

Business Responsibility & Sustainability Report

Section A: General Disclosure

I. Details of the listed Entity

1. Corporate Identity Number (CIN) of the Listed Entity	L40300GJ2013PLC077803
2. Name of the Listed Entity	Adani Transmission Limited ("ATL / the Company")
3. Year of incorporation	2013
4. Registered office address	"Adani Corporate House", Shantigram, Near Vaishno Devi Circle, S. G. Highway, Khodiyar, Ahmedabad – 382421, Gujarat, India.
5. Corporate address	"Adani Corporate House", Shantigram, Near Vaishno Devi Circle, S. G. Highway, Khodiyar, Ahmedabad – 382421, Gujarat, India.
6. E-mail	jaladhi.shukla@adani.com
7. Telephone	(91) 79 25555366
8. Website	www.adanitransmission.com
9. Financial year for which reporting is being done	01.04.2021 to 31.03.2022
10. Name of the Stock Exchange(s) where shares are listed	BSE Limited (BSE) and National Stock Exchange of India Limited (NSE)
11. Paid-up Capital (₹ Cr.)	1099.81
12. Name and contact details (telephone, email address) of the person who may be contacted in case of any queries on the BRSR report	Name: Mr. Anil Sardana Designation: Managing Director & CEO DIN Number: 00006867 Telephone Number: (079) 25555665 Email Id: anil.sardana@adani.com
13. Reporting boundary - Are the disclosures under this report made on a standalone basis (i.e. only for the entity) or on a consolidated basis (i.e. for the entity and all the entities which form a part of its consolidated financial statements, taken together).	Disclosures under this report is made on a consolidated basis. We have taken the business of Generation, Transmission and Distribution of Electricity.

II. Products and Services

14. Details of business activities (accounting for 90% of the turnover):

Sr. No.	Description of Main Activity	Description of Business Activity	% Of Turnover of the entity
1.	Transmission Services	Power transmission Services	31%
2.	Generation, Transmission and Distribution	Power Generation, Distribution and Transmission Services	62%

15. Products/Services sold by the entity (accounting for 90% of the entity's Turnover):

Sr. No.	Product/Service	NIC Code	% Of total Turnover contributed
1.	Electricity Generation, Transmission, and Distributions	35106	93%

III. Operations

16. Number of locations where plants and/or operations/offices of the entity are situated

Location	Number of plants	Number of offices	Total
National	The Company is having Pan India presence across 13 (Thirteen) States namely, Andhra Pradesh, Bihar, Chhattisgarh, Gujarat, Haryana, Jharkhand, Maharashtra, Madhya Pradesh, Rajasthan, Tamil Nadu, Telangana, Uttar Pradesh, and West Bengal.		
International	None		

17. Markets served by the entity:

a. Locations	Number
National (No. of States)	The Company is having Pan India presence across 13 (Thirteen) States namely, Andhra Pradesh, Bihar, Chhattisgarh, Gujarat, Haryana, Jharkhand, Maharashtra, Madhya Pradesh, Rajasthan, Tamil Nadu, Telangana, Uttar Pradesh, and West Bengal.
International (No. of Countries)	None

b. What is the contribution of exports as a percentage of the total turnover of the entity?

The Company has only domestic turnover.

c. A brief on types of customers:

The Company works in both B2B (Power Generation and Transmission) and B2C business (Retail Electricity Distribution). The B2C business is done by Retail Electricity distribution arms of ATL i.e. Adani Electricity Mumbai Limited (AEML) and MPSEZ Utilities Limited (MUL).

IV. Employees

18. Details as at the end of Financial Year

1. Employees (including differently abled):

Particulars	Total(A)	Male		Female#	
		No. (B)	% (B/A)	No. (C)	% (C/A)
Employees					
Permanent (D)	5,105	4,768	93%	337	7%
Other than Permanent (E)	0	0	0	0	0
Total Employees (D+E)	5,105	4,768	93%	337	7%
Workers					
Permanent (F)	0	0	0	0	0
Other than Permanent (G)	6,073	5,937	98%	136	2%

24. Overview of the entity's material responsible business conduct issues

Sr. No	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate the positive/negative implications)
1.	Safety and Well-Being	Risk	Failure to ensure the health, safety and well-being of the Company's workforce can impact productivity. This can consequently affect our business operations, customer satisfaction and profitability.	The Company strives to foster a safe working environment and ensure Zero Harm. Hazards and risks are periodically identified, with mitigation plans devised for each. Additionally, safety trainings are provided to employees and workers on regular basis to ensure their holistic well-being.	The process of identifying and quantifying the financial implications of the identified risks and opportunities is currently underway.

Sr. No	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate the positive/negative implications)
2.	Customer orientation and value creation for stakeholders	Opportunity	High levels of customer satisfaction are integral to ensuring a resilient business that thrives in an increasingly competitive landscape.	The Company has instituted a robust customer feedback mechanism. Regular interactions are undertaken with the customers to ensure that the offerings and customer service are up to the mark, and their inputs are incorporated during decision-making.	
3.	Business Ethics and values	Risk	Ethical conduct, integrity and transparent two-way communication with stakeholders is integral to ensuring regulatory compliance and building stakeholder trust.	The Company has instituted several policies and procedures on business ethics, integrity, and transparency. Annual internal audits are being conducted to review the effective implementation of policies.	
4.	Enterprise Risk Management	Risk	Devising appropriate risk mitigation strategies is integral to helping the Company leverage opportunities, stay ahead of the curve, and avoid shocks and disruptions to the business.	Risks, including ESG risks, are periodically identified and a systematic approach is defined to managing them.	
5.	Innovation and Technology	Opportunity	The world is changing constantly and to remain relevant and profitable, it is an essential need to adapt and develop new advancements for meeting new realities.	ATL, innovation and technology advancements are at center stage, which supports enhancing operational efficiency, and reducing overall emissions. The company has invested in technologies and made changes to its processes to reduce resource consumption and enhance machine safety. As a result, Adani Power Training & Research Institute (APTRI) center has been accredited as Grade 'A' and Category-I Institute by the Central Electricity Authority (CEA), Ministry of Power, Government of India.	

