Tata Consumer Products Ltd has adopted the Tata Code of Conduct for ethical business conduct for all other stakeholders (employees, vendors, consultants, suppliers, and directors). Any divergence from the Code of Conduct, rules, or corporate law must be reported by all parties involved with the organisation. We have a grievance redressal mechanism which covers all our stakeholders. The Ethics & Compliance Hotline has been established for reporting problems. An independent Third-Party Provider-supported whistle-blower process is set up so that any issues can be disclosed without fear of victimisation, retaliation, or reprisal. We make sure that all complaints are looked into by designated ethics and compliance personnel, and appropriate measures are taken against individuals who are found to be at fault.

The Ethics & Compliance Helpline forwards complaints to the assigned ethics and compliance personnel for assessment and investigation. In situations requiring impartiality, external independent parties are requested to assist. The company ensures confidentiality by not mandating the disclosure of identity while submitting a complaint. Upon lodging a complaint, the complainant is assigned a distinctive case reference number which can be utilized to check the complaint's status after 45 days. If the complainant encounters any form of retaliation or victimization after reporting an incident through the Vigil Mechanism Whistle Blower Policy, they can contact the Ethics Committee for assistance.

Our Ethical Tea Partnership programs have enabled us to establish one thousand community structures, including Child Protection Committees (CPC), Mothers' committees, Panchayati Raj Institutions (PRI), and School Management Committees (SMC) across 205 tea estates, as part of our CSR initiatives. With the support of tea management, these committees have effectively addressed child protection concerns. The committees have been instrumental in safeguarding children from abuse and overseeing protection-related issues affecting them. They take action to address these concerns, with a focus on preventing harmful practices like child marriage, abuse, exploitation, neglect, and violence.

If adolescents have any concerns, they can report them to various personnel, including management staff, welfare officers, line chowkidar, school/college teachers, Auxiliary Nurse Midwife (ANM), Accredited Social Health Activist (ASHA), Anganwadi Workers (AWW), Child Protection Committee, Police, 1098 ChildLine, and the District Administration. Efforts to establish and enhance referral mechanisms with governance structures at the village and district levels are ongoing.

24. Overview of the entity's material responsible business conduct issues : Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format.

In the last financial year, we adopted a consultative approach to arrive at our material issues. Through internal and external stakeholder consultations on ESG related challenges, we arrived at the following key priority areas based on stakeholder responses, sectoral and peer analysis, and alignment with Indian and global ESG standards. The Materiality section of the annual report provides more detail on the materiality approach, methods, and results. The annual report has also expanded the risk management, which covers ESG-related topics.

| S. No. | Material issue identified | Indicate whether risk or opportunity (R/O) | Rationale for identifying the risk / opportunity                                                                                                                                                                                                                                                                                                                                                                                                       | In case of risk, approach to adapt or mitigate                                                                                                                                                                                                                                                                                                                                                                                                                                | Financial implications of the risk or opportunity (Indicate positive or negative implications)                                                                                     |

| 1      | Consumer Connect          | Opportunity, Risk                          | <p><b>Opportunity:</b> Ever since the pandemic, we have observed a drastic change in consumer behaviour globally. A shift is observed towards trusted brands and health and wellness focussed products. TCPL has identified opportunities in this situation and is positioning to leverage upcoming opportunities.</p> <p><b>Risk:</b> Consumer preferences and our ability to adapt to changing trends influence the performance of our products.</p> | <p>We track consumer trends which propel our innovations</p> <ul style="list-style-type: none"> <li>• Deployment of a dedicated innovation funnel, to analyse the evolving changes in consumer preferences</li> <li>• With multiple launches/ extensions within key brands, the innovation pace was accelerated in the previous years.</li> <li>• Included the use of technology for project tracking and put in place a clearly defined NPD stage gate mechanism.</li> </ul> | <p><b>Positive:</b> Consumer satisfaction and well-being is our prime focus. We develop products keeping the same in mind and believe this will enhance brand loyalty as well.</p> |

