2. a. Does the company have procedures in place for sustainable sourcing? (Yes/No)

Yes, at Sanofi we proudly uphold our Supplier Code of Conduct, endorsed by Sanofi Global, which underscores our commitment to sustainable procurement practices. Our dedication extends beyond mere compliance; we actively seek to bolster our environmental and societal footprint by proactively mitigating risks through a meticulously crafted, risk-based strategy.

Sanofi assess the supplier in key areas such as Health, Safety, and Environment (HSE), Corporate Social Responsibility (CSR), Anti-Bribery, Due Diligence (ABDD), cyber security and financial stability. We conduct the assessments related to CSR and HSE through the third-party platform. Sanofi recognizes the risk of significant adverse impact which may be associated with extracting, trading, handling, and exporting minerals from conflict-affected and high-risk areas. We are committed to our social responsibility to respect human rights and not contribute to conflict. We have identified these critical suppliers, who are audited each year. In addition, sustainability team has also identified suppliers with higher emission and are regularly assessed to measure the environmental impact.

b. If yes, what percentage of inputs were sourced sustainably?

Our practices are aligned with the global Supplier Code of Conduct laid down by Sanofi Global. As part of this commitment, 6.5% of total suppliers were audited globally out of which many suppliers are from India.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at

the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

At our manufacturing site and office, a robust waste management program is in place, ensuring responsible handling and disposal of all waste materials. From the point of generation, waste is segregated and managed according to its nature, adhering to strict protocols. Non-hazardous materials such as plastic, paper, wood, metal, and glass are carefully collected and provided to authorized recyclers, while e-waste is entrusted to Pollution Control Board approved facilities for recycling. Pharmaceutical waste and ETP sludge are efficiently utilized in co-processing at cement plants, while used oil undergoes refining through approved agencies. Through our diligent efforts, we have achieved a zero landfill outcome from our operations. Moreover, adherence to Plastic Waste Management Rules ensures that plastic waste from product packaging in the market is effectively managed, underscoring our commitment to environmental sustainability and regulatory compliance.

4. Whether Extended Producer Responsibility (EPR) is applicable to the company's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Yes, Sanofi adheres to the Plastic Waste Management Rules, as periodically amended and mandated by the statute. The Company engages with a waste management agency to gather post-consumer plastic waste, sourced from municipal garbage. Additionally, Sanofi has presented a collection plan delineating its strategy for retrieving plastic waste and multilayered packaging resulting from its products, by the stipulations of the Plastic Waste Management Rules. To fulfil the obligations outlined in Extended Producer Responsibility (EPR) regulations, the Company has made necessary arrangements.

5. Has the company implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

At the Goa site, we have installed a state-of-the-art and implemented an effluent treatment plant to responsibly manage the wastewater generated from production processes. Following treatment, the effluent is utilised for gardening purposes, aligning with our commitment to sustainable water management practices. Across our Mumbai site, we have installed a sewage treatment plant to effectively treat domestic sewage. The treated sewage effluent is then utilized for toilet flushing and gardening, minimizing our environmental impact while maximizing resource efficiency. Any excess quantity beyond our internal requirements at the Mumbai office is discharged in accordance with regulations set forth by the Pollution Control Board, ensuring compliance with environmental standards. Through these initiatives, we uphold our dedication to environmental stewardship and sustainable business practices, actively contributing to the preservation of our natural resources and the well-being of our communities.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

Sanofi has implemented a comprehensive waste management strategy in line with its commitment to creating a cleaner and more environmentally friendly setting. The Company has embraced the 3R approach, focusing on reducing, reusing, and recycling, which has significantly minimized waste generation and fostered a culture of circularity across its operations.

At Mumbai Office we are ensuring to go paperless in our transactions by implementing digitalization across the operations & electronic payments. All hazardous waste produced on-site, including ETP sludge, e-waste, used oil, batteries, and biomedical waste, undergo appropriate disposal methods such as co-processing, recycling, refining, or incineration, depending on the waste category. Notably, the Company has successfully eliminated the practice of landfilling hazardous waste from its operations. For non-hazardous waste such as plastic, paper, wood, glass, and metal, Sanofi follows recycling practices and adheres to the applicable Plastic Waste Management rules. We also abide by Extended Producer Responsibility (EPR) by collecting end-use plastic and ensuring approved disposal methods sanctioned by the Central Pollution Control Board. Additionally, all non-saleable pharmaceutical products at distributor locations are collected and sent for incineration.