Sr. No	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate the positive/negative implications)
6.	Human Capital Development and Caring Human Rights in the Business	Opportunity	Upholding human rights is essential to protecting organization's communities, employees, and other stakeholders. Respecting human rights and ensuring sound labor practices allows the organization to avoid regulatory action, avoid penalties, and empower its employees and workers.	The Company has constituted a standing forum, both at the Group Level as well as at individual entity level, that aids and advises the management in its approach towards building sustainable Human Rights. Group HR through Business HR is responsible to ensure that any issue or impact related to human rights are addressed in the defined manner within the stipulated timeline. The Adani Dahanu Thermal Power Station (ADTPS) is certified by the social accountability standard SA8000. All employees and staff of ATL are trained on the Human Rights Policy at the time of induction. Awareness sessions on human rights and associated laws and workshops that include awareness on reporting human rights violations are organized periodically by utilizing the company's grievance redressal mechanism The Company adheres to all the laws of the land, related to human rights and labor practices. No forced child or compulsory labor is deployed by the Company, and its policy framework nurtures a diverse, safe, and empowered workforce.	
7.	Water Stewardship	Risk	Water is a shared resource, making it important for businesses to use it responsibly. Ensuring responsible consumption is key to the business' social license to operate and a sustainable planet for all.	Companies Net Water Neutrality Initiative by increasing the number of Rainwater Harvesting Ponds reduces the dependency on fresh water.	
8.	Zero Waste to Landfill	Risk	Responsible disposal of waste, and reducing its generation, helps the organization to comply with environmental rules and regulations and ensure environmental sustainability.	ATL has achieved the status of >99% of waste diverted from Landfill.	

Sr. No	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate the positive/negative implications)
9.	Biodiversity Conservation and Natural Resource Optimization	Risk	Reducing the impact of business operation on biodiversity and focus on optimization of natural resources	ATL works to build partnerships and work constructively with stakeholders, assess its impacts on key biodiversity issues and make decisions after considering the biodiversity impacts. By adopting a dedicated biodiversity policy and becoming a signatory to the Insolvency and Bankruptcy Board of India (IBBI), ATL has strengthened its commitment to being a responsible corporate citizen in the field of biodiversity. As per the policy, ATL has set a target to become "Net Positive" in terms of biodiversity by FY 2024-25.	
10.	Inclusive Growth including communities	Opportunity	Community development activities helps a company to create a positive impact on society by undertaking meaningful interventions to bring significant benefits to large sections of the society. The CSR efforts also help foster a more productive and positive work environment for employees.	The Adani Foundation has been striving to create sustainable opportunities for the marginalized communities by facilitating quality education, sustainable livelihood development, promoting a healthy society and supporting rural infrastructure development. With an aim to contribute to the holistic development of communities, the Adani Foundation is contributing to the global agenda of meeting Sustainable Development Goals (SDGs).	
11.	Climate Change Mitigation and Adaptation	Risk	Climate adaptation and mitigation are key to building a future-ready organization. They can also reduce operational costs and drive greater efficiencies for the business.	The Governing Policies on Environment and Sustainability defines the process for measuring, monitoring and reducing the Company's environmental impact.	
12.	Responsible Business partnerships (Engagement with suppliers and customers on ESG issue Supply Chain	Opportunity	Sound ESG practices in the value chain help the organization to support local businesses, reduce its indirect environmental impact, and promote good governance amongst partner organizations.	While onboarding, a new supplier has to sign General Conditions Contract (GCC) that includes terms and conditions w.r.t. to ESG related factors mentioned in our Supplier Code of Conduct.

Governance, Leadership and oversight		
7.	Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets, and achievements	The Adani Group's purpose of Nation Building provides a guiding framework for investment in businesses that accelerate India's economic growth, which is vital for the wellbeing of its citizen. The Group strongly believes that embedding Environmental, Social, and Governance (ESG) principles in its business operations is not only a responsibility but an essential part of our DNA. Adherence to these principles helps build resilience, transform culture and long-term value creation to systematically identify opportunities, manage risks, and secure the interest of all our stakeholders. ATL has undertaken a rigorous mapping of emission footprint and will adhere to transparent disclosure and validation through internationally reputed platforms. Each of our businesses aims to be a sector leader in reducing direct emissions, in sourcing renewable energy for operations, and will work with value chain partners to reduce indirect emissions. We continuously strive to demonstrate credentials for sustainable growth and leadership. The Company is benchmarked with best-in-class practices and intends to emerge as a World-class integrated utility. ATL continues to de-risk its business through stronger strategic and operational aspects, capital conservation, credit quality, partnerships, environmental and social stewardship and high governance standards leading to enhanced value creation for all stakeholders in the long term. The Company is conscious of climate risks, social changes in society and the need for enhanced commitment to governance. The Company management and its Board, ensure mapping of strategic, tactical and operational risks as also their mitigation through proactive drills, enactment of response requirements under adverse situations as if they were to take place. This is being fully supplemented through the Board & its committees, Independent Directors through their guidance & oversight, as also managements pursuit to excel & benchmark. A part of actions towards ATL ESG Strategy, all assets under O&M phase is certified with Zero Waste to Landfill which reaffirmed our commitment to de risk our business operations and reduce impact of our business on mother earth. ATL looks forward to continued investments in digitalization with an aim to enhance seamless automation, enhanced operating efficiency, cost competitiveness and enhanced asset availability. The company's ability to execute projects swiftly across India is because of its diligent adherence to environmental and social standards. Our Board seeks the accountability of ESG performance from the senior leadership, and we are practicing linking performance to critical aspects of ESG. The company continues to deepen its ESG commitment, marked by focused teams benchmarking a higher performance standard.

	Current FY 2021-22 (₹ Lakh)	Previous FY 2020-21 (₹ Lakh)	Details of improvements in environmental and social impacts
R&D	31.98	3.70	Major Details of Improvements: - Enhancement of Safety Measures by technology intervention - Installation of Water Meter for Water consumption measurement and further reduction - Use of UAV (Unmanned Aerial Vehicle) for Transmission Line Inspection which reduces the manual patrolling and save fuel consumption.
Capex	NA	5.0	

2. Does the entity have procedures in place for sustainable sourcing? (Yes/No) If yes, what percentage of inputs were sourced sustainably?

Yes. The Company has a Suppliers' Code of Conduct stating specific expectations for engaging with suppliers. The Suppliers' Code of Conduct facilitates collaboration with our suppliers in the promotion of professional and fair business practices. Our objective is to ensure that we minimize our potential impacts on people and on the environment, and that we manage business and reputation risks while capitalizing on opportunities. For example, we make efforts to source supplies and services from local sources where possible. We also organize various capacity building programs for our value chain partners.

We also encourage our suppliers to be compliant with social and environmental standards such as SA8000, ISO 14001, and ISO 45001. All our suppliers are expected to apply the Suppliers' Code of Conduct or more stringent standards in a manner that is appropriate and proportional to the nature and scale of their activities, the goods that they supply and the services that they perform.

