The aim of the project is to transform the lives of the members of 500 households living in 7 hamlets of Kaulale village in Jawhar, Maharashtra, which has been adopted by Pfizer. The objective of the program is to:

- i. Improve access and availability of drinking water all-round the year.
- ii. Ensure access to nutrition, sanitation and healthcare facilities.
- iii. Improve livelihood options through an increase in productivity and diversification.
- iv. Create awareness regarding water and water conservations.

With these interventions, we hope to build sustainable, productive, healthier and self-sufficient communities in the region. Over 250 households have been benefited from the interventions. Planned activities include infrastructure support for four primary schools and three healthcare centres in the area and capacity-building of landless farmers and women self-help groups (SHGs).
