

ANNEXURE TO BOARD'S REPORT

BUSINESS RESPONSIBILITY REPORT 2021-22

[As per Regulation 34 (2)(f) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]

1. INTRODUCTION

As per the Securities and Exchange Board of India (SEBI) mandate, the top 500 listed entities, based on market capitalisation (calculated as on March 31 of every Financial Year), should include a Business Responsibility Report (BRR) as part of their Annual Report. KIOCL is presenting its BRR for the Financial Year 2021-22 as per the framework suggested

by SEBI. The Report covers the key initiatives in line with the 'National Voluntary Guidelines on Social, Environmental and Economic Responsibilities of Business' (NVGs), released by the Ministry of Corporate Affairs in July 2011.

The Business Responsibility Report of FY 2021-22 describes KIOCL initiatives towards economic, social and environmental fronts in India.

SECTION A: GENERAL INFORMATION ABOUT THE COMPANY

1	Corporate Identity Number (CIN) of the Company	L13100KA1976GOI002974		
2	Name of the Company	KIOCL LTD		
3	Registered address	II Block, Koramangala, Bengaluru - 560034		
4	Website	www.kiocltd.in		
5	E-mail id	cs@kiocltd.in		
6	Financial Year reported	April 1, 2021 - March 31, 2022		
7	Sector(s) that the Company is engaged in (industrial activity code-wise)	Product	Iron Ore Pellets	Pig Iron
		NIC Code	0710	24101
8	List three key products / services that Company manufactures / provides (as in balance sheet)	a) Iron Ore Pellets b) Pig Iron		
9	Total number of locations where business activity is undertaken by the Company			
	i. Number of International Locations (Provide details of major)	None		
	ii. Number of National Locations	Manufacturing Units: 2 Corporate Office: 1 Site / Liasioning: 6		
10	Markets served by the Company - Local/State/National/ International	KIOCL serves by selling Pellets to the national market and international market across the Globe.		

SECTION B: FINANCIAL DETAILS OF THE COMPANY

1	Paid up Capital (INR)	₹ 607.75 Crs
2	Total Turnover (INR)	₹ 3006.45 Crs
3	Total Profit Before Taxes (INR)	₹ 411.03 Crs
4	Total Profit After Taxes (INR)	₹ 313.41 Crs
5	Total Spending on Corporate Social Responsibility (CSR) as percentage of net profit after tax (%)	4.28 % (i.e., ₹ 13.41 crs on PAT of ₹ 313.41crs)
6	List of CSR activities in which expenditure has been incurred:	
	a. Contribution to PM CARES Fund	
	b. Disaster management - Flood Relief Activities	
	c. Health Care	
	d. Drinking Water Facility	
	e. Promotion of Education/ Skills	
	f. Environmental Sustainability	
	g. Promotion of Rural Arts and Culture	
	h. Community Development	
	i. Promotion of sports	

SECTION C: OTHER DETAILS**1 Does the Company have any Subsidiary Company/ Companies?**

The Company does not have any subsidiary.

2 Do the Subsidiary Company/Companies participate in the BR Initiatives of the parent company? If yes, then indicate the number of such subsidiary company(s)
Not Applicable**3 Do any other entity/entities (e.g., suppliers, distributors etc.) that the Company does business with; participate in the BR initiatives of the Company? If yes, then indicate the percentage of such entity/entities? {Less than 30%, 30-60%, More than 60%}**

The Company is not aware of any BR initiatives of any of its vendors.

SECTION D: BUSINESS RESPONSIBILITY INFORMATION**1. Details of Director/Directors responsible for BR****a) Details of the Director/Directors responsible for implementation of the BR policy/policies**

1	DIN Number	: 08672764
2	Name	: Shri K. V. Bhaskara Reddy
3	Designation	: Director (Production & Projects)
4	Telephone number	: 080-25531150
5	e-mail id	: dpp@kioclltd.in

b) Details of the BR head

1	DIN Number (If applicable)	NA
2	Name	Shri P. K. Mishra
3	Designation	Company Secretary
4	Telephone Number	080-25531525
5	Email Id	cs@kioclltd.in