Company has classified its suppliers and identified critical suppliers based on value of business and nature of supply. Company has also developed ESG Score for its Suppliers and evaluated all these critical suppliers on various aspects of ESG and Sustainability. All critical suppliers of the company have scored and passed on Sustainability and ESG Score card of the Company. However, we are working to improve the system to map the percentage of input sources sustainably.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

Given the nature of its business, the Company has limited scope to reuse, recycle and dispose off the products, at the end of their life.

However, the Company has defined processes for managing waste at each of its sites/locations. The hazardous wastes are handled, segregated, stored and transported in accordance with applicable regulatory requirements and best industry practices.

The hazardous waste is disposed of in an environmentally sound manner through authorized vendors for recycling as required by regulation.

Apart from hazardous waste, the most significant types of non-hazardous waste streams scrap metal, wood waste, glass, tires, e-waste, cardboard, and paper. Our strategic intent is to eliminate or reduce the generation of waste to divert waste from disposal through reuse and recycling wherever possible. With constant efforts in reducing the generation of waste and adopting ecofriendly practices for waste disposal, ATL is certified with Zero Waste to Landfill certificate with over 99% generated diverted from Landfill.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes/No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Owing to the nature of the Company's product/service offerings, EPR is not applicable to the Company.

Principle 3: Businesses should respect and promote the well-being of all employees, including those in their value chains

1. a. Details of measures for the well-being of employees:

Our people form an integral part of our journey towards transformational, responsible and sustainable change. Our people policies are designed to provide an excellent work environment which is safe, conducive, harmonious and support all round development of our employees. Our efforts to nurture our Human Capital are in alignment with our ESG commitment.

Safety & Well being to fight against COVID -

Safety & Wellbeing of employees & their families is always ATL's top priority. The fact is known to all that the pandemic had hit hard to all including few of our employees during 2021-22. The organization has taken proactive steps to ensure medical care, preventive measures and emotional support is provided to employees, associates & community at large. Following benefits were extended to the employee & families:

- **Vaccination drive for all employees & their family members across India**
 - ♦ ATL employees being the front-line warriors had ensured 99.70% of asset availability in such tough times and as a organization, the COVID vaccination was provided free of cost to all the employees including their family members as a proactive measure to fight against covid
- **Extensive sanitization drive, covid prevention communication & implementation of strict protocols**
- **Exceptional ex-gratia payment to the family of deceased employee**
 - ♦ The family of the deceased employee (who passed away during COVID Pandemic) received exceptional ex-gratia of ₹1.0/- Crore
- **Medical assistance to family**
 - ♦ The Company arranged mediclaim insurance for the spouse and children of the deceased employee.
- **Reimbursement of accidental death insurance premium for spouse**
 - ♦ The spouse will be covered under the Group Personal Accident (GPA) corporate policy. Alternatively, the Company will reimburse an annual premium up to ₹20,000/- for accidental / life term cover of the spouse of the deceased employee for 5 years from the date of the employee's death.
- **Outplacement services for family of deceased**
 - ♦ A professional outplacement agency is hired to provide assistance to spouse of deceased employee from preparation of resume, getting connect with recruiters, & to support in the interview process.
- **COVID Management of COVID Infected employee**
 - ♦ All employees who got infected were monitored on daily basis. The monitoring was done by qualified company doctor. Counselling & emotional support was also extended for successful & speedy recovery from COVID.

3. Accessibility of workplaces

At all our offices, we have made special provisions for differently abled employees and workers in accordance with Rights of Persons with Disabilities Act, 2016. We strongly promote equal opportunities for everyone, and we acknowledge the importance of having diverse and equitable work environment. We have designed workplaces for providing assistance or making changes to a position or workplace to enable employees with disabilities for carrying out their jobs.

At our corporate offices, we have ramps at entry locations and lobbies to facilitate wheelchairs. We have dedicated toilets for differently abled employees. We have elevators with Braille signs, designed for blind people or visually impaired people. Our other locations also comply with all the national/local requirements to accommodate differently abled person and their needs.

All the Company's existing and new infrastructure has implemented comprehensive plan to address accessibility of workplaces for differently abled employees, work areas, rest rooms, common areas and areas for movement in and around facilities have been designed with all accessibility aspects in mind.

4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy.

Yes. The Company is committed to delivering value through equality and to nurture and promote human diversity across its operations.

We promote an inclusive work culture of creating a supportive professional environment that promotes trust, empathy, and mutual respect. Our policy on Diversity, Equality, and Inclusion has been developed in line with our commitment.

9. Details of performance and career development reviews of employees and worker:

We have a robust Performance Management process with an objective to establish utmost clarity in terms of the process to be followed at each step and what is expected from all the stakeholders involved. The process covers activities related to measuring performance of all employees as part of the year-end review, rating & promotion recommendation, moderation, and individual feedback. We also have a performance review group (PRG) consisting of a group of people who discuss the performance and behavioral aspects of an individual.

All the employees undergo an annual performance appraisal process as determined by the Company.

10. Health and safety management system:**a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage such system?**

Yes, providing a safe and healthy working environment to all employees and contract workers is paramount to ATL. ATL strives to create a mature safety culture across its operations and a behavioral change among employees by engaging the total workforce in safety-related conversations and activities throughout the year. The majority of risks for ATL business arise from high voltage substations and construction activities. ATL being an ISO 45001:2018 certified organization is working meticulously to achieve the target of zero fatalities. The organization is working across its value chain by mapping safety risks across its contractors and vendors. ATL also conducts an in-depth inquiry into lost time incidents and fatalities followed by a detailed action plan to mitigate the causes with immediate effect. The Company deepened its safety orientation through Safe Eye (induction for recruits), Safe Connect (periodic corporate conference call to share safety practices), Safe Alert (Health, Safety and Environment alerts) and Safe Library (online content library). Besides, the Company conducted periodic safety audits of under-construction and operational sites.

ATL identifies and manages hazards, risks, and emergencies as per the framework of ISO 45001:2018 standard. Policies and procedures adopted and established by ATL, which govern the organisation's Health and Safety practices are - Safety Code of Conduct, Corporate Sustainability Policy, Health and Safety Policy.

The businesses have also linked Group Safety Management System with their existing Integrated Management System (IMS), e.g., ISO 14001 (EMS), and ISO 45001 (OHSMS).