11. If the company has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals/clearances are required, please specify details:

Sanofi India’s manufacturing facility and office location are strategically situated away from ecologically sensitive areas. We prioritize environmental stewardship by ensuring minimum environmental footprint and maximising value for all stakeholders.

Principle 9: Businesses should engage with and provide value to their consumers in a responsible manner

Essential indicator

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

At Sanofi India, we have established a systematic approach to address consumer complaints. When it comes to product-related issues, our dedicated Quality Team takes charge. They diligently engage with customers, ensuring thorough follow-up and swift resolution, which may include providing replacements for any defective products. On the other hand, complaints concerning personnel, supply, or service matters are channelled directly to the respective specialized teams. These teams handle the complaints promptly, leveraging their expertise to provide effective solutions tailored to the specific nature of each concern. This structured process allows us to uphold our commitment to customer satisfaction and maintain the highest standards across all aspects of our operations.

2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:

As a percentage to total turnover	
Environmental and social parameters relevant to the product	100%
Safe and responsible usage	100%

Leadership Indicator

1. Channels/platforms where information on products and services of the company can be accessed (provide web link, if available).

Information related to our products and services can be found on our website: www.sanofi.in

2. Steps taken to inform and educate consumers about safe and responsible usage of products and/ or services.

Each product is accompanied by packaging or information labels that clearly communicate essential details to our consumers. These labels include instructions for safe use, composition, effects, and guidance on appropriate storage conditions, among other pertinent information. Furthermore, we enhance consumer access to in-depth product information by incorporating QR codes that open links containing comprehensive details related to product safety and proper usage. This commitment reflects our dedication to transparency and ensuring the well-informed use of our products. Consumers are effectively communicated on the critical significance of procuring genuine products exclusively from authorized distributors rather than opting for unverified online platforms. This concerted effort underscores our commitment to ensuring consumer trust and upholding the integrity of our brand.

3. Mechanisms in place to inform consumers of any risk of disruption/ discontinuation of essential services.

In adherence to the regulations set forth by the National Pharmaceutical Pricing Authority, we adhere to a transparent process regarding the discontinuation of any scheduled formulation. This entails issuing a public notice to relevant stakeholders and notifying the Government at least six months in advance of the intended discontinuation date.

4. Does the company display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief.

Yes, we have implemented product information for our products ranges as per the local laws viz., pregnancy warning labelling across our Sodium Valproate range of products marketed in India. By prominently displaying clear and concise warnings on product packaging, we aim to enhance awareness among healthcare professionals and patients.

Report on Corporate Governance

Company’s philosophy on Code of Governance

Sanofi India Limited (‘the Company’) believes that good Corporate Governance fosters long-term corporate goals and enhances stakeholders’ value. Every day at Sanofi, we chase the miracles of science to improve people’s lives. This means being exemplary in how we do business and unlock our innovation potential because when it comes to building trust, the actions we take and decisions we make speak louder than words. Our Code of Conduct is our constitution, supporting each of us to maximize opportunities while minimizing risks; to make bold and ethical decisions that activate our purpose; and to keep our patients and customers at the heart of all we do.

We implement policies and guidelines, communicate, and train all stakeholders to develop a culture of compliance at every level of the organization. With more than 67 years of presence in India and building a legacy of heritage brands and best-in-class medicines for the people, the Company’s governance framework has evolved over decades fueled by its purpose. Conducting the operations with ethics and integrity is fundamental to the Company’s philosophy and business ambitions. The Company will continue to foster responsible growth, creating long-term value for our stakeholders and business partners.

