BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT (“BRSR”)

Pfizer Limited, (“the Company”) being a subsidiary of Pfizer Inc., USA, one of the world’s premier biopharmaceutical companies, understands the significance of our role in helping address healthcare challenges in India while upholding ethical standards and environmental stewardship. As Pfizer globally embarks on its 175th year of operations as one of the world’s most trusted and innovative healthcare companies, we are determined to outdo yesterday by remaining committed not only to advancing our Purpose, but to being a good corporate citizen.

We continue to stand by our commitment towards contributing to long-term value creation and a sustainable, responsible, and patient centric business model. Our focus is rooted in our purpose to deliver Breakthroughs that change patients’ lives through ethical decision-making and our core values — **Courage, Excellence, Equity, and Joy**.

This Business Responsibility and Sustainability Report (“BRSR”) for the financial year 2024-25 seeks to disclose our performance against the nine principles of the “National Guidelines on Responsible Business Conduct” (“NGRBC”). These nine principles are further divided in the BRSR into Essential Indicators and Leadership Indicators.

Further, for reporting purposes, we have developed certain methodologies and used certain assumptions, in line with the Guidance Note prescribed by the Securities and Exchange Board of India. These methodologies and assumptions will continue to be reviewed and refined as the regulatory framework governing BRSR evolves in India.

26. Overview of the entity’s material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

Our parent company Pfizer Inc. completed an assessment to identify priorities related to responsible business growth, in alignment with corporate strategy. As part of the process, Pfizer Inc. identified 30 key topics, which were mapped into six priority areas. These priority areas are aligned with our Parent Company’s Blueprint Strategy and are further incorporated into its Enterprise Risk Management (ERM) process. These six areas are consistent with our Values and our patient centered purpose.

In line with our Parent Company, Pfizer Limited has identified the following ESG priorities. Please see Pfizer’s enterprise Impact Report (https://cdn.pfizer.com/pfizercom/Pfizer_2024_Impact_Report-Performance_Data_02JUN2025.pdf) for enterprise-level information and description of Pfizer’s ESG priority areas. The information that follows is based on locally identified responsible business conduct issues.

S. No.	Material Issue Identified	Indicate whether Risk or Opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of Risk, approach to adapt or mitigate	Financial Implications of the risk or the opportunity (Negative/ Positive)
1.	Climate Change	Risk	At Pfizer, we are committed to reducing our environmental footprint, conserving resources, and reducing waste arising from our operations. We recognize that climate change poses significant risks to global health as well as to our business operations.	1. The Company, through its parent company, Pfizer Inc., aims to continue its near term commitment to reduce greenhouse gas (GHG) emissions by 46% compared to 2019 baseline, aligned with a 1.50C trajectory. Pfizer Inc. also aims to reduce GHG emissions by working to achieve the voluntary Net Zero Standard by 2040, 10 years earlier than the timeline prescribed in the standard. We aim to decrease GHG emissions by reducing the energy demand of our operations, transitioning away from fossil fuels, sourcing renewable electricity, and engaging suppliers to catalyze equivalent action. 2. Pfizer Limited installed a strategic, multi-phase 1,500 KWp solar project at its Goa manufacturing facility. The site generated 2596 MWH Green Electricity in the financial year 2024-25 out of which 1,803 MWH electrical energy was consumed in manufacturing process and 793 MWH was exported back to National Grid.	Positive: The Company's focus on its climate change related goals helps enable it to reduce environmental risks and create a resilient business. Through replacing our capital assets to become more efficient and use alternative fuel sources, Pfizer could increase resilience to volatile fuel and energy prices resulting from the low-carbon transition and increase returns on investment in low emissions technology.
2.	Product Quality and Safety	Risk & Opportunity	Patient health and safety are foundational to everything we do. Our commitment to health & safety allows us to cater excellence through our products. The safety of our customers and patients is of the utmost importance. This has a critical impact on our relationships with stakeholders. Failure to maintain product quality and product safety may have an adverse impact on the well-being of the patients, reputation of the Company, and may expose the Company to litigation.	Product quality and safety are paramount to the Company and the Company's approach to mitigate risks includes the following: 1. The Quality Management System ("QMS") of the Company is based on industry-recognized quality management principles and is designed and built to adhere to applicable standards and requirements of health authorities and best practices. 2. The Company provides training to employees in product safety and quality. 3. The grievance redressal mechanism of the Company enables complaints to be raised relating to product quality in a timely manner.	Positive: Emphasis on quality and safety allows us to build strong and lasting relationships with our stakeholders. This furthers our business objectives and allows for continued financial growth. Negative: Failure to maintain high quality in products could adversely impact patient health, reputational damage, financial liability, product recalls and shortages.