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

Adani Group has established and aligned globally recognized high level Safety Intervention and Risk Assessment programs such as Safety Interaction (SI), Vulnerability Safety Risks (VSR), Safety Risk Field Audits (SRFA), Process Hazard Analysis (PHA), and Pre-Startup Safety Review (PSSR) with Business specific Integrated Management System based Hazard Identification and Risk Assessment Process, e.g., Hazard Identification and Risk Assessment (HIRA) and Job Safety Analysis (JSA). The Company has adopted this framework and the reporting businesses have developed an ecosystem of participative and consultative approach for engaging concerned stakeholders, including, employees, associates, and contract workmen.

The Company recognizes that the dynamic risks need to be managed and mitigated as per Hierarchy of Control to protect its stakeholders and achieve objective of Zero Harm with enablement of Sustainable Growth.

The various processes adopted and implemented by ATL to identify work related hazards are:

- Conducting Safety Risk Field Audits (SRFA) by visiting various sites frequently
- Conducting Hazard Identification and Risk Assessment (HIRA) of all the activities
- By carrying out Vulnerability Risk Assessment (VSR)
- Evaluating various critical areas using safety checks and assurance (SCA)

These interventions bring together an understanding of the potential upside and downside of all job and personal factors which can impact the organization with an objective to prevent injury, protect assets and add maximum sustainable value to all the activities and processes of the organization.

c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/N)

Yes, ATL has adopted a group-wide Safety Standard for Incident Reporting and Investigation for assessing safety incidents to prevent recurrence in the future. The Safety Incident Reporting, Classification, and Investigation Standard sets the organization's safety requirements and has been upheld as Life Saving Safety Rules.

The incident investigation process contributes to the continuous improvement of safety systems and performance by:

- Identifying and implementing actions to prevent an incident recurrence.
- Promoting an atmosphere of openness by improving communications and understanding about the incident.
- Providing input to the development and improvement of safety policies, procedures, guidelines, and standards.
- Identifying and appreciating good actions taken by people, which contributed to reducing the consequences.

Under the safety standard, the incidents are classified into five categories based on the degree of severity/potential for injury/damage. Each category has defined incident reporting with an established investigation procedure.

d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes/ No)

Yes, the employees and workers have access to non-occupational medical and healthcare services.

11. Details of safety related incidents, in the following format:

Safety Incident/Numbers	Category	Current FY (2021-22)	Previous FY (2020-21)
Lost Time Injury Frequency Rate (LTIFR) (per one million-person hours worked)*	Employees	0.86	0.59
	Workers		
Total recordable work-related injuries**	Employees	74	0
	Workers	42	14
No. of fatalities	Employees	0	0
	Workers	0	0
High consequence work-related injury or ill-health (excluding fatalities)	Employees	0	0
	Workers	0	0

Note:

* LTIFR data included employees and workers

** Includes First-Aid Case, Medical Treatment Case and Lost Time Injury

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

- 1) Daily morning meeting with O&M Team and Weekly morning meeting with Projects team is conducted to discuss the various incidents reported across the group. Take away's from these incidents are extracted and tracked on daily basis.
- 2) Safety Checks and Assurances (SCA) - In view to develop robust process / system to strengthen the safety and increase the confidence of top management in effectiveness of safety management at site, Quarterly Safety checks and assurance on three (03) pre-declared topics are given by each Transmission site at the beginning of month.
- 3) Mr. Tower - On monthly basis all the colleagues in ATL are connected in group talk through MS Teams wherever they are located. This two-way communication enables employees to discuss the focus area, efforts done for safety excellence and performance sharing. Top officials also do share their expectation and demonstrate the commitment involving talk at each level. In FY 21-22, we did thirty four (34) such sessions.
- 4) Critical Vulnerability Factors (CVF's) based on various High potential incidents are defined and status of its implementation is tracked on monthly basis.
- 5) We have strong Safety Governance mechanism in which Senior leadership team is involved actively and Business Safety council meetings are conducted every bi-monthly.
- 6) Safety Risk Field Audits (SRFA) are carried out across all the sites on weekly basis to evaluate the Safety Performance Index of an overall site.
- 7) "Monthly Safety Quiz Series" (MSQS) has been launched in ATL with a purpose to create an awareness among all the safety standards released by Group Safety. It is conducted on monthly basis and each standard is covered in a single month.
- 8) In the month of May "May Safe" series conducted across the ATL with an aim to train the colleagues on various aspects of safety. This is done by following various safety standards and practicing the same. like
 - Permit To Work (PTW) and Job Safety Analysis (JSA)
 - LOTO (Lock Out Tag Out)
 - Gensuite Reporting
 - Electrical Safety
 - Work at Height
 - Road, Vehicle, Driving, Traffic safety (RVDTS)
 - Material Handling Safety
 - Warehouse Safety
 - Confined Space Safety

13. Number of Complaints on the following made by employees and workers:

Category	Current FY (2021-22)			Previous FY (2020-21)		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Working Conditions	0	0	NA	0	0	NA
Health & Safety	0	0	NA	0	0	NA

14. Assessments for the year:

	% Of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Health and safety practices	All our sites are assessed on Health & Safety parameters.
Working Conditions	

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.

- Implementation of Technology based solution to monitor various safety statistics of two (02) and four (04) wheelers plying across different locations. With an aim to bring down the Vehicular accidents.
- Use of 360 Degree swivel coupling for all the tractors.
- Use of Fiber Reinforced Plastic (FRP) ladders for all the Electricity related works.
- Installation of 30mA(milli Amperes)Earth Leakage Circuit Breaker (ELCB) in all the Low Voltage (LV) electrical circuits.
- Use of New Generation Hydra vehicle with improved safety features i.e. improved visibility for operator, Use of Wheel Guards, improved balancing of vehicle to avoid toppling instance.

Principle 4: Businesses should respect the interests of and be responsive to all its stakeholders**1. Describe the processes for identifying key stakeholder groups of the entity.**

We believe that engagement with stakeholders is key to understanding their needs, working with them to minimize risks, maintaining social legitimacy, improving credibility, and gaining their trust.

