Similarly, on the occasion of World Environment Day 2023, PFC organised a plantation drive to administer a pledge to employees emphasising its commitment towards promoting environmental conservation under the Mission LiFE initiative.

PFC cultivated and leveraged sponsor relationships to access new opportunities, projects, and roles on various occasions. PFC has recently sanctioned financial assistance in the form of sponsorships to academic, cultural and sporting events such as its recent sponsorship Support towards the Confederation of Indian Industry's International Conference on Green Hydrogen 2023. The conference aimed to highlight the key applications, emerging landscape and opportunities, key technologies and prospects for manufacturing, cost economics etc. PFC also supported IIT Roorkee's "International Conference on Future of Water Resources. Today, there is an urgent need for policy action on water to shape a sustainable financial system. This was

because of academic development opportunities, strategic event planning, brand building and wide publicity benefits PFC had garnered across the delegates, officials and dignitaries.

Besides this, India showcased its innovative technologies and power generation practices, at the 26th World Energy Congress, which was held in Rotterdam, Netherlands. The India Pavilion at the Congress aimed to be a hub for showcasing innovative technologies and power generation practices, reinforcing India's commitment to environmental conservation on the global stage. Central Public Sector Enterprises under the Ministry of Power, Ministry of New & Renewable Energy, Ministry of Coal and Ministry of Petroleum & Natural Gas including PFC had participated in the India Pavilion, giving a collective testimony to India's leadership in global energy transition. Themed 'Redesigning Energy for People and Planet', the four-day gathering marked the World Energy Council's centenary in world energy.

PRINCIPLE 9 Businesses should engage with and provide value to their consumers in a responsible manner

ESSENTIAL INDICATORS

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

In order to reassure all of its borrowers of the company's dedication to fair dealing and transparency in its business dealings, PFC adheres to the Fair Practices Code (FPC) for its lending operations based on RBI principles. The Board of Directors checks that the Fair Practices Code is being followed on a regular basis. Regarding the Fair Practices Code, no complaints were filed during the fiscal year 2023-2024.

The Fair Practices Code may be accessed at https://pfcindia.com/ensite/DocumentRepository/ckfinder/files/Statutory_Requirements/Codes_and_Policies/Fair_Practices_Code/Fair%20Practice%20Code.pdf

Additionally, PFC has a system in place wherein customer feedback forms, covering topics such as the appropriateness of PFC goods and services, the time required for loan approval and execution, and the settlement of customer concerns, are sent to our borrowers and lenders regularly. After analysing and reviewing the input, any appropriate remedial action is implemented as needed.

2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:

As a percentage to total turnover

LEADERSHIP INDICATORS**1. Channels / Platforms where information on products and services of the entity can be accessed (provide web link, if available).**

The information pertaining to our products and services is available on the corporate web page- <https://pfcindia.com/ensite> In addition, we also use various digital and social media platforms for disseminating information related to our products and services

2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.

Continuous and contextual communication across the customer lifecycle through - press releases, regular customer engagements, company website, social media campaigns, use of video content, awareness campaigns, feature-based audio-visual content for ease of understanding, etc. have helped us to educate and create awareness amongst our customers and society at large.

3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services

PFC does indeed have a well-defined disaster management and recovery plan in place. The policy outlines the steps and protocols to guarantee that, in the case of disruptions or emergencies, users may always access IT operations and services. Located in a distinct seismic zone, the Disaster Recovery facility has been carefully activated (Mumbai). In the event of a disaster or cyber security crisis, PFC will be able to carry on with business as usual.

4. Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)

Being an NBFC that provides financial products, the company makes sure that its customers are provided with sufficient disclosures through loan agreements, documentation, and their corporate website.