|   |                     |                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                                                     |
|---|---------------------|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2 | Access to nutrition | Opportunity       | <p><b>Opportunity</b> Access to the right healthy products will help to a large extent in addressing the issues of malnutrition and eating right.</p> <p><b>Risk</b> Social risks in the value chain</p>                                                                                                                                                                                                                                       | <p>We have a dedicated sales and distribution network equipped to enhance the reach to Indian consumers in urban and rural areas. In addition, we always focus on creating affordable, healthy products accessible to all, safeguarding human rights in our value chain (E.g., extension of the Tata Code of Conduct and the Human Rights principles, ensuring minimum wages, avoidance of forced and child labour)</p> | <p><b>Positive:</b> Reaching wider consumer segments through enhanced sales and distribution chains and stepping into D2C and e-commerce segments.</p> <p>With the above expansion, we ensure that our policies and good practices will create a positive impact across the product life cycle.</p> |
| 3 | Product Stewardship | Opportunity, Risk | <p><b>Opportunity:</b> Safety issues, reputational damage, financial losses, and product recalls will arise due to poor quality products. Along with the new shift in choice of products, consumers are increasingly curious about the impacts of products at various lifecycle stages including packing material used and waste generated.</p> <p><b>Risk :</b> Brand image and food safety issues can arise due to counterfeit products.</p> | <p>TCPL has established a company-wide quality assurance programme along with product testing and traceability. The suppliers associated with us are required to establish and adhere with clear and strict norms for raw material safety and quality. Residue testing is performed across all verified entities in all regions. Apart from this, we are working to develop sustainable packaging.</p>                  | <p><b>Positive:</b> With the help of technology, enhancing product safety and quality can be enhanced and counterfeit products managed.</p>                                                                                                                                                         |
| 4 | Circular Economy    |                   | <p><b>Opportunity:</b> With depleting natural resources and rising material costs, shifting to circular models is both cost effective and future-proof.</p> <p><b>Risk:</b> No technology is available for 100% recycling and reuse of material. Due to non-scalability, the associated costs of transitioning to a circular economy are high.</p>                                                                                             | <p>We ensure that there is no compromise on product quality and safety as we remain committed to efficient resource consumption and optimized packaging. We are dealing with challenges such as cost, market performance, consumer protection, as well as water and waste management, hence we ensure that our packaging is fit-for-purpose and is made from low impact material, or recyclable material.</p>           | <p><b>Positive:</b> Creating a more resilient business through less dependence on virgin, non-renewable material and fresh water sources.</p> <p><b>Negative:</b> Increased cost of recycling and recycled packaging</p>                                                                            |

| 6. Performance of the entity against the specific commitments, goals and targets along-with reasons in case the same are not met. | At TCPL, every department/function establishes annual internal targets and goals that are linked to KRAs and the appraisal process. These targets are reviewed review of these targets happens on a monthly/quarterly basis, and updates for the same are discussed at Executive Committee meetings. We disclosed our ESG commitments in the reporting year (FY 23) this year in accordance with our strategy, and thus we will report on our progress towards meeting those commitments starting from the following year. |

| 7. Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements:                                 | <p>Continuing our journey of enhancing sustainability, we have taken significant steps to improve our ESG disclosures and are committed to keeping our stakeholders updated about TCPL's ESG progress. We have made progress in implementing our sustainability strategy which we call 'For Better Living'. Bringing this strategy to life means that we aim to continually improve our performance on the strategy's four key pillars, namely, planet, sourcing, nutrition, and communities.</p> <p>As part of our efforts to reduce our environmental footprint, we remain committed to water stewardship through our flagship initiative, Project Jalodari. We are also working to achieve net zero status and are systematically transitioning to a circular economy to ensure efficient resource use. All of our beverages manufacturing units are zero waste to landfill, and we are implementing the Extended Producer Responsibility (EPR) Plan to collect and recycle the equivalent of 100% of the packaging for our Beverages, Foods, and RTD divisions. TCPL is also formulating a strategy that which will help preserve biodiversity.</p> <p>As consumers become more conscious about the environmental and social impact of the products that they use, we have prioritized traceability of our products and strive to ensure the sustainability of raw materials. While 100% of our salt is sustainably produced, collaborations with Trustea and Rainforest Alliance ensure that most of our tea is sustainably sourced. Human rights in our value chain is of high importance to us and is a requirement in our Supplier Code of Conduct. Additionally, SA 8000 norms are incorporated in the agreements we have with supply partners/ vendors.</p> <p>In response to consumers' and investors' growing expectations of better nutrition and related information from food and beverage brands, we endeavour to deliver products that meet consumers' needs. We also assist them with making appropriate nutrition choices by making available accurate information on packaging and through other touchpoints such as social and mass media platforms, communication campaigns etc.</p> <p>We are committed to ensuring a safe, inclusive, and rewarding work environment for our employees. We help build resilient communities and work with government and regulatory bodies to effect positive change among the wider community. We also endeavor to uphold the trust investors place in us, by ensuring high levels of transparency and excellence in corporate governance.</p> |

| 11. Has the entity carried out independent assessment/ evaluation of the working of its policies by an external agency? (Yes/No). If yes, provide name of the agency. | P1 | P2 | P3 | P4 | P5 | P6 | P7 | P8 | P9 |
|                                                                                                                                                                       | Y* | Y* | Y* | Y* | Y* | Y* | Y* | Y* | Y* |

Y\* : Yes, British Standards Institution [BSI] has provided a limited assurance on GHG emissions and non-financial sustainability disclosures based on GRI Standards.