We identified our stakeholders as groups and individuals, who can influence or/ are impacted by our operations/ activities, change in technology, regulations, market, and societal trends either directly or indirectly which comprise of communities, employees, supply chain partners, customers, investors, regulators, and civil society organizations for all its operations. We commit to engage openly and authentically with our stakeholders to enhance cooperation and mutual support for a sustainable relationship.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Key identified stakeholders	Whether identified as Vulnerable and marginalized group (Yes/No)	Channel of communication	Frequency of engagement	Purpose and scope of engagement
Human Resources (employees and families)	No	• Performance appraisal • Newsletters • HR online surveys • Emails • Town Hall / open-house meetings • Health, Safety and Environment (HSE) committee meetings and safety alerts • Apex meetings • Policy communication • Portal/intranet • Get-togethers • Co-created HR policy • HR connects • Open-door policy • Online survey	Continuous, monthly, half-yearly and need-based	• Respect and dignity • Non-discrimination and fair treatment • Talent management, learning and skill development • Career planning and growth • Work-life balance • Work environment • Health and safety • Fair remuneration, job clarity and job security • Grievance redressal • Proactive communication • Ethical behavior
Shareholders, investors, financial institutions and auditors	No	• Annual Reports • Sustainability Reports • Annual General Meetings • Communication to stock exchanges • Investor engagements • Quarterly conference calls • Rating agency notes • Engagement with research analysts • Information on website	Quarterly, Annual, and need-based	• Compliance to laws and regulatory requirements • Return on investment/ dividend • Timely interest and debt repayment • Social and environment performance • Company strategies • Corporate governance • Timely communication • Anti-corruption and ethical behavior

Key identified stakeholders	Whether identified as Vulnerable and marginalized group (Yes/No)	Channel of communication	Frequency of engagement	Purpose and scope of engagement
Customers	No	• Emails • In-person meetings/letters • Telephone calls • Progress and performance reports • Feedback call from the CEO's office • 24x7 call center • Chatbot • Touch Point/Kiosk	Continuous, Need based	• Conformity to contractual conditions, SLAs and availability • Compliance with regulatory requirements • Grievance redressal • Anti-corruption and ethical behavior • System availability • Uninterrupted power supply • Safe product
Governments, Local Administration and Statutory and Regulatory Authorities	No	• Emails • In-person meetings/letters • Telephone calls • Progress and performance reports • Petitions • Accident incident reports • Returns under applicable laws	Continuous, Need based	• Compliance and taxes • Timely responses to queries • Anti-corruption • Disaster and relief management • System reliability • CSR • Cyber security management • Information security management
Engineering, Procurement and Construction (EPC) and Supply Chain Partners	No	• Contract/general conditions of contract audits • Feedback and evaluation reports • Vendors/ partners meet • In-person meetings • Toolbox talks • HSE meetings • Emergency response drills • Progress reports • Monthly meetings • Online survey	Continuous, Need based	• Fairness and transparency in contractual processes • Competence development of supply chain partners • Security at workplace • Timely payment and honoring commitments • Long-term association • Clarity in terms and conditions • Guidance and co-ordination related to quality, environment, health, and safety at site • Anti-corruption and ethical behavior

Key identified stakeholders	Whether identified as Vulnerable and marginalized group (Yes/No)	Channel of communication	Frequency of engagement	Purpose and scope of engagement
Local Communities, NGOs and General Public	Yes	- Community engagement and local community meetings - Newspapers and CSR volunteers - Hoardings - One-on-one meetings with farmers - Gram Panchayat / Gram Sabha - Sustainability Reports - Focused group discussion	Continuous, Need based	- Social need identification and community welfare - Grievance redressal - Fair process and evaluation of any losses and compensation - Proactive communication - Environmental protection and nonpollution - Indigenous rights - Emergency response and disaster management
Media	No	- Annual Reports - Sustainability Reports as per standard practice - Annual General Meetings - Communications - Information on website - Press / media release	Need based	- Statutory compliance - Community development - Public health and well-being - Inclusive growth - Wider public engagement

Principle 5: Businesses should respect and promote human rights

1. Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format:

Category	FY 2021-22 Current Financial Year			FY 2020-21 Previous Financial Year

4. Do you have a focal point (Individual / Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes. Adani Grievance Management System

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

Group Industrial Relations team in collaboration with our BU-HR Team and the Group HR Technology Team has developed an online grievance redressal mechanism for our on-roll employees which will be available for use through our Oracle HRMS Portal. This system is christened as the "Adani Employee Grievance Management System".

Adani Employee Grievance Management System has been designed with the following intent:

- To provide employees a fair and objective system to raise issues and complaints without any bias.
- To have in place a formal grievance procedure that supports employees to raise their concerns/grievances without the fear of any negative repercussions.
- To instill within our employee's the belief that their concerns will be taken seriously and handled fairly and transparently. This will in turn help to bolster staff morale and maintain levels of productivity.
- To aid the management in identifying any unacceptable or unlawful gaps in the current system of working.
- To help the management in identification and resolution of minor disagreements before they turn into major disputes.

Adani Employee Grievance Management System works in the following manner:

- Employee would raise his/her grievances through the oracle portal.
- Grievance Life cycle is of 14 days within which the grievance raised by every employee shall be resolved.
- The resolution of the grievances shall be governed by the Grievance Redressal Committee (GRC) of the Transmission Business who will be responsible for ensuring the resolution of employee grievances along with the key stakeholders involved in the grievance resolution process. The key stakeholders involved in the grievance process are HR Shared Services (HRSSC), Site/BU-HR, Department Heads and BU-Head HR.
- The employee would be responded to by Secretary of the GRC & the Stakeholder informing him/her on the outcome status of grievance.

6. Number of Complaints on the following made by employees and workers:

Category	FY 2021-22 Current Financial Year			FY 2020-21 Previous Financial Year		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Sexual Harassment	0	0	NA	0	0	NA
Discrimination at workplace	0	0	NA	0	0	NA
Child Labor	0	0	NA	0	0	NA
Forced Labor / Involuntary Labor	0	0	NA	0	0	NA
Wages	0	0	NA	0	0	NA
Other human rights related issues	0	0	NA	0	0	NA

7. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

The POSH policy has the mechanism for addressing complaints pertaining to sexual harassment. All complaints related to sexual harassment are taken up by the Internal Complaint Committees (ICCs), which are governed under strict confidentiality and there are defined procedures to protect complainant from any retaliatory actions.

The employee can also raise any other grievances through the online grievance portal. The system is designed to redress the grievance within a defined timeline of 14 working days. The grievances are resolved in fair and time bound manner maintaining utmost confidentiality. However, no such cases of harassment and discrimination were reported during the FY 22.

8. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes, The Human rights related requirements are covered as a part of the vendor onboarding process through ARIBA portal.