2. NVG PRINCIPLES

The Nine Principles to be followed in areas Economic / Social / Environment for conducting in Business in a Responsible way:

P1	Ethics, Transparency and Accountability
P2	Product Life Cycle
P3	Wellbeing of all employees
P4	Stake Holder Engagement
P5	Human Rights
P6	Environment
P7	Public and Regulatory policy
P8	Inclusive growth / CSR
P9	Engage with and provide value to customers and consumers

2 (a) Details of compliance (Reply in Y/N)

S.No.	Questions	P1	P2*	P3	P4	P5	P6	P7	P8	P9
1	Do you have a policy / policy for	Y	N	Y	Y	Y	Y	Y	Y	Y
2	Has the policy being formulated in consultation with the relevant stakeholders?	Yes, the policies are formulated in consultation with stakeholders & as per the Government Guidelines, as the Company is a CPSE under Ministry of Steel.								
3	Does the policy conform to any national / international standards? If yes, specify? (50 words)	Yes, the Sustainable Development (SD) Policy addresses the essence of the nine NVG principles issued by Ministry of Corporate Affairs, Government of India.								
4	Has the policy been approved by the Board? If yes, has it been signed by MD/ Owner/CEO/ appropriate Board of Director?	The policies are approved at appropriate levels by the Competent Authority including the Board, whenever required.								
5	Does the company have a specified committee of the Board/ Director/Official to oversee the implementation of the policy?	Y	NA	Y	Y	Y	Y	Y	Y	Y
6	Indicate the link for the policy to be viewed online?	All policies can be viewed online at Company website at https://www.kioclltd.in .								
7	Has the policy been formally communicated to all relevant internal and external stakeholders?	“Y”, the communication with internal and external stakeholders on such matters is a continuous process.								
8	Does the company have in-house structure to implement the policy/policies?	Y	NA	Y	Y	Y	Y	Y	Y	Y

S.No.	Questions	P1	P2*	P3	P4	P5	P6	P7	P8	P9
9	Does the Company have a grievance redressal mechanism to address stakeholders' grievances related to the policy/policies?	Y	NA	Y	Y	Y	Y	Y	Y	Y
10	Has the company carried out independent audit evaluation of the working of this policy by an internal or external agency?	Y	NA	Y	Y	Y	Y	Y	Y	Y

* The products of Company are not end products, as such there is no policy on product life cycle

2 (b) If answer to S. No. 1 against any principle, is 'No', please explain why: (Tick up to 2 options)

Sl. No	Questions	P1	P2	P3	P4	P5	P6	P7	P8	P9
1	The Company has not understood the Principles	Not Applicable, as the company has formulated policies based on all nine principles except P2. Since products of company are not end products, as such there is no policy on product life cycle.								
2	The Company is not at a stage where it finds itself in a position to formulate and implement the policies on specified principles									
3	The company does not have financial or manpower resources for the task									
4	It is planned to be done within next 6 months									
5	It is planned to be done within the next 1 year									
6	Any other reason (please specify)									

3. GOVERNANCE RELATED TO BR

1 Indicate the frequency with which the Board of Directors, Committee of the Board or CEO assesses the BR performance of the Company.

The Board of Directors annually reviews the BRR.

2 Does the Company publish a BR or a Sustainability Report? What is the hyperlink for viewing this report? How frequently it is published?

The BR Statement is part of KIOCL's Annual Report. The hyperlink for viewing the Annual Report for the Financial Year 2021-22 is available at link <https://kioclltd.in/table.php?id=265>.

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1: Ethics, Transparency and Accountability

The Company acknowledges the vitality of image and reputation in adding value to the organisation. It believes that conducting business on the pillars of ethics and transparency, full disclosure and independent monitoring fosters trust of stakeholders as well as improves the reputation of the Company.

It has a Code of Conduct which provides an ethical road map to its Directors and senior management in order to facilitate the management to steer the Company in the right path. The Code of Conduct for all other employees is included in Company's service rules.

1 Coverage of policy relating to ethics, bribery and corruption (e.g., Joint Ventures, Suppliers, Contractors, NGOs etc.)