Also, limited assurance is being carried out by BSI for FY 23 for this BRSR document. Further, once every two years TCPL undergoes the Tata Business Excellence Model (TBEM) Assessment.

The Tata group created the TBEM matrix to provide strategic direction and drive business improvements. The business excellence assessment model, which aims to enable Tata group companies to capture the best global business processes and practices, provides Tata group companies with the inherent efficacy to evolve and keep pace with ever-changing business performance parameters. The main objectives of the TBEM assessment methodology are: increasing value for all stakeholders and contribute to market success; maximising enterprise-wide effectiveness, and capabilities; and providing organisational and personal learning.

All our ISO 14001 certified units have a site-level Environment, Health, and Safety Policy consistent with the Group Health, Safety, and Wellbeing Policy and the Sustainability and Corporate Social Responsibility Policy. The implementation of the Management System (both environmental and safety) is assured by half-yearly internal audits and annual external audits. Moreover, we have a dedicated team assisting units and offices with certification preparation and initiatives.

## 12. If answer to question (1) above is “No” i.e., not all Principles are covered by a policy, reasons to be stated:

| Questions                                                                                                                       | P1 | P2 | P3 | P4 | P5 | P6 | P7 | P8 | P9 |

| The entity does not have the financial or/human and technical resources available for the task (Yes/No)                         | NA | NA | NA | NA | NA | NA | NA | NA | NA |
| It is planned to be done in the next financial year (Yes/No)                                                                    | NA | NA | NA | NA | NA | NA | NA | NA | NA |
| Any other reason (please specify)                                                                                               | NA | NA | NA | NA | NA | NA | NA | NA | NA |

## SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE

This section is aimed at helping entities demonstrate their performance in integrating the Principles and Core Elements with key processes and decisions. The information sought is categorized as “Essential” and “Leadership”. While the essential indicators are expected to be disclosed by every entity that is mandated to file this report, the leadership indicators may be voluntarily disclosed by entities which aspire to progress to a higher level in their quest to be socially, environmentally and ethically responsible.

### PRINCIPLE 1: BUSINESSES SHOULD CONDUCT AND GOVERN THEMSELVES WITH INTEGRITY IN A MANNER THAT IS ETHICAL, TRANSPARENT AND ACCOUNTABLE

#### Essential Indicators

1. Percentage coverage by training and awareness programmes on any of the Principles during the financial year:

| Segment                           | Total number of training and awareness programmes held | Topics/ principles covered under the training and its impact                                                                                                              | %age of persons in respective category covered by the awareness programmes |

| Non-Monetary    |                 |                                                                     |                 |                   |                                        |
|                 | NGRBC Principle | Name of the regulatory/ enforcement agencies/ judicial institutions | Amount (In INR) | Brief of the Case | Has an appeal been preferred? (Yes/No) |
| Imprisonment    | Nil             | Nil                                                                 | Nil             | Nil               | Nil                                    |
| Punishment      | Nil             | Nil                                                                 | Nil             | Nil               | Nil                                    |

3. Of the instances disclosed in Question 2 above, details of the Appeal/ Revision preferred in cases where monetary or non-monetary action has been appealed. **Not Applicable**

4. Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web-link to the policy.

Yes, we have an Anti-Bribery and Anti-Corruption Policy in place. This policy is readily available and can be accessed through the following link: <https://www.tataconsumer.com/sites/g/files/gfwrlq316/files/2021-10/anti-bribery-and-anti-corruption-policy.pdf>

5. Number of Directors/KMPs/employees/workers against whom disciplinary action was taken by any law enforcement agency for the charges of bribery/ corruption:

|           | FY2023 | FY 2022 |
|-----------|--------|---------|
| Directors | 0      | 0       |
| KMPs      | 0      | 0       |
| Employees | 0      | 0       |
| Workers   | 0      | 0       |

6. Details of complaints with regard to conflict of interest:

|                                                                                              | FY2023 | FY 2022 |
|----------------------------------------------------------------------------------------------|--------|---------|
| Number of complaints received in relation to issues of Conflict of Interest of the Directors | 0      | 0       |
| Number of complaints received in relation to issues of Conflict of Interest of the KMPs      | 0      | 0       |