9. Assessments for the year:

We have defined systems for ensuring compliance with regulatory requirements. There is a Code of Conduct for employees and Suppliers' Code of Conduct to ensure conformity with business ethics and human rights requirements. Also, the human rights criteria are screened through online ARIBA portal during vendor onboarding process. In addition, we review compliance with these requirements during contract execution. In all our business units, it is mandatory to check the age proof documents at the time of recruitment to prevent employment of child labor and during the induction session essential business ethics and human rights related aspects are covered for creating awareness among employees.

	% Of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Child labor	We are complied with all applicable laws and no complaint or issues were found on any of these issues.
Forced/involuntary labor	
Sexual harassment	
Discrimination at workplace	
Wages	
Others – please specify	

10. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 9 above.

Not Applicable

Principle 6: Businesses should respect and make efforts to protect and restore the environment.

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format

Parameter	Unit	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
Total electricity consumption (A)	GJ	81305	24864
Total fuel consumption (B)	GJ	33777	59853
Energy consumption through other sources (C)	GJ	-	-
Total energy consumption (A+B+C)	GJ	115082	84717
Energy intensity per Million Rupee of Revenue (Total energy consumption/turnover in rupees)	GJ/Million Rupees	0.97	0.81
Energy intensity (optional) – the relevant metric may be selected by the entity	NA	NA	NA

Note: Indicate if any independent assessment / evaluation Assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, this data has been subject to independent assurance by DNV Business Assurance India Pvt. Ltd. and its report shall form part of this Integrated Annual Report.

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

- Yes, Adani Dahanu Thermal Power Station is identified as a designated consumer (DC) under PAT Scheme.
PAT - 1 Cycle
Target - 2523 kcal/Kwh
Achieved - 2511.71 Kcal/Kwh
Escerts - 4591 Nos
- PAT-2 Cycle
Target - 2519.42 kcal/Kwh
Achieved - 2495.4 Kcal/Kwh
Escerts - 8749 Nos

3. Provide details of the following disclosures related to water, in the following format#

Parameter	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
Water withdrawal by source (in kiloliters)		
(i) Surface water	15,76,876	17,40,440
(ii) Groundwater	40,884	25,200
(iii) Third party water	32,518	24,170
(iv) Seawater / desalinated water	46,54,95,317	37,75,34,000
(v) Others	1,47,898	86,860
Total volume of water withdrawal (in kiloliters) (i + ii + iii + v)	17,98,176	18,71,960
Total volume of water consumption (in kiloliters)	17,98,176	18,71,960
Water intensity per rupee of turnover (Water consumed, KL / Million Rupee Revenue)	15.16	17.90
Water intensity (optional) – the relevant metric may be selected by the entity	NA	NA

Note: Indicate if any independent assessment/ evaluation Assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, this data has been subject to independent assurance by DNV Business Assurance India Pvt. Ltd. and its report shall form part of this Integrated Annual Report.

4. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

- ADTPS (Adani Dahanu Thermal Power Station) is certified with ISO 46001 Water Efficiency Management System.
- ADTPS has two sewage treatment plants of capacity 500CMD & 300 CMD for colony & plant.
- Domestic effluent is collected in the inlet well from sewerage drains. This effluent is pumped into grit chamber to separate out the large size suspended particles.
- Filtered effluent is then passed through the aeration tank in which BOD of effluent is reduced
- Aerated effluent then enters in clarifier. In clarifier the heavy sludge settles at the bottom & clear water overflows in to settling tank.
- Clarified water then passes through the Pressure Sand Filter & Activated Carbon Filter and finally used for plantation.
- With the help of sludge disposal pump, settled sludge is spread over sludge drying bed in which natural drying takes place for around 15-20 days.
- This dried sludge is used as a manure for plants.
- Treated effluent as well as dried sludge is used only for lawns & non fruit bearing plants.

5. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
NOx	Metric Tonnes	3,571.6	2,989.9
SOx	Metric Tonnes	2,106.4	1,407.2
Particulate matter (PM)	Metric Tonnes	454.0	379.3
Persistent organic pollutants (POP)	NA	NA	NA
Volatile organic compounds (VOC)	NA	NA	NA
Hazardous air pollutants (HAP)	NA	NA	NA
Others – please specify	NA	NA	NA

Note: The above Data is for Adani Dahanu Thermal Power Station (ADTPS)

The air emission sources (stacks, chimneys etc.) are monitored on a defined frequency by an approved laboratory/agency as mandated by the Central and respective State Pollution Control Boards. The details of air emissions are submitted to PCB annually in Form-5 (Annual Environment Statement).

6. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format#

Parameter	Unit	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO2 equivalent	26,91,062	25,98,972
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO2 equivalent	5,57,775	6,14,281
Total Scope 1 and Scope 2 emissions per rupee of turnover	Mt of CO2/ Million Rupee of Revenue	27.39	30.73
Total Scope 1 and Scope 2 emission intensity (optional)– the relevant metric may be selected by the entity	NA	NA	NA

GHG emissions data is reported for Company's Generation, Transmission and Distribution Business

Indicate if any independent assessment/ evaluation Assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, this data has been subject to independent assurance by DNV Business Assurance India Pvt. Ltd. and its report shall form part of this Integrated Annual Report.

7. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details.

In line with ATL's target to meet India's Climate Change (NDC) commitments of emission reduction, the Company has taken various initiatives such as:

- Unit : 01 (U1) Replacement of HP (High Pressure) & Intermittent Pressure (IP) Turbine – Over Hauling (OH) of LP Turbine
- Reduction in slip loss of Boiler Feed Pump (BFP) No :1B hydraulic coupling in Unit : 01 (U-01)
- Using Solar to Offset Auxiliary consumption from Grid
- Monitoring and optimized utilization of Diesel in Diesel Generating (DG) Set
- Monitoring Sulfur Hexafluoride (SF₆) Gas leakage through latest technology cameras
- Certification of >99 % Zero Waste to Land Fill

8. Provide details related to waste management by the entity, in the following format:

Parameter	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
Total Waste generated (in metric tons)		
Plastic waste (A)	5.34	23.07
E-waste (B)	350.47	220.28
Bio-medical waste (C)	0.01	0.00
Construction and demolition waste (D)	0.00	0.00
Battery waste (E)	23.13	26.71
Radioactive waste (F)	0.00	0.00
Other Hazardous waste*. Please specify, if any. (G)	286.99	167.76
Other Non-hazardous waste* generated (H). Please specify, if any., Tons	2,956.82	2,303.98
Total (A+B+C+D+E+F+G+H)	3,622.75	2,741.80

Parameter	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tons)		
Category of waste		
(i) Recycled	3,614.89	2,752.99
(ii) Re-used	0.30	0.31
(iii) Other recovery operations	0.02	0.01
Total	3,615.20	2,753.31
For each category of waste generated, total waste disposed by nature of disposal method (in metric tons)		
Category of waste		
(i) Incineration	6.95	7.57
(ii) Landfilling	23.25	16.16
(iii) Other disposal operations	0.00	0.00
Total	30.20	23.74

* Refer Sr. No 9 (Principle 6) for Major categories of Hazardous and Other Non-Hazardous Wastes.