The Company's policy on bribery and anti-corruption covers all individuals working at all levels and grades. This mechanism includes directors, senior executives, officers, employees (whether permanent, fixed-term or temporary) and third parties including consultants, contractors or any other person associated with it. The well-defined policy lists tenets on ethical business conduct, definitions and the framework for reporting concerns.

2 Number of Stakeholder complaints received in the past financial year and percentage of complaints satisfactorily resolved by the management in the FY 2021-22

There is constant effort to enhance stakeholders' satisfaction level. As part of the business responsibility; a process is in place for Redressal of Stakeholders' Grievance. All the stakeholders are free to share their concerns and grievances with the Company through this structured mechanism. During the year, no stakeholder complaint was received.

Principle 2: Product Produced should be safe and contribute to sustainability throughout their life cycle

1 List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

The Company is currently producing **Pellets**, made from

Iron Ore Fines, generated during mining which otherwise would add to the environmental pollution.

It converts these Iron Ore Fines into Pellets through value addition using Pelletisation Technology. It thus produces a product (Pellets) which not only protects environment but also conserves mineral resources.

It also addresses the adverse impact on environment due to huge dump of Iron ore fines generated during mining over a period by producing Pellets using these iron ore fines.

2 For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

The Company believes in optimum consumption of electricity, furnace oil, water and other additives. It sets targets for specific consumption of major parameters. In order to achieve the target, it conducts energy audit at project site. The energy audit also helps to identify and prioritise energy efficient technological measures and saving opportunities.

The parameters in respect of major inputs like IOF, anthracite coal or coke fines, bentonite, limestone, energy, water, furnace oil for previous year and current year as per production rate is furnished below. The reduction during sourcing/production/ distribution as achieved throughout the value chain is detailed as:

Target Vs. Achieved

Description	Target	Achieved for 2020-21	Target	Achieved for 2021-22
Energy Kwh/MT for Pelletisation including grinding and ltration	64	74.36	64	76.95
Anthracite Coal or Coke Fines consumption Kg/MT	17	17.38	17	16.76
Bentonite consumption Kg/MT	7	6.63	7	7.46
Furnace oil Ltr/MT	17	15.0	17	15.17
*Water consumption M3/ MT	<1	0.57 M3	<1	0.58
Lime stone + Brunt Lime (Kg/MT)	29	26.00	29	27.90
IOF to pellets	1:1	1:1	1:1	1:1

- ii. Reduction during usage by consumers (energy, water) has been achieved since the previous year?

There has been slightly higher consumption of inputs i.e., power as above compared to previous year. The energy consumption has gone up due to variations in the quality parameters of IOF utilised during current year,

when compared to previous year 2020-21. The low Fe, higher percentage of silica, moisture, alumina and LOI has resulted in excessive consumption of energy and other inputs. However, the consumption of other raw material are within the targeted value.

3 Does the Company have procedures in place for sustainable sourcing (including transportation)?

The main raw material used in **Pellet making is Iron Ore Fines** and Company has a sustainable plan as under:

Short term plan: The Company has tied up with NMDC, a sister CPSE under Ministry of Steel for supply of upto 3 million tons of iron ore fines per year from NMDC Bailadila mines through Long Term Agreement. The Company is also processing iron ore fines from other mines from the State of Odisha and high-grade iron ore fines / concentrate from offshore.

Long Term Plan: The Company's mine at Kudremukh has been closed since January, 2006. The Government of Karnataka has notified for the mining lease of Devadari Iron Ore Mine in Bellary District, Karnataka in January, 2017 for captive consumption of Iron Ore and Manganese Ore. The action plan is in position to get various statutory clearances in order to start mining operation.

Company will undertake development of iron ore mines, Construction and commissioning of beneficiation plant along with infrastructure development viz Railway siding, water pipeline, power transmission line, conveyor corridor with capital investment of around ₹ 1500-2000 Crores. The iron ore produced from this mine will be transferred through road, railways and utilized in the existing pellet plant and pig iron plant at Mangaluru. Setting up of pellet plant at Devadari site is envisaged at later stage.