7. Provide details of any corrective action taken or underway on issues related to fines / penalties / action taken by regulators/ law enforcement agencies/ judicial institutions, on cases of corruption and conflicts of interest. Not Applicable

## PRINCIPLE 2: BUSINESSES SHOULD PROVIDE GOODS AND SERVICES IN A MANNER THAT IS SUSTAINABLE AND SAFE

### Essential Indicators

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively

|       | FY 2023 | FY 2022 | Details of improvements in environmental and social impacts                                                                                                                                                                                        |
|-------|---------|---------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| R&D   | 38%     | 23%     | Developing health & wellness related products, enable communication of benefits of these products objectively to consumers and creating sustainable packaging solutions.<br>Actively investing in solar energy to fulfill its energy requirements. |
| Capex | 11%     | 3%      |                                                                                                                                                                                                                                                    |

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No) If yes, what percentage of inputs were sourced sustainably?

Yes, we have procedures in place for sustainable sourcing. In FY 22-23, 55% of the inputs were sourced sustainably.

At TCPL, we are committed to sourcing of our tea, coffee, water and food offerings sustainably and ensuring that our products are produced in an economically, environmentally, and socially just manner. We are the founding member of Ethical Tea Partnership (ETP), a non-profit collaboration of tea companies dedicated to improving the lives of tea workers and their surroundings in order to create a thriving tea industry that is both socially and environmentally sustainable. Our mission is to enable sustainable growth across the tea supply chain — from crop to cup. We have made substantial progress in this respect.

As a major step towards sustainable sourcing in our international business we have partnered with Rainforest Alliance, an international non-profit organisation that works to conserve biodiversity and ensure sustainable livelihoods while also assisting in the resolution of specific sustainability-related issues in the tea industry. Approximately all our Tetley Tea in the International business is 100% Rainforest Alliance certified.

Moreover, we are the founding member of Trustea sustainability code and verification system for the tea sector in India. The Trustea programme has cumulatively verified more than 871 million kg till March 2023, which is over 65% of the total tea sold in the Indian market. Since inception, about 92,000 smallholder farmers have been verified, 6.6 lakh workers have been reached through Trustea and 55% of Tata Tea is Trustea verified.

Because our pulses are unpolished, their natural goodness and nutritional value are preserved. Our spices are wholesome and contain all their essential oils, which are known to have a variety of health benefits. We also have a selection of organic pulses that are sourced from organic certified farms and grown without the use of chemical fertilisers or pesticides. Our Tata Sampann Organic range is certified in accordance with the National Programme for Organic Production (NPOP) in India and the National Organic Program (NOP USDA) in the United States.

All our packaging vendors adhere to sustainable sourcing standards. The purchase order terms, and our contracts make it clear what we expect from vendors in terms of social, ethical, and environmental factors.

In FY 22-23 we have sourced 55% of Trustea/Rain Forest Alliance certified tea in India.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

At our manufacturing units, we prioritize the safe and responsible disposal of waste, including both hazardous and non-hazardous materials. To ensure that our waste disposal practices are compliant with state regulations, we dispose our waste to authorized recyclers as identified by the State Pollution Control Boards. Our products being natural, we lay emphasis on reclaiming packaging material post-consumer use.

Our adherence to the Extended Producer Responsibility (EPR) is absolute, and we collaborate with assigned waste recyclers to aid us in gathering, reprocessing, and disposing of waste substances. We have surpassed our EPR goal for this year by 42%.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Yes, Extended Producer Responsibility (EPR) is applicable to our activities. All beverage factories in India are now zero waste to landfill and all waste is disposed through authorized vendors who recycle or repurpose them to prevent them reaching landfills. Under the Plastic Waste Management Rules in India, the Company has implemented Extended Producer Responsibility (EPR) Plan for the collection and reprocessing of 100% plastic packaging waste on a brand-neutral basis.

### PRINCIPLE 3: BUSINESSES SHOULD RESPECT AND PROMOTE THE WELL-BEING OF ALL EMPLOYEES, INCLUDING THOSE IN THEIR VALUE CHAINS

#### Essential Indicators

1. a. Details of measures for the well-being of employees:

| Category                       | % of employees covered by |                  |         |                    |         |                    |         |                    |         |                     |         |
|--------------------------------|---------------------------|------------------|---------|--------------------|---------|--------------------|---------|--------------------|---------|---------------------|---------|
|                                | Total (A)                 | Health insurance |         | Accident insurance |         | Maternity benefits |         | Paternity benefits |         | Day Care facilities |         |
|                                |                           | No. (B)          | % (B/A) | No. (C)            | % (C/A) | No. (D)            | % (D/A) | No. (E)            | % (E/A) | No. (F)             | % (F/A) |

3. Accessibility of workplaces: Are the premises / offices of the entity accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard.