Waste Disposal:

Sl. No.	Type of Waste	UOM	FY21-22	FY20-21
1.	E Waste	Metric Tonne	345.69	157.00
2.	Hazardous Waste	Metric Tonne	315.41	193.56*
3.	Non-Hazardous Waste	Metric Tonne	3,259.44	16,300.48**

Note:

* Includes Battery Waste

** Includes Plastic Waste

Indicate if any independent assessment/ evaluation Assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

The Waste disposed is assured by independent external agency i.e. DNV BUSINESS ASSURANCE INDIA PVT. LTD. For Waste Generation data, we are in the process of developing a comprehensive ESG report for Company's alignment with BRSR, GRI and WEF-ESG metrics, and independent assurance will be carried out by a third party on the report in due course. Any discrepancy on BRSR data, noted during the assurance engagement will be updated in the ESG report accordingly and placed in public domain.

- 9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.**

The waste management in all ATL Businesses (Generation, Transmission & Distribution) is carried out in accordance with environmental and legal requirements and the process is defined and followed as per approved SOP.

Following are the major categories of waste generated in company:

Hazardous Waste	Non-Hazardous Waste	E-Waste & Batteries
• Oil Drums • Used Transformer Oil • Used/ Spent Oil • Waste / Residue • Containing Oil MS barrel • Waste Resin • Waste Bitumen compound • Empty Contaminated Drums	• Wood Scrap • Plastic Scrap • Steel Scrap (tower material) • Aluminum Scrap (conductors) • GI Scrap • Metal Scrap • Aluminum Scrap (others) • Scrap Rubber • Scrap Copper • Scrap Corroded APH Baskets • Saw dust • MS scrap • Reinforcement steel • Cables	• Transformer • Mv Vfd Panel • Used Batteries • Switchgear • Meters • Capacitors • Relays • Igniters • Fuses

All business has defined criteria to segregate waste into mainly three categories: Hazardous Waste, Electronic and Electric Waste and Non-Hazardous wastes (or solid waste including metals and plastic).

The waste disposal is carried out in well-defined, standardized manner and complying with environmental and legal requirements. Following are the time frames adopted by AEML complying with environmental and legal requirements for safe disposal of wastes:

Type	Env. & Legal requirements?	Time frame for disposal
Hazardous	Yes	Disposal within 90 days*
Electronic & Electric (including meters)	Yes	Disposal within 180 days
Non-Hazardous	No	Transmission: - Disposal within 120 days Distribution: - Disposal within 365 days Generation: - Need based disposal

*Note: The Maharashtra Pollution Control Board (MPCB) has extended the stipulated time for disposal to 180 days owing to COVID- 19 restriction

The Central Procurement Group (CPG) organizes vendors for sale or disposal of waste in accordance with environmental & legal requirements. Vendors having Consent to Operate (CTO) issued by local regulator are prioritized over others.

The hazardous waste and other waste are disposed through appointed vendors (e.g., Mumbai Waste Management Ltd.) as per local regulations. Other solid and non-hazardous waste are given interested vendors either recycling/reusing the material.

The material management group at each business follows a coordinated process for generating scrap disposal note to CPG. The respective material management groups coordinate with vendors, AEML accounts & security team for evacuation of waste material from sites.

AEML proactively appoints parties who are recycling / reusing the waste material and only non-reusable/ recyclable materials or as required under local regulations are incinerated or landfilled.

AEML is focused on minimizing its impact on environment by adopting best waste disposal methodologies. Accordingly, AEML has taken up following initiatives:

1. Zero Waste to Landfill:
 - AEML intends to divert >95% of waste generated away from landfill or incineration (including ASH generated at thermal power station)
 - ADTPS is already certified for Platinum Category in Zero Waste to Landfill.
2. Single Use Plastic Free Environment:
 - AEML intends to eliminate use of single use plastic from all its operating facilities
 - ADTPS is already certified for Single Use Plastic Free Environment

10. If the entity has operations/offices in around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

Sr. No.	Location of operations/ offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
1	Dahanu Thermal Power Station	Electricity Generation	Yes

11. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
-----------------------------------	----------------------	------	---	--	-------------------

EIA notification is not applicable for Transmission Business (Including Substations). Although ATL conducts ESAI (Environment and Social Impact Assessment) study voluntarily as per business requirements. Few of the ESIA studies conducted at LBTL (Lakadiya Banaskantha Transmission Line), Western Region Strengthening Scheme (WRSS) and KVTL (Kharghar Vikhroli Transmission Line)

12. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India, such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format.

S. No.	Specify the law / regulation/ guidelines which was not complied with	Provide details of the non-compliance and Distribution	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken if any
1	For Transmission and Distribution Business Air & Water Act is not applicable No Non -compliance occurred at ADTPS			

Principle 7: Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent.

1. Number of affiliations with trade and industry chambers/ associations. List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to.

Sr. no.	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/National)
1	Electric Power Transmission Association (EPTA)	National and State
2	Northern Regional Power Committee (NRPC)	National and State
3	Confederation of Indian Industry (CII)	National and State
4	Federation of Indian Chamber of Commerce and Industry (FICC)	National and State
5	Association of Power Producers (APP)	National and State
6	Gujarat Chamber of Commerce and Industry (GCCCI)	State
7	Independent Power Producers Association of India (IPPAI)	National and State
8	Ahmedabad Management Association (AMA)	State
9	Quality Circle Forum of India (QCFI)	National and State
10	India Business and Biodiversity Initiative (IBBI)	National and State
11	National Safety Council	National and State
12	Gujarat Safety Council (GSC)	State
13	GRI South Asia Charter on Sustainability Imperatives (GRI)	National and State

2. Provide details of corrective action taken or underway on any issues related to anti-competitive conduct by the entity, based on adverse orders from regulatory authorities.

Name of authority	Brief of the case	Corrective action taken
NIL	NIL	NIL

Principle 8: Businesses should promote inclusive growth and equitable development.

1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.