4 Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

Being a CPSE, KIOCL follows Public Procurement Policy for Micro and Small Enterprises (MSEs) in pursuance to the Micro, Small and Medium Enterprises Development (MSMED), Act, 2006 from the year 2015-16.

As a part of the procurement policy, the Company identifies items and **exclusively reserves them for purchase** from Micro and Small Enterprises & had procured 33.92 % **from only MSE** out of total procurement in the FY 2021-22.

5 Does the company have a mechanism to recycle products and waste? If yes what is the % of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

The waste generated from the manufacturing of pellets is recycled and reused. A process is in place to recycle wastes generated during the manufacturing cycle. Apart from the production waste, other general wastes produced are also recycled and the details are as follows:

1. Waste Generated During Manufacturing

- The Pellet manufacturing process generates waste of 3% (5mm size) approximately of pellet fines. Hence the waste generated is reused again for pellet making through recycling process.
- IOF processing, slime generated is own out through thickener over flow to dump pond which is again recycled during dry season.
- Pellet fines collected through de-dusting and wet scrubbing is reused for pellet making through recycling.

2. Other Wastes

- Canteen Waste and Garden waste-** The canteen waste, which includes food waste, vegetable waste as well as the garden waste which constitutes dead and dry leaves and flowers are used for making compost in the plant premises itself so as to avoid the use of pesticide and chemical fertilisers.
- Sewage Sludge** generated during the sewage treatment is used as manure in the garden. The entire quantity of treated sewage effluent is completely recycled in the Process.
- Grey Water** is also recycled in the Process after treatment in the STP.
- Bio Medical waste** is disposed of through authorised KSPCB agencies.

Principle 3: Wellbeing of all employees

KIOCL believes that its people are its most valuable asset for progressive growth of Company. Their knowledge, experience and passion to perform are fundamental to the progress of the organisation and its upward growth. KIOCL provides its employees with opportunities that encourage them to excel and ensures a work environment that promotes well-being. KIOCL neither discriminates among present employees nor during the recruitment process, on the grounds of religion, race, colour, gender and disability. Providing equal opportunities to all is an integral aspect of the Company's responsibility towards its employees.

KIOCL's Management believes in the freedom of association and hence the Company has two recognized workers' unions. The Company's management is accessible at all points of time to redress any employee / worker concerns and complaints as per well-defined procedures.

KIOCL endeavours to keep its employees abreast with the latest technical knowledge. Skill refresher courses are regularly

conducted at KIOCL and necessary training sessions are held for its workforce as and when required.

Key employment related data as of the end of the reporting year 2021-22 is provided in the table below:

1	Total Number of Employees (On Company Roll)	699
2	Total number of employees hired on temporary/contract/ casual basis	579
3	Total number of permanent women employees	23
4	Total number of permanent employees with disabilities	11
5	Do you have an employee association that is recognized by the management?	Yes
6.	What percentage of your permanent employees or members of this recognized employee association? Employee's & Officer's Union	Employee – 94 % Officers – 76 %

7. Please indicate the number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

As on the end of the Financial Year 2021-22, there was no complaint relating to child labour, forced labour, involuntary labour, sexual harassment, discriminatory employment. For protection against sexual harassment of women at work place, KIOCL has constituted an internal complaints committee in lines with the requirement of the sexual harassment of women at the work place (Prevention, Prohibition and Redressal) Act, 2013 to redress sexual harassment complaints.

8 What percentage of under mentioned employees were given safety and skill upgradation training in the last year?

a.	Permanent employees	65 %
b.	Permanent women employees	91 %
c.	Casual/temporary/contractual employees	84 %
d.	Employees with disabilities	91 %

Principle 4: Businesses should respect the interests of and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized

1 Has the company mapped its internal and external stakeholders?

Yes, KIOCL has mapped its internal and external stakeholders which includes:

- Government and regulatory authorities
- Employees

- Customers
- Local community
- Investors and shareholders
- Suppliers
- Trade unions

2 Out of the above, has the company identified the disadvantaged, vulnerable & marginalized stakeholders?

Yes, the Company identifies the disadvantaged, vulnerable & marginalized stakeholders in the vicinity of its projects / operations and conducts various activities under CSR to benefit them. In addition, the Company follow a system of timely feedback and response through formal and informal channels of communication.