Our Pullivasal Packaging centre in Munnar takes pride in creating an inclusive workplace by ensuring accessibility for people with disabilities. We have thoughtfully organised the layout of our plant and allotted responsibilities to persons with disabilities (PWD) to cater to the unique needs of each type of disability.

We prioritize the input of our employees in improving and managing mobility needs for individuals with disabilities. In addition to consultation, we have taken concrete actions such as planning and installing sidewalks with ramps and hand-rails for assistance. We have also ensured that the approach to our factory floor is level with the road to facilitate easy access for PWDs.

We have provided infrastructure support for individuals with visual disabilities, including a stand and special arrangements to facilitate system access and use. This allows users to zoom in and carry out their work efficiently.

Further, we have introduced gender-neutral washrooms at one of our facilities, thus providing a safe and inclusive space for all employees, regardless of their gender identity.

4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy.

As an organisation, we are committed to providing equal opportunities to all employees and candidates for employment, in accordance with the Tata Code of Conduct (TCoC). We firmly believe in the principles of diversity and inclusion and do not discriminate against individuals based on factors such as race, caste, religion, color, ancestry, marital status, gender, sexual orientation, age, nationality, ethnic origin, disability, or any other category protected by applicable law. To further our commitment to diversity and inclusion, we are in the process of developing a separate policy to ensure that we maintain a fair and inclusive workplace for all employees. Our Tata Code of Conduct can be accessed through the following link: [https://www.tataconsumer.com/sites/g/files/gfwrq316/files/2021-05/tcoc-booklet-2015\\_0.pdf](https://www.tataconsumer.com/sites/g/files/gfwrq316/files/2021-05/tcoc-booklet-2015_0.pdf)

5. Return to work and Retention rates of permanent employees that took parental leave.

| Gender | Permanent Employees |                | Permanent workers   |                |
|--------|---------------------|----------------|---------------------|----------------|
|        | Return to work rate | Retention rate | Return to work rate | Retention rate |
| Male   | 100%                | 89%            | _*                  | _*             |
| Female | 100%                | 67%            | 100%                | 100%           |
| Total  | 100%                | 87%            | 100%                | 100%           |

\* - Benefit not available.

6. Is there a mechanism available to receive and redress grievances for the following categories of employees? If yes, give details of the mechanism in brief.

Yes, we have put in place a grievance redressal mechanism for all our employee and worker categories. We are committed to ensuring that all grievances are addressed promptly and effectively to maintain a productive and engaged workforce.

|                                | Yes/No (If Yes, then give details of the mechanism in brief)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|--------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Permanent Employees            | Yes, we have put in place a robust mechanism to ensure that any concerns are addressed promptly and effectively. All the employees including permanent employees and other than permanent, can raise their grievances either directly with their line manager or through our dedicated HR SPOC (Single Point of Contact). Once a grievance is raised, we work closely with the employee to understand the issue and identify potential solutions.                                                                                           |
| Other than Permanent Employees |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| Permanent Workers              | Yes, our grievance redressal mechanism includes a process for workers to raise their concerns or grievances through their Workmen Representatives/Unions. We also hold joint meetings with the Unions/Workmen Representatives to address any grievances raised and ensure that we provide timely feedback on the status of the grievance.                                                                                                                                                                                                   |
| Other than Permanent Workers   | Yes, to ensure that the concerns of workers who are employed through contractors are heard and addressed, we have put in place a grievance redressal mechanism specifically for them. Under this mechanism, contractors are able to raise grievances on behalf of their employees. We hold joint meetings with the contractors to discuss and address any concerns that are raised. We also require contractors to provide regular updates on the status of any grievances to ensure that all parties are aware of the progress being made. |

For facilities where unions are not functional/available, an open-door policy is being followed. Employees are free to reach out to the floor supervisor (nominated and clearly communicated), or the welfare officer (nominated and clearly communicated) or directly to the unit head. Some of the facilities even have suggestion boxes where issues can be raised, and suggestions provided. Designated POSH officers are present for each unit and are trained and accessible to all employees and workers.

7. Membership of employees in association(s) or Unions recognised by the listed entity:

| Category                         | FY 2023                                              |                                                                                                |            | FY 2022                                              |                                                                                                |             |

Safety training – Induction training, mock drills and other capacity building activities are provided to 100% of employees, contractors and visitors.