Name and brief details of project	SIA Notification No	Date of notification	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
-----------------------------------	---------------------	----------------------	---	--	-------------------

Not Applicable: Social Impact Assessment (SIA) for the transmission business (including Substations) are not mandatory as per LARR Act (Land Acquisition, Rehabilitation and Resettlement Act), 2013 and its subsequent amendments. Transmission line (TL) does not lead to any physical displacement and hence Rehabilitation and Resettlement is not applicable for the projects.

In Transmission Business only ROW (Right of Way) is involved for construction activities, compensation for ROW is being provided as per local administrative orders.

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:

Name of Project for which R&R is ongoing	State	District	No. of Project Affected Families (PAFs)	% of PAFs covered by R&R	Amounts paid to PAFs in the FY (In INR)
NIL	NIL	NIL	NIL	NIL	NIL

3. Describe the mechanisms to receive and redress grievances of the community.

There is a designated person at the business locations/sites, who can be reached out to in case of any complaints or grievances from community members. These can be submitted orally or in writing. Additionally, the Program Officers working under the supervision of the CSR Head regularly engage with community stakeholders. Program Officers also serve as the first point of contact for the community to submit and redress grievances on a one-to-one basis.

4. Percentage of input material (inputs to total inputs by value) sourced from suppliers:

	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
Directly sourced from MSMEs/ small producers	50%	51%
Sourced directly from within the district and neighboring districts	The Company shall start monitoring and reporting this data in future.	

Company Efforts towards Inclusive Growth and Equitable Development:**CSR Programs for Women:**

"Saksham for women – Indian Institute of Women Skills" is an 'Adani Brand Strategic CSR' project, to improve the quality of life of the women in our society, especially those who are economically weak. ATL is committed to contributing to this program by engaging with its such segments in its consumer facing business geographies.

The objective of the project is development of the technical skills of women through specialized women's skilling institutes and offer suitable opportunity to improve household income. The objective is to make women self-reliant. Selected geographies includes strong presence of consumer-facing businesses and communities with a deep Adani footprint.

Based on discussions with potential employers, skills in demand within the Adani group, ecosystem and other high-in-demand market skills, Saksham Program offers some of the identified skill development courses and suitable livelihood opportunities

1. **Meter reading:** Meter reading is one of the core activities in current electricity, gas and water distribution sector in India and requires exceptional work ethics from person delivering the service. The meter reader training course aids one in building capability in technical execution, interaction with customers, troubleshooting problems with utility meters, this ultimately results in perfect meter reading skills as per industrial standards such as electricity meter reading, gas meter reading, water meter reading, etc.
2. **Bill distributors:** Bill distributor course trains the participants in picking up and delivering bills to consumers, apartments, and interacting with the customers in duties such as electricity bill distribution, gas bill distribution, courier services, etc.
3. **Local language call center:** Training for local language call center equips participants in a vocal communication channel that customers use to report requests or complaints to a business in positions such as tele caller, customer care representative, etc.
4. **Digital literacy:** Digital literacy course develops the capability to use digital technology and knowing when and how to use it in jobs such as cash counter operator in malls and shops, computer operator, data entry operator, etc.
5. **Self-employed tailors:** Tailoring skill course is the foundation of self-employed livelihood generation as it provides additional scope for jobs in the garment industry, approved manufacturing sector, etc.
6. **E-commerce delivery:** This training course equips the participants to get jobs in the emerging e-commerce sector such as food delivery, online shopping delivery, etc.
7. **Other skills training:** As identified from time to time. e.g., soft skills training for existing women drivers in the Mumbai market to increase their employability in the organized cab service market as in Mumbai the demand for women drivers is increasing for women passengers. Other soft skills programs are also designed to train service agents for restaurants and other food delivery ventures, etc.

Total Women Trained	45 women
Total Women Deployed (under productivity-based contracts) in for Meter reading & bill Distribution in AEML in FY22	28 women
Impact on their livelihood	• Increase in their household income • Women (Bill Distributors) BD's & (Meter Readers) MR's are living with more freedom, self-esteem and self-confidence. • Good respect in the society as they are now working with an esteemed organization • Gender Biasness mindset has been erased as male dominated work has been effectively done by women
Future Plan / Target	• Deploy "All women team" for Bill Distribution & Meter Reading activities (under productivity-based contracts) in below zones by FY-23 (subject to qualifying on job criteria) of Retail Electricity Distribution Network (AEML) • Meghwadi – Andheri division • Kalina – Vandre division • Shimpoli – Borivali division

Principle 9: Businesses should engage with and provide value to their consumers in a responsible manner

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

For the Adani Electricity Mumbai Limited (AEML) businesses, which is the only B2C business of the Company being reported herein, we have well defined systems for receiving and responding to consumer complaints and feedback. Consumers can share their complaint and feedback via email or through an online portal in our website. Timely and effective redressal of concerns/complaints raised by our stakeholders is a key priority for our businesses. All grievances are closed in a specified time with a final resolution.

To ensure that consumer grievances are resolved with speed, we follow a robust Consumer Redressal Process Flow.

For more details refer "Customer Grievance Redressal Mechanism" section on Page No. 201.

2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:

	As a percentage to total turnover
Environmental and social parameters relevant to the product	Not Applicable considering the nature of Company's product and services offerings
Safe and responsible usage	
Recycling and/or safe disposal	

3. Number of consumer complaints in respect of the following:

	Received during the year	Pending resolution at end of year	Remarks
Data privacy	0	0	NA
Advertising	0	0	NA
Cyber-security	16	0	Complaint not addressed to AEML directly. Complaints addressed to local Govt authorities and AEML was respondent to the complaints
Delivery of essential services	5,50,623	0	No supply complaints received from consumers of AEML
Restrictive Trade Practices	0	0	NA
Unfair Trade Practices	0	0	NA
Other	69,587	0	General Service-related complaints received from consumers of AEML.

4. Details of instances of product recalls on account of safety issues:

	Number	Reasons for recall
Voluntary recalls	Not Applicable	Not Applicable
Forced recalls	Not Applicable	Not Applicable

5. Does the entity have a framework / policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.

Yes, we have information privacy policy in line with its commitment to establishing and improving cyber security preparedness and minimizing exposure to associated risks.

Weblink: <https://www.adanitransmission.com/-/media/Project/Transmission/CorporateGovernance/Corporate-Policies-related-to-Good-Governance/Information-and-Security-Policy.pdf>

The B2C business of ATL i.e., Adani Electricity Mumbai Limited is certified with ISO-27001 Certified Information Security Management system has been established.

6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.

Not Applicable considering the nature of Company's product and services offerings.