Board processes:

1. A detailed agenda, setting out the business to be transacted at the meeting(s), supported by detailed notes and presentations, if any, is sent to each Director at least seven days before the date of the Board Meeting(s) and of the Committee meeting(s) except where meetings have been convened at a shorter notice to transact urgent business.
2. The Directors are provided with the video conferencing (VC) facility to participate in Board and Committee meetings. The Directors participated in these meetings either through the VC facility or in person.
3. All material information is circulated to the Directors before the meeting, including minimum information required to be made available to the Board as prescribed under Part A of Schedule II of the Listing Regulations. The Board also, *inter-alia*, periodically reviews strategy and business plans, annual operating and capital expenditure budget(s), investment(s), compliance reports of applicable laws, as well as steps taken by your Company to rectify instances of non

compliances, if any, minutes of the Committees of the Board, approval of quarterly/half-yearly/annual results, updates on labour issues, safety and risk management, transactions pertaining to purchase/disposal of property(ies), divestments, etc.

4. The Company has well-established framework for the meetings of the Board and its Committees to enable decision making process at the meetings in an informed and efficient manner. The Directors have unrestricted access to all the information pertaining to the Company.
5. The Board has constituted Audit Committee, Nomination and Remuneration Committee, Corporate Social Responsibility Committee, Stakeholders Relationship Committee, and the Risk Management Committee. Each of the Committees deal with matters as mandated by the statutory regulations and play a very crucial role in the overall governance structure. All the Committees have specific terms of reference approved by the Board which outlines the composition, scope, powers & duties and responsibilities. At each Board meeting, the Chairperson of respective Committees briefs the Board on matters discussed by the Committee at

their respective meetings. The minutes of the meeting of all Committees are placed before the Board for review. During the year, all recommendations of the Committees of the Board have been accepted by the Board.

6. The Company Secretary attends the meetings of the Board and its Committees and is, *inter-alia*, responsible for recording the minutes of such meetings. The draft minutes of the Board and its Committees are sent to the Chairpersons and Members for their comments in accordance with the Secretarial Standards.

The Company adheres to the provisions of the Act, Secretarial Standards and Listing Regulations with respect to convening and holding the meetings of the Board of Directors, its Committees, and the General Meetings of the members of the Company.

Meeting of the Independent Directors:

The Independent Directors of the Company meet without the presence of the Executive Directors and other Non-Executive Director or any other Management Personnel. These Meetings are conducted to enable the Independent Directors to, *inter-alia*, discuss matters pertaining to review of performance of Executive and Non-Independent Directors and the Board of Directors as a whole, assess the quality, quantity, and timeliness of flow of information between the Company Management and the Board that is necessary for the Board to perform their duties effectively. During the year ended December 31, 2023, the Independent Directors met once on February 23, 2023. Mr. Aditya Narayan chaired the meeting.

Familiarization Programme for Directors:

Familiarization Programmes are conducted for Independent Directors to enable them to understand their roles, rights and responsibilities. Presentations are also made at the Board meetings which facilitates them to clearly understand the business of the Company and the environment in which the Company operates. Regulatory updates are provided with necessary documents required for them to have a good understanding of Company’s operations, businesses, and the industry as a whole.

Further, they are periodically updated on material changes in regulatory framework and its impact on the Company. When an Independent Director is inducted on the Board, a detailed induction program is conducted including organization structure, ethics and compliance practices, key therapies and products in which the Company operates, human resources overview like talent acquisition initiatives, performance management, succession planning, Company policies, etc.

The details of such familiarization programmes for Independent Director(s) are put up on the website of the Company and can be accessed through the following link: [Familiarization Programme - Sanofi India \(sanofiindia.com\)](#)

Performance Evaluation of the Board/Committees/Directors:

The Company follows a structured assessment process for evaluation of performance of the Board, Committees of the Board and individual performance of each Director including the Chairman based on the criteria approved by the Nomination and Remuneration Committee. The Chairman of the Board leads the exercise of the Performance Evaluation with the Company Secretary, assisting him.

The evaluation is based on parameters like level of participation of the Directors, understanding of the roles and responsibilities of Directors, understanding of the business and competitive environment in which the Company operates, understanding of the strategic issues and challenges for the Company, etc. The performance of the Independent Directors is also evaluated taking into account the time devoted, strategic guidance to the Company, advice given for determining important policies,

external expertise provided and independent judgment that contributes objectively to the Board’s deliberation.