9. Details of performance and career development reviews of employees:

100% of employees have received performance and career development reviews.

10. Health and safety management system:

**a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage such system?**

Yes. The Company has deployed health and safety management system across all the sites and offices of Tata Consumer Products and in its exclusive third-party units.

**b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?**

All potential work-related hazards are thoroughly evaluated and identified through Hazard Identification and Risk Assessment (HIRA). Control measures are then established and implemented to mitigate identified risks. The site risk register is regularly reviewed and updated to ensure ongoing safety.

For non-routine activities, a Permit to Work system is utilised to ensure that all potential hazards are identified and addressed prior to commencing work. This includes conducting both Job Safety Analysis (JSA) and Job Hazard Analysis (JHA) to identify and mitigate any potential risks.

To promote effective implementation of control measures, workers are provided with regular 'Safety talks' to communicate available control measures and ensure that all safety protocols are being followed.

**c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/N)**

Yes, to foster a culture of safety and to proactively identify and address potential hazards, workers are encouraged to report any near misses, unsafe acts, or unsafe conditions. This not only increases their engagement with health and safety protocols, but also facilitates risk reduction through prompt rectification of identified issues.

Each facility has a Health & Safety (H&S) Committee that convenes on a regular basis (monthly or quarterly, depending on the type of facility) to discuss safety related matters. Safety representatives from the workforce are given the opportunity to provide formal feedback on all safety related issues during these meetings.

**d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes / No)**

Yes. TCP prioritises employee health and wellbeing by providing comprehensive medical coverage. In addition to a dedicated hospital in Munnar, employees at other locations are covered by medical insurance and/or ESI for themselves and their families.

To ensure consistency across all locations, TCP has undertaken various certifications and follows the Group policy towards employee safety and wellbeing.

**11. Details of safety related incidents, in the following format:**

| Safety Incident/Number                                                        | Category  | FY 2023 | FY 2022 |
|-------------------------------------------------------------------------------|-----------|---------|---------|
| Lost Time Injury Frequency Rate (LTIFR) (per one million-person hours worked) | Employees | 0       | 0       |
|                                                                               | Workers   | 0       | 0.06    |
| Total recordable work-related injuries                                        | Employees | 0       | 2       |
|                                                                               | Workers   | 0       | 3       |
| No. of fatalities                                                             | Employees | 0       | 0       |
|                                                                               | Workers   | 0       | 1       |
| High consequence work-related injury or ill-health (excluding fatalities)     | Employees | 0       | 0       |
|                                                                               | Workers   | 0       | 0       |

**12. Describe the measures taken by the entity to ensure a safe and healthy workplace.**

1. Monthly safety visits (Safety Walk) by operations team across all the sites and scheduled Audits and Inspections to ensure effective implementation of Safety Management systems.
2. All actionable points are tracked through Corrective and Preventive Action (CAPA) /Corrective Action Report for closure and reviewed frequently.
3. Best practices are benchmarked and shared across the business as part of continual improvement.
4. Safety Alerts are shared with all operational units as part of horizontal deployment and cross-site learning.
5. Monthly Safety Snippets to disseminate information and enhance knowledge and culture relating to safety.

**13. Number of Complaints on the following made by employees:**

|                    | FY 2023               |                                       |         | FY 2022               |                                       |         |
|--------------------|-----------------------|---------------------------------------|---------|-----------------------|---------------------------------------|---------|

| Health & Safety    | 0                     | 0                                     | NIL     | 0                     | 0                                     | NIL     |

#### 14. Assessments for the year:

| Topics                      | % of your plants and offices that were assessed (by entity or statutory authorities or third parties)                                                                                                                                                                                                                                                                                                          |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Health and safety practices | 61% of TCPL's operations were assessed for ISO 45001. All beverage units except two, including exclusive 3P Operations are 100% ISO 45001 certified.<br>This has been possible with the standardisation of Standard Operating Procedures (SOPs) and Operational Control Procedures (OCPs) across all locations. These documents are maintained in a centralised portal that is easily accessible by all sites. |
| Working Conditions          | TCPL has implemented process controls at 100% of its sites. These controls include various measures such as risk registers, Standard Operating Procedures (SOPs) and Operational Control Procedures (OCPs), checklists, manuals, review systems, and other related tools. To maintain the effectiveness of these measures, they are reviewed periodically to ensure adherence.                                 |

#### 15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.

In our operations, working at heights and electrical work are considered the two most significant risks. To mitigate these risks, we have implemented Standard Operating Procedures (SOPs), Tool Box Talks (TBTs). We also hold contractors accountable for their actions. By working closely with site and project teams, we have been able to improve awareness and create a safer work environment for height and electrical activities.