3 Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders?

The Company engages with the marginalised section as and when required in terms of help in the field of medical assistance as in provision of an ambulance, holding medical camps in villages, educational institutions where children from the underprivileged communities are provided scholarship. These special initiatives are taken on merit basis.

Principle 5: Respecting and Promoting Human Rights

KIOCL strongly believes in respecting and upholding the human rights of all its internal and external stakeholders. In pursuance to this policy, KIOCL follows International Labour Organization guidelines and the Indian Factories Act, 1948 which provides the framework for the organization to comply with all applicable laws of the land pertaining to human rights.

1 Does the policy of the company on human rights cover only the Company or extend to the Group / Joint Ventures/ Suppliers/ Contractors/ NGO's / Others?

KIOCL believes that a sustainable organisation rests on a foundation of ethics and respect for human rights. KIOCL's policies demonstrates its commitment towards the preservation of human rights.

KIOCL promotes awareness of the importance of respecting human rights within its value chain and discourages instances of abuse.

2 How many stakeholder complaints have been received and in the past financial year and what percentage was satisfactorily resolved by the management?

During FY 2021-22, the Company has received 4 complaints from society and the same were disposed off by the management. The Company has well defined process in place including Public Portal for receiving complaints from stakeholders.

Principle 6: Environment Management

Business should respect, protect and make efforts to restore the environment

The Company has a Quality, Occupational Health, Safety and Environmental Policy in place and steps are being taken to extend it to the major contractors and sub-contractors. KIOCL Production unit has subscribed to the ISO 9001, ISO 14001, (Environmental Management System) and ISO 45001 Occupational Health and Safety Standard. The Company continually identifies and assesses potential environmental risks associated with its operations and complies with applicable environmental regulations.

1 Does the policy related to Principle 6 cover only the Company or it extends to the Group/ Joint Ventures/ Supplier/Contractors/ NGOs/others?

KIOCL's Health, Safety and Environmental policy is a comprehensive document which identifies environmental preservation and pollution prevention as their responsibility. KIOCL's policy is not extended to the others. However, the suppliers / contractors may have their own policies.

2 Does the company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc.? Y/N. If yes, please give hyperlink for webpage etc.

KIOCL, as a responsible company has taken initiatives to address the cause of Global environmental issues and as a part of the initiatives, following has been carried out:

- The Company has taken up plantation work within the Plant and have planted 200 saplings in plant area during the year 2021-22.
- 1 MW solar power plant is operational in Blast Furnace Unit area.
- The Company has completed the feasibility studies with regard to changing the fuel from Furnace Oil to LNG for operating DG sets in Captive power plant (CPP) and for burners in the indurating machine of Pellet Plant. Consultant is being appointed for basic and detailed engineering for installation of gas burners in indurating machine.

3 Does the company identify and assess potential environmental risks? Y/N

Yes, the Corporate environment policy guides the Company's efforts on environmental management. Company attempts to resolve the environmental issues and mitigates the problem whenever observed at plant level through its environmental cell. The Company is certified for environmental management standard hence as part of compliance to this, aspect-impact registers are in place which identifies potential environmental risks along

with appropriate mitigation plans. Further, environment risks are identified in the risk matrix and discussed in the internal audit review meeting.

4 Does the company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if Yes, whether any environmental compliance report is filed?

Pellet plant is using furnace oil as the fuel in Indurating machine furnace. M/s Gas Authority of India Limited (GAIL) has established an LNG terminal in Cochin and laid a pipeline from Cochin to Mangalore to provide Natural Gas (NG) to industrial users. Natural Gas is a new age fuel. With only one carbon and four hydrogen atoms per molecule, Natural Gas has the lowest carbon to hydrogen ratio, hence it burns completely, making it the cleanest of fossil fuels. Company has prepared TEFR for use of LNG in the plant.