The performance evaluation of the Board is carried out taking into account the various parameters like composition of Board, process of appointment to the Board, common understanding amongst Directors of their role and responsibilities, timelines and content of Board papers, strategic directions, advice and decision making, etc. The Board also notes the actions undertaken, pursuant to the outcome of previous evaluation exercises. Each Committee’s self-assessment is carried out based on the degree of fulfillment of the key responsibilities as outlined by its terms of reference.

For the year ended December 31, 2023, evaluation forms were circulated to the Board Members. Each Director completes the evaluation form and shares feedback.

The feedback scores as well as qualitative comments are then shared with the Nomination and Remuneration Committee and presented by the Chairman to the Board. The feedback on Committee Evaluation is shared by the Committee Chairperson with the Committee Members. Nomination and Remuneration Committee is convened to discuss the outcome of performance evaluation exercise. The Chairman of the Board and the Chairperson of the Nomination and Remuneration Committee briefs the Board on the overall outcome.

The evaluation of individual Directors is on parameters such as attendance, contribution and independent judgement.

During the year, Board evaluation exercise was completed by the Company internally which included the evaluation of the Board as a whole, Board Committees and Peer evaluation of the Directors. The outcome and action points were discussed by the Board in February 2024. The Board agreed to focus on areas of succession planning for key roles and implementation of strategic initiatives as part of the outcome of Board evaluation for the year 2023.

Commodity price risk or foreign exchange risk and hedging activities

The Company classifies this risk as market risk. This risk comprises three types of risks namely interest rate risk, currency risk and other price risk, such as commodity risk.

The Company is not exposed to interest rate risk and commodity price risk.

Currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates and arises where transactions are done in foreign currencies. It arises mainly where receivables and payables exist due to transactions entered in foreign currencies. The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies including use of derivatives like foreign exchange forward contracts to hedge foreign currency risk.

The exposure to currency risk is explained in detail in the notes to the financial statements.

Independent Auditor’s Report

To the Members of Sanofi India Limited

Report on the Audit of the Standalone Financial Statements

Opinion

1.

We have audited the accompanying standalone financial statements of Sanofi India Limited (“the Company”), which comprise the Standalone Balance Sheet as at December 31, 2023, and the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.
2.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at December 31, 2023, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

Key audit matter	How our audit addressed the key audit matter
Tax litigations and contingencies. (Refer Notes 9(a), 9(b), 23, 39(a), 39(b) and 43 to the standalone financial statements) As at December 31, 2023, several litigations under direct and indirect tax laws are pending for decision at various authority levels, in respect of which, the Company has disclosed contingent liabilities of ₹ 2,909 million. The management’s assessment with regard to the tax matters is supported by views from independent consultants. We considered this as a key audit matter, as evaluation of these matters requires significant management judgement and estimation, interpretation of laws and regulations and application of relevant judicial precedents to determine the probability of outflow of economic resources for recognising provisions and making related disclosures in the standalone financial statements. The application of accounting principles as given under Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets, in order to determine the amount to be recognised as a provision, or to be disclosed as a contingent liability, needs careful evaluation and judgement to be applied by the management.	Our audit procedures included the following: - Understanding and evaluation of the design and testing the operating effectiveness of key controls in respect of assessment of tax litigations and contingencies, its accounting and disclosures in the standalone financial statements; - Obtaining a complete list of litigation matters and reading the underlying orders and other communications received from tax authorities and management’s responses thereto, to assess the status of the litigations; - Evaluating the independence, objectivity and competence of management’s experts involved; - Reading the management’s experts’ views, as applicable; - Evaluating the management’s assessment on the probability of outcome and the magnitude of potential outflow of economic resources in respect of tax matters including involvement of our tax specialists for assessing complex tax matters, based on recent rulings and latest developments in case laws; - Evaluating appropriateness of the Company’s disclosures in the standalone financial statements. Based on the audit procedures performed, we did not identify any significant exceptions relating to the provisions recognised and disclosures made in the standalone financial statements in respect of the tax matters.

Basis for Opinion

3.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the “Auditor’s Responsibilities for the Audit of the Standalone Financial Statements” section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

4.

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
