Please explain in 50 words or so.                                                                                                                                                    | <p>Yes, Schneider Electric India as a group has taken community development initiatives.</p> <p>The Company is not required to spend any budget towards the mandatory CSR spend under the CSR rule as per the Act, since the Company has been at a loss, at an average, for last 3 financial years. However, in the financial year 2021-2022, we, as Schneider group ("Group") was actively involved in CSR activities. The Group has also aligned its programs to contribute to UN set Sustainable Development Goals 2030 ("SDG").</p> <p>The Group stood strong with India in its fight against COVID in the deadly second wave in Q1 followed by the third wave in Q3-Q4. We extended our support by providing medical equipment like ICU beds, ventilators, PMUs and oxygen generators to 11 Hospitals across India. At the same time the group continued to fulfill its commitment in the areas of Education, Employment, Entrepreneurship, Electrification, Environment and Emergency relief through its various CSR initiatives.</p> <p>To facilitate and help the youth of the country in achieving a financially stable life, the Group established 92 new skill development centers, providing training to 16,066 unemployed youth including 428 females in financial year 2021-22. Additionally, 310 trainers were also trained in the field of energy through special programmes provided by these skill development centers. 211 entrepreneurs were also supported to become self-reliant and independent by starting their journey in energy profession. Though these initiatives the Group contributed to SDG 2 of 'Zero Hunger', SDG 5 of 'Gender Equality' and SDG 10 of 'Reduced Inequalities'.</p> <p>Through its dedicated and well structured Rural Electrification program, the Group was able to benefit 4680 households living in far flung areas of Jharkhand, Bihar, Odisha, Arunachal Pradesh, J&amp;K in having access to clean and safe energy solution. This was done by providing solar roof top system to 7 schools of Border villages, portable solar lamps &amp; solar streetlights to tribal villages and Solar UPS to Hospitals in the target areas. The Group also installed 125 sets of solar water pumps which served 2500 farmers under 'Energy for Livelihood' project. The project impacted the community many-folds by reducing the input cost at the same time enhancing agricultural output therefore increasing the overall income. The vision of the program is aligned with SDG 7 of 'Affordable and clean energy'.</p> |