5 Has the Company undertaken any other initiatives on clean technology, energy efficiency, renewable energy, etc? Y/N. If yes, please give hyperlink for web page etc.

As a part of clean development mechanism, the following initiatives were taken as a commitment to reduce emissions, energy efficient lighting, improvement of air quality, reduction of costs too.

1. Grid connected Roof Top Solar plants have been set up in the Captive Power Plant (CPP) area of Pellet Plant Unit (PPU). The total capacity of the plant is 83.2KW. These solar plants have been setup on top of the cooling Water Plant and the CPP office buildings.
2. A similar grid connected plant has also been set up in the Blast Furnace Unit (BFU) with a total capacity of 293 KW. Four units have been set up on top of the stores (140 KW), Welfare Building (51 KW), Administration Building (64 KW) and MSDS building (38 KW). All units are in operation.
3. A ground based solar system of 1 MW capacity has been commissioned and in operation from Nov 2018 onwards. The generated energy is being consumed at PPU.
4. The total solar generation for the year 2021-22 is as under:
 - (i) Roof top solar plant at CPP = 1.8681 Kwh Units
 - (ii) Roof tops solar plant at BFU = 3,78,421 Kwh Units
 - (iii) 1MW ground based solar system = 15,90,366 Kwh Units
 - (iv) 5MW ground based solar system = 77,17,200 Units
Total Solar Energy Generated = 97,94,668 Units
5. 5MW capacity solar plant is commissioned in Chikkanayakanhalli, Tumkur District in March 2021, the generation of which is wheeled to Bangalore

Electric Supply Company for Captive use @ Company's Mangalore establishments.

6. The savings from the wheeling of 5MW solar Energy is 4.95 Crores, from 1MW solar system is one crore and from roof top Rs. 9.74 lakhs. The total saving from the solar energy generation for the year 2021-22 is Rs. 6.0474 Crores.
 7. As part of our effort towards cutting down the cost of energy consumed, we have utilised 5.516 GWh by bidding in Indian Energy Exchange (IEX) which is 3.51% of our total energy utilized in Pellet Plant Unit.
 8. The Company had purchased renewable energy of 6.60 GWh through wheeling which is 4.2% of our total energy utilized in Pellet Plant Unit. This has also saved our energy cost as well as fulfilled Non-Solar Renewable Energy Purchase Obligation.
 9. The Company had opted "Special Incentive Scheme" from MESCOM which is risk free compared to IEX energy bidding and saving is at par with the savings from IEX bidding. Savings from this incentive scheme is Rs 5.03 Crores in the year 2021-22.
 10. The total saving from IEX bidding and Wheeling of renewable energy is Rs. 1.429 Crores in the year 2021-22.
 11. Another cost saving measure is taken up with MESCOM to increase the Contract Demand (CD) from 20 MVA to 23 MVA thus reducing number of DG operation and maximize the bidding from IEX which is cheaper than MESCOM energy, thereby reducing the monthly electricity bills. However, this is yet to be considered by MESCOM.
- 6 Is the Emissions/Waste generated by the Company within the permissible limits given by CPCB/SPCB for the financial year being reported?**

The environmental monitoring is being carried out as stipulated in the 'Consent to Operate' issued by the KSPCB. The details are as under:

- a. Analysis of treated Sewage effluent – Once in a month by KSPCB (5 Parameters).
- b. Ambient air quality monitoring - 4 Stations within the Plant premises and all parameters stipulated as per the National Ambient Air Quality Standards.
- c. Stack Emissions (10 No's) in Pellet Plant – Particulate Matter, Sox & Nox.
- d. Stack Emissions from DG Sets (3 No's at CPP & 3 Diesel DG Sets in PP) Monitoring of 4 parameters (PM, CO, Nox & NMHC).
- e. The noise levels are being monitored at four stations (Day & Night Time).

The environmental monitoring data is being forwarded to the Regional Office of the KSPCB, Mangalore on a monthly basis and the half yearly data is being submitted to the MOEF.

7 Number of show cause/ legal notices received from CPCB/SPCB which are pending (i.e., not resolved to satisfaction) as on the end of Financial Year.