S. No.	Material Issue Identified	Indicate whether Risk or Opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of Risk, approach to adapt or mitigate	Financial Implications of the risk or the opportunity (Negative/ Positive)
3.	Colleague Diversity, Equity and Inclusion	Opportunity	Colleague Diversity, Equity, and Inclusion (“DEI”) is core to the Company. At Pfizer, we believe every person deserves to be seen, heard, and cared for. This belief drives our refreshed Global DEI strategy launched in 2021, focused on building a more inclusive colleague experience, advancing equitable health outcomes, and transforming society through external partnerships. The Diversity and Inclusion Council of Pfizer Limited acts as a think tank that gives shape to the DEI initiatives to bring positive effects in the work environment. The Company also strives to ensure that our workplaces are designed and equipped to support anyone with a disability (PWD) so that all colleagues are suitably supported. In addition, We are committed to equal opportunities in the terms and conditions of employment for all employees and job applicants with no discrimination and without regard to race, color, religion, sex, sexual orientation, age, gender identity or gender expression, national origin, or disability.	Not applicable	Positive: DEI has a positive impact on the Company's workforce, operations, and business.
4.	Equitable Access and Pricing	Opportunity	The Company is committed to enhancing the access and affordability and pricing of its portfolio of medicines to patients who may need them. Towards this end, the Company actively engages with all stakeholders, including policy makers to expand access opportunities.	Not applicable	Positive: The Company continually leads engagement initiatives with key government stakeholders by advocating for policies aimed at enhancing access to medicines. Expanded access, affordability and appropriate pricing creates an opportunity for the Company to reach more patients, thereby benefiting the community as well as having a positive impact on the Company's business.

S. No.	Material Issue Identified	Indicate whether Risk or Opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of Risk, approach to adapt or mitigate	Financial Implications of the risk or the opportunity (Negative/ Positive)
5.	Business Ethics	Risk & Opportunity	Values-based decision making Promotes accountability and helps ensure that integrity, quality, safety, and ethics are foundational to all we do.	Our Code of Conduct (the Blue Book) and related policies, procedures, and training are designed to support compliance and adherence to our Values - Courage, Excellence, Equity, and Joy. Policies governing colleague interactions with healthcare organizations, physicians, patients, and other stakeholders are contained in the Blue Book. To ensure that business ethics is integrated into our business, we have in place strong policies such as our Code of Conduct and Ethics Policy. Any violations of the same can be addressed through our Whistleblower Policy/ Vigil Mechanism. Additionally, Pfizer's My Anti-Corruption Policy and Procedures (“MAPP”) outline Pfizer's enterprise-wide approach to preventing bribery and corruption.	Positive: Pfizer is committed to conducting business responsibly and acting ethically, in accordance with all applicable laws and regulations. Ethical decisions promote trust and accountability for doing the right thing, both internally and externally. In doing so, we demonstrate our continued commitment to living our Values and earning the trust of the patients we serve and to fully realize Pfizer's Purpose - Breakthroughs That Change Patients' Lives. Negative: Violations of business ethics principles can lead to reputational damage and subsequent financial implications. These can be in the form of fines and penalties.
6.	Product Innovation	Opportunity	Reduce cycle times, increase success rates, and get more breakthroughs into the hands of patients sooner.	Not applicable	Positive: As the global health landscape continues to evolve, Pfizer Inc., our Parent Company aims to uncover new combinations, designs, and advances to help address an array of challenges by making innovation as one of its greatest tools.

Colleagues and business partners must never offer, promise, authorize, or provide a payment or benefit that is intended to improperly influence a government official, healthcare professional, or any other person, including commercial entities and individuals, in exercising their responsibilities.

The Company is guided, to the extent applicable, by the “Blue Book - Summary of Pfizer Policies on Business Conduct” — of its parent company, Pfizer Inc., USA. Pfizer’s Blue Book—our Code of Conduct—is designed to support our core Values, particularly Excellence, as we perform at our best together, and Equity, as we should always act with integrity. The Blue Book describes how we operate and guides the decisions we make in support of our purpose, including how we speak up when we see something that concerns us—a behavior essential to our Value of Courage. Seeking advice, raising concerns, and reporting misconduct are critical to our ability to serve patients. Every Pfizer colleague is responsible for understanding the Blue Book and adhering to our Code of Conduct every day. In doing so we demonstrate our continued commitment to living our Values and earning the trust of the patients we serve.

In addition to this, Pfizer’s My Anti-Corruption Policy, and Procedures (“MAPP”) sets out Pfizer’s global enterprise-wide approach to preventing bribery and corruption. MAPP provides the tools needed to help address bribery and corruption risks in our interactions with healthcare professionals, government, regulators, and business partners. By following MAPP and acting in accordance with applicable laws and Pfizer’s values, each Pfizer colleague contributes to our culture of ethics and integrity. Further to our prohibition of all forms of bribery, we are committed to fostering a culture of ethics and integrity and committed to competing lawfully and ethically in the marketplace and expect every Pfizer Colleague and business partner to conduct all aspects of Pfizer business with integrity. Resources, training, and messaging emphasize the accountability of leaders to own compliance and engage in proactive risk management and ethical decision-making and to make clear that non-compliant conduct is not tolerated. Pfizer also strives to be an ethical leader within our industry by taking leading roles within industry associations and diverse business forums to advance anti-corruption efforts. 4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes, the Company has an Employee Relations Investigations Group for addressing matters and issues related to human rights. The Company has further formulated Internal Complaints Committee which addresses sexual harassment related grievances as per POSH Policy. The Company is also aligned with Pfizer Inc.'s human rights diligence program. Pfizer maintains a focused human rights diligence program, which outlines our management approach in our supply chain and our operations.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

