We also have Freevoice, a platform for sharing observations, complaints and suggestions, where associates can post their concerns anonymously and they are addressed and resolved by the respective stakeholders within specified timelines.

7. Membership of employees in association(s) or Unions recognised by the listed entity:

Freedom of association is a basic human right. All our associates have the freedom and right to join any associations, unions, or groups that exist in line with local government regulations. TechM recognises the right to freedom of association through independent Trade Unions, Work Councils (WCs) or Collective Bargaining Agreements (CBAs).

As an IT organisation, our associates are not part of any trade Unions in India. However, associates have readily available internal tools for associates to share their views, opinions and ideas across managerial levels and the organization. These inputs help the organization redefine policies, strengthen people practices and enhance employee experiences. Tech Mahindra follows the local rules and regulations in the country of our operations and adheres to these collective bargaining agreements in certain geographies where it is mandated by the law.

Occupational Health and Safety norms laid down in Tech Mahindra's well-defined internal Health, Safety & Environment Policy Manual are followed at all our locations.

Please find more details on pages 119

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

Tech Mahindra has a HSE Incident Management process in place for Hazard Identification and Risk Assessment (HIRA). It enables us to identify and contain incidents that may cause an injury to the people or property. The assessment is followed up with documentation of risks and hazards present within our environment, their causes, associated consequences and risk and hazard containment recommendations.

Please find more details on pages 121

c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks.

Tech Mahindra has an 'Incident Management Tool' to promote a safety culture within the company. IMT, our online portal is designed to help associates report Health or Safety hazard/risk incidents that may lead to unsafe conditions across the Tech Mahindra facilities. All the associates are encouraged to report any incidents to prevent their occurrence in future.

We have also launched a Behaviour Based Safety & Health (BBS&H) programme in line with HSE policy to ensure safe and healthy working conditions for associates.

Please refer to pages 123 for more details

d. Do the employees of the entity have access to non-occupational medical and healthcare services?

Yes, we strongly believe in the "Wellness before Business" mantra and our focus is on ensuring the well-being and safety of associates while maintaining business continuity for clients and partner ecosystem.

Our ongoing partnership with Medi Assist and others helped the smooth transition to virtual wellness services which are accessible via internal wellness portal/app for associates & their dependents. Medi Buddy Healthcare provides a multitude of wellness offerings, details of which can be referred to on pages 119

11. Details of safety related incidents, in the following format:

Safety Incident/Number	Category	FY 21-22	FY 20-21
Lost Time Injury Frequency Rate (LTIFR) (per one million-person hours worked)			
Total recordable work-related injuries	Employees	Nil	Nil

4. Does the entity provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment?

Our learning platforms encourage all associates to upskill, reskill, grow, and leverage their skill currency so that they can manage their career post retirement.

5. Details on assessment of value chain partners:

We conduct annual supplier assessments to assess the potential ESG aspects and Disaster Recovery & Business Continuity Planning processes of our Supply Chain. This involves both a questionnaire and on-site inspections which checks their ESG aspects and regulatory compliances including their ethical business conduct and sustainability practices as mandated in our Sustainable Supply Chain Management Policy.

69% of our key suppliers based on top spend, have been assessed on Health and Safety practices, Sexual Harassment, Discrimination at workplace (Working conditions), Child Labour, Forced Labour/Involuntary Labour, Wages, Occupational Health & Safety, Corporate Governance & Ethics, Risk Management, Environment Management, and Biodiversity among other aspects

Please find more details on pages 161

PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders
Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity.

Tech Mahindra challenges conventional thinking and innovatively uses resources to drive positive changes in the lives of our stakeholders across the world, to enable them to Rise. TechM defines these stakeholders as those individuals, groups of individuals or organizations that affect and/or could be affected by our activities, solutions or services, and associated performance.

Engagement with the stakeholders helps understand their explicit and tacit needs that can influence our strategic and operational decisions. Inputs from stakeholders give us an insight into future outlook and risks.

Tech Mahindra engages with the stakeholders round the year, to maintain healthy, trust-based relationships with them. The management team connects with a diverse range of stakeholders through formal and informal mechanisms. In the reporting year, we engaged with our stakeholders and their inputs were considered in the materiality assessment process.

Please refer to page 60 for the detailed process of identifying them.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

The company engages with the stakeholders around the year to maintain healthy, trust-based relationships with them. Our stakeholders include Employees, Customers, Investors and Shareholders, Partners and Collaborators, Government and Regulators, Academic Institutions, Local Communities, Suppliers and Vendors. Apart from NGOs, Local communities and some of our suppliers/ vendors, none of the other stakeholders are vulnerable or marginalised. The management team connects with a diverse range of stakeholders through formal and informal mechanisms.