The Company fully complies the Environmental regulations and has not been issued any legal notice whatsoever during the FY 2021-22.

Principle 7: Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner.

1 Is your company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

- Standing Conference of Public Enterprises, New Delhi (SCOPE)
- Federation of Indian Mineral Industries, New Delhi (FIMI)
- Pellet Manufacturer Association of India, New Delhi (PMAI)
- Institute of Directors, New Delhi (IOD)
- Federation of Karnataka Chamber of Commerce & Industry, Bangalore (FKCCI)
- Federation of Indian Exporters Organisation, New Delhi (FIEO)
- Indian Institute of Materials Management (IIMM)

2 Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

KIOCL has not lobbied / advocated through any association for advancement or improvement of public good so far.

Principle 8: Businesses should support inclusive growth and equitable development

The CSR activities are guided by KIOCL's vision and philosophy of ethical, value-based and transparent functioning. The Company implements various CSR initiatives through Company's own internal team, based on inputs received from Local Authorities, Business Associations, Social and Philanthropic Organisations of repute and Civil Society, wherever deemed necessary. The Company believes that its success is interlinked with the well-being of all sections of the society and equal opportunity for all sections. The Company continues to ensure no discrimination

of any type to socially disadvantaged sections at the work place. The key contributions of 'inclusive growth and equitable development', is a part of KIOCL's CSR Report which is a part of 2021-22 Annual Report.

1. Does the company have specified programmes/ initiatives/projects in pursuit of the policy related to Principle 8? If yes details thereof.

Yes, KIOCL believes in creating opportunities for the people around its operations to enable a sustainable future and ensure inclusive growth.

KIOCL's community development activities focus on areas of health, sanitation, education and infrastructure.

KIOCL's CSR initiatives are aligned to aspects such as education, healthcare, skill enhancement, infrastructure development, promoting sportsmanship, women empowerment among others.

The various initiatives undertaken during FY 2021-22 are a part of CSR Report as published along with 2021-22 Annual Report.

2 Are the programmes/projects undertaken through in-house team/own foundation/ external NGO/ government structures/any other organization?

The Company has an **in-house CSR team** at the Corporate & Plant level and at each level. Dedicated CSR teams are in place to plan, implement, monitor and review various community development initiatives/programs.

Company believes in a participatory approach towards implementing CSR initiatives and collaborates directly with end beneficiaries to deliver the programs and projects.

3 Have you done any impact assessment of your initiative?

The CSR Policy is formulated to commit for enhanced value-creation for the Society, shareholders, other stakeholders and the communities by taking-up activities and initiatives for sustainable growth for the Society, with environmental concern. The programmes / projects are generally chosen in the local areas of the Company's manufacturing units. These programmes / projects are implemented by the teams of the Company. However, considering the nature of the projects undertaken, the Company did not do the impact assessment in the Financial Year 2021-22.

4 What is your company's direct contribution to community development projects- Amount in INR and the details of the projects undertaken?

During the FY- 2021-22 a sum of ₹ 1341.46 Lakhs has been spent on various Community Development Projects. Project Details are part of our CSR Report published in 2021-22 Annual Report.

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so.

Our CSR initiatives are implemented based on a collaborative and participatory approach. Community development is an on-going process & is carried out on a regular basis.

Project selection is based on requests received from local representatives and selected after studying and understanding the need, geographic location and available funds. Implementation plans are prepared for project execution with the help of various local representatives for community development projects. The CSR team interacts with the beneficiaries at various stages of the project implementation to ascertain the efficacy of the project.

Principle 9: Businesses should engage with and provide value to their customers and consumers in a responsible manner.

Customers & Customer service is a part of KIOCL focus; hence customer focused metrics are of crucial importance. KIOCL has a structured customer complaint redressal system to address any sort of customer concern or grievance.

Any customer complaint lodged is directed to the respective department for action. A process is in place at the Company to address the customer complaint. All complaints received from the customers are acknowledged, investigated and responded to as per the Standard Operating Procedures.

1 What percentage of customer complaints/consumer cases are pending as on the end of financial year?

No Complaint is pending for the FY 2021-22