The Company is committed to conducting business in an ethical and responsible manner. This includes respecting human rights throughout its operations. The Company has a whistleblower mechanism and open-door policy wherein any employee irrespective of hierarchy has access to the Employee Relations Investigations Group, and in appropriate cases, to the Corporate Compliance Group. For all grievances that are routed to the Employee Relations Investigations Group and in certain cases to the Corporate Compliance Group, necessary action is taken in line with the underlying internal policies and regulations applicable to the workplace. The Company also has the Internal Complaints Committee (ICC) which addresses sexual harassment related grievances. Any case that is raised is thoroughly and confidentially investigated. If found guilty, appropriate action is taken against the accused. In appropriate and exceptional cases, concerns may be raised directly to the Chairman of the Audit Committee of the Company. The Company has a zero-retaliation policy in place designed to ensure no adverse actions against the complainant.

Many channels exist for raising questions and reporting concerns, including the Compliance Helpline (third-party public hotline available by phone or web, with anonymous reporting were allowed under local law), the Compliance Division (through email, phone, fax, mail and directly to colleagues), management, and other channels supported by our Open Door Policy (which includes our whistleblower policy). This policy encourages colleagues to present ideas, ask questions, and raise concerns. Retaliation against anyone who seeks advice, raises a concern, reports misconduct, or provides information in an investigation is strictly prohibited by our policy that protects whistleblowers. In addition, our Ombuds Office is an available resource to support colleagues with information and guidance to help them address work-related issues.

Complaints on POSH as a % of female employees/ workers	0.3%	0.3%
Complaints on POSH upheld	-	-

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

At Pfizer, our senior leaders and management set the tone for a strong culture of integrity and encourage colleagues and partners to raise concerns without fear of retaliation. Retaliation against anyone who seeks advice, raises a concern, reports misconduct, or provides information in an investigation is strictly prohibited by our anti-retaliation policy that protects whistleblowers. The Company has adopted a policy in accordance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013 whereby an aggrieved woman can submit a complaint which must be investigated by the Internal Complaints Committee with absolute confidentiality.

The Company has in place a whistle-blower / vigil mechanism through which its directors, employees and stakeholders can report their genuine concerns about illegal or unethical behaviour, actual or suspected fraud or violation of the Company's code of conduct or ethics policy. The mechanism provides for safeguards against victimization of persons who use such mechanism. If any individual, regardless of his or her role in the Company, retaliates against an employee who has truthfully and in good faith reported a potential violation, the Company will take appropriate action—even if it later turns out that the employee was mistaken in reporting the matter originally. The Company also conducts training and awareness programs for all its employees on periodic basis to embed a Speak Up Culture.

9. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes, Pfizer is committed to conducting business in an ethical and responsible manner. The Company is committed to conducting business ethically and responsibly, including respecting and upholding human rights principles throughout its operations and business relations.

Leadership Indicators

1. Details of a business process being modified/ introduced as a result of addressing human rights grievances/ complaints.

Not Applicable.

2. Details of the scope and coverage of any Human Rights due diligence conducted.

The Company relies on its parent company Pfizer Inc.'s. global human rights diligence program. Pfizer's established risk-based evaluations for suppliers, including contract manufacturers and other suppliers deemed to be high-risk, assess environment, health, safety (EHS), and sustainability performance, including labour and human rights reviews. When assessing whether a supplier is high-risk, we consider the supplier's geography, industry, and other proprietary and public domain information. The risk-based assessment process results in a supplier risk score. Suppliers that are determined to have an elevated risk, e.g., EHS and labour and human rights risks, are subject to a governance process which may result in the supplier being required by Pfizer to develop corrective actions to improve their operations and procedures and/or mitigate identified risks. If the supplier does not comply with the agreed corrective actions, Pfizer may seek an alternative supplier. Additionally, Pfizer Limited has strong internal processes and checks to help ensure compliance on human rights and related topics.

3. Is the premise/ office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Yes. Following arrangements are provided at the Company's premises: dedicated parking, security support, disabled-friendly washrooms, adequate space for wheelchair movement, visual and audio alarms, emergency evacuation chair, ramps in the basement at entry points, etc. The Company continues to work towards identifying the needs of employees with disabilities and proactively supporting them in diligently carrying out their day-to-day duties without any challenge(s). At Company's Goa premises, infrastructure study for accessibility is undertaken and the Company has identified infra-improvement areas which the Company continues to work towards to ensure a safe, health, equitable, and inclusive work environment for all its employees, including those with disabilities.