Please refer to pages 60 for more details

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

Periodic discussion of the Board and its committees with the management and the concerned departments help us identify critical stakeholder concerns and align our priorities with their expectations. The Stakeholder Relationship Committee of the Board provides guidance and oversees the mechanism for addressing grievances and complaints from stakeholders and aligning Stakeholder priorities with TechM's business strategy. The committee reviews associate, vendor, and customer satisfaction survey reports, and oversees the mechanism for addressing stakeholder grievances. The committee also reviews the environmental, health and safety obligations of the company towards the stakeholders. The inputs we receive, influence the creation of appropriate policies and practices that govern responsible business.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics.

Yes, we incorporate the feedback received through continued engagement with stakeholders into our policies & practices. We have prioritized our key material issues accordingly and taken this into account when we plan our ESG targets. Their inputs help us in making strategic and operational decisions. If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Environment – As ESG and climate priorities gain momentum, the inputs, feedback, and suggestions received from customers are incorporated in decision making, strategy development, and the development of an array of green and sustainable solutions to enable customers address their environmental needs and commitments. Our portfolio of sustainability solutions is supporting our customers in their journey towards compliance around climate, energy, water, resource efficiency, sustainable mobility, and waste management.

Social – We develop organisation-wide HR initiatives based on the associates' needs and suggestions which is gathered through annual employee surveys, and feedback from other digital engagement platforms and tools. Another key aspect of social is our focus on Diversity, Equity and Inclusion particularly with the definition of the Vision 2024 statement. The earlier vision 2021 was about fostering innovation and that comes from 'diversity of thought'. The new Vision 2024 is about creating a purpose-led company. For being purposeful, it is important to concentrate on the Social aspect that is tightly linked to improvements in Diversity, Equity and inclusion parameters.

Governance – Governance is part of TechM's DNA, and it has institutionalized it through a set of Core Values, Code of Conduct, policies and structures like the Corporate Governance Council. The framework is firmly in place to ensure that all governance issues are effectively and transparently addressed, so that the organization continue to do right by its stakeholders. For example, TechM has adopted governance policies for Board of Directors, Key Managerial Personnel & Senior Management appointments, remuneration and evaluation. This focus on succession planning is followed for top leadership as well as middle management with custom-designed technology platforms to enable them.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.

Feedback received from the local communities by way of direct engagement and third-party impact assessments helps align the orientation of our CSR interventions with the future needs and expectations of the local communities and society at large. The pandemic created an urgent need for allied healthcare professionals, so the TechM Foundation's four Healthcare Academies and seven Healthcare Centers were repurposed to train COVID Care Nurses. With educational institutions shut down, students & teachers witnessed barriers in the form of gaps in digital skills and technology access, so TechM Foundation organized capacity building of government schools/teachers and distributed digital tablets with internet

connections. The extensive isolation amid the lockdown raised issues like an increase in mental health so TechM Foundation started the Mind@Ease™ platform for counselling services.

The Company infrastructure is so enabled that associates with disabilities have a barrier-free access to common facilities which include not only physical environment and transportation but also to information and communications with technologies and systems aligned for persons with disabilities

Please refer to our Diversity and Inclusivity Policy [here](#)

4. Details on assessment of value chain partners:

We conduct annual supplier assessments to assess the potential ESG aspects and Disaster Recovery & Business Continuity Planning processes of our Supply Chain. This involves both a questionnaire and on-site inspections which checks their ESG aspects and regulatory compliances including their ethical business conduct and sustainability practices as mandated in our Sustainable Supply Chain Management Policy.

69% of value chain partners (by value of business done with such partners) and 137 of top 200 key suppliers have been assessed on Health and Safety practices, Sexual Harassment, Discrimination at workplace (Working conditions), Child Labour, Forced Labour/Involuntary Labour, Wages, Occupational Health & Safety, Corporate Governance & Ethics, Risk Management, Environment Management, and Biodiversity among other aspects

PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment

Essential Indicators

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	FY 21-22	FY 20-21
Total electricity consumption (A) (MWh)	89,543.78	97,887.08
Total fuel consumption (B) (MWh)	3,579.81	4,386.30
Energy consumption through other sources (C) (MWh)	7,157.76	6,204.81
Total energy consumption (A+B+C) (MWh)	100,281.34	108,478.20
Energy intensity per rupee of turnover (Total energy consumption/ turnover in rupees) MWh	0.000000225	0.000000287
Energy intensity (optional) – the relevant metric may be selected by the entity MWh/ Employee Headcount	0.80	1.09

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, KPMG. 49

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India