Throughout the year, there were no significant safety incidents; however, we conducted investigations and implemented corrective measures for minor incidents. After evaluating our health and safety procedures and work environment, we identified and resolved some concerns through corrective actions, which were tracked for closure and horizontal deployment across all locations using a CAPA tracker.

- One of the significant risks identified for the year is related to electrical safety. We have conducted assessments and identified gaps. Accordingly corrective actions were taken to address and close them. In addition, we have implemented Standard Operating Procedures (SOPs) and Toolbox Talks (TBTs) to further improve electrical safety practices.
- To mitigate the other significant risk identified relating to working at a height, we have implemented Standard Operating Procedures (SOPs) and Toolbox Talks (TBTs). Contractors have been held accountable for their actions in order to strengthen the process and reduce risks. Working closely with site and project teams, we have significantly improved awareness and created safer work environments for work carried out at heights. We conduct weekly meetings to discuss non / routine activities to be undertaken across sites and have ensured that the risks are identified and control measures are put in place before these activities are implemented.

#### PRINCIPLE 4: BUSINESSES SHOULD RESPECT THE INTERESTS OF AND BE RESPONSIVE TO ALL ITS STAKEHOLDERS

##### Essential Indicators

- Describe the processes for identifying key stakeholder groups of the entity.

Stakeholders are critical to our business operations and their interests have a key influence on our business strategy. Methods of stakeholder engagement include surveys (such as supplier, customer, employee surveys), workshops, online video calls, regular interactions with the CSR teams and impact assessments, periodic updates, investors meetings and calls, and interactions with team members.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

| Stakeholder Group | Whether identified as Vulnerable & Marginalized Group (Yes/No) | Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Other                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             | Frequency of engagement (Annually/ Half yearly/ Quarterly/ others – please specify) | Purpose and scope of engagement including key topics and concerns raised during such engagement                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

<sup>#</sup>Represents median remuneration

- Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes, our organization has both an Apex Human Rights Committee and a Business & Human Rights Working Committee which are responsible for dealing with human rights issues and their associated impacts. Tata Consumer Products regards the protection of human rights as an essential component of doing business. We are dedicated to upholding and protecting human rights. Our human rights policy is consistent with the Tata Code of Conduct and is aligned with the principles of the Universal Declaration of Human Rights; the ILO Declaration on Fundamental Principles and Rights at Work; and the United Nations Guiding Principles on Business and Human Rights. An Apex Human Rights Committee and a Business & Human Rights Working Committee have been formed in accordance with the Policy. The Apex Committee, chaired by the MD & CEO, is responsible for

ensuring policy compliance and integrating it into the Company's strategy. It has well-defined responsibilities, key metrics, and a governance structure that cascades down throughout the organization. The Working Group oversees executing our sustainability plan by supervising the activities of various working groups and ensure that all actions align with our Business and Human Rights (BHR) policy across the organization. The Global Legal Counsel chairs the BHR policy group.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

Tata Consumer Products Ltd. has implemented the Tata Code of Conduct, which outlines ethical business practices. All stakeholders, including employees and partners, are required to report any suspected or actual breaches of the Code, company policies, or the law. To facilitate this, the Company has set up an Ethics & Compliance Helpline as a confidential channel for reporting concerns. We are currently developing a remediation framework that aligns with our Business and Human Rights Policy. The primary objective of this framework is threefold:

- To receive and address any concerns, complaints, notices of emerging conflicts, or grievances related to the Business and Human Rights Policy.
- To facilitate resolution of any grievances arising between the Company and stakeholders in the context of company operations.
- To operate transparently, collaboratively, and in a flexible manner to promote problem-solving and consensus-building.

We plan to deploy this framework soon.

**Note:** Further details provided in General Disclosure, Indicator no.23.

6. Number of Complaints on the following made by employees:

|                                   | FY 2023               |                                       |         | FY 2022               |                                       |         |
|-----------------------------------|-----------------------|---------------------------------------|---------|-----------------------|---------------------------------------|---------|
|                                   | Filed during the year | Pending resolution at the end of year | Remarks | Filed during the year | Pending resolution at the end of year | Remarks |
| Sexual Harassment                 | 1                     | 1                                     | NIL     | 2                     | 1                                     | NIL     |
| Discrimination at workplace       | 0                     | 0                                     | NIL     | 0                     | 0                                     | NIL     |
| Child Labour                      | 0                     | 0                                     | NIL     | 0                     | 0                                     | NIL     |
| Forced Labour/Involuntary Labour  | 0                     | 0                                     | NIL     | 0                     | 0                                     | NIL     |
| Wages                             | 0                     | 0                                     | NIL     | 0                     | 0                                     | NIL     |
| Other human rights related issues | 0                     | 0                                     | NIL     | 0                     | 0                                     | NIL     |

7. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

We place great emphasis on ensuring that members of our POSH (Prevention of Sexual Harassment) and Ethics Committees are well-informed and educated on the importance of confidentiality. We have a zero-tolerance policy towards any form of retaliation against individuals who report legitimate concerns, and anyone found to be targeting such individuals will be subject to disciplinary action. Our POSH and Ethics Committee members receive training and sensitization to prevent retaliation and reassure complainants that they can report concerns without fear. We also offer complainants the option to change teams, locations or even take extended leave upon request.

Please refer to grievance redressal for all stakeholders provided in General Disclosure, Indicator no.23.

8. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes. We have incorporated a Human Rights clause in all our supplier agreements to address issues such as forced labour, child labour, discrimination, working hours, wages, and disciplinary actions. Our vendors are expected to have ethical and human rights policies in place and appropriate procedures for handling breaches of these policies. Additionally, the Supplier Code of Conduct is a mandatory requirement for all our suppliers and forms an integral part of their contract. The Supplier Code covers Human Rights, Labour Standards, and Workplace Standards.

Please refer to page 4 of the Code on the link below:

<https://www.tataconsumer.com/sites/g/files/gfwrq316/files/2022-07/Supplier-Code-of-Conduct%20June%202022.pdf>

9. Assessments for the year:

|                             | % of your plants and offices that were assessed (by entity or statutory authorities or third parties) |
|-----------------------------|-------------------------------------------------------------------------------------------------------|
| Child labour                | 6%                                                                                                    |
| Forced/involuntary labour   | 6%                                                                                                    |
| Sexual harassment           | 6%                                                                                                    |
| Discrimination at workplace | 6%                                                                                                    |
| Wages                       | 6%                                                                                                    |
| Others – please specify     | --                                                                                                    |

Note: Though we are not doing any assessment by entity or statutory authorities or third parties, all our locations on monthly basis submit Compliance Certificate which is documented in Legatix.

Additionally, our Pullivasal and Tetley Cochin units are assessed as part of SA8000 certification.

10. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 9 above.

There were no significant risks / concerns arising from the above assessments.

**PRINCIPLE 6: BUSINESSES SHOULD RESPECT AND MAKE EFFORTS TO PROTECT AND RESTORE THE ENVIRONMENT**

**Note:** We are consistently upgrading our data capturing mechanisms in order to make reliable and transparent Sustainability disclosures. Owing to this, we have revisited some of our previous recorded performance numbers to present more accurate position. Accordingly, we have revised some data points in water, energy and GHG performance for FY22 to reflect these modifications. The figures for FY22 appearing in this report may be considered the most updated and accurate representation for the said year for TCPL India operation boundary.

**Essential Indicators**

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

| Parameter                                                                                    | FY 2023       | FY 2022       |
|----------------------------------------------------------------------------------------------|---------------|---------------|
| Total electricity consumption (in GJ)                                                        | 78691         | 78701         |
| Total fuel consumption (in GJ)                                                               | 249074        | 270990        |
| Energy consumption through other sources (C)                                                 | 0             | 0             |
| <b>Total energy consumption (A+B+C) excluding aux consumption (in GJ)</b>                    | <b>327765</b> | <b>349691</b> |
| <b>Energy intensity per rupee of turnover (Total energy consumption/ turnover in rupees)</b> | <b>38.39</b>  | <b>44.08</b>  |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, British Standards Institution (BSI) has conducted an independent assurance.

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

Not Applicable

3. Provide details of the following disclosures related to water, in the following format:

| Parameter                                                                           | FY 2023<br>(Current FY) | FY 2022<br>(Previous FY) |
|-------------------------------------------------------------------------------------|-------------------------|--------------------------|
| <b>Water withdrawal by source (in kilolitres)</b>                                   |                         |                          |
| (i) Surface water                                                                   | 1,76,991                | 1,76,714                 |
| (ii) Groundwater                                                                    | 96,799                  | 78,569                   |
| (iii) Third party water (Municipal Water Supply)                                    | 17,568                  | 15,550                   |
| (iv) Seawater / desalinated water                                                   | 0                       | 0                        |
| (v) Others (Rainwater Harvesting structures)                                        | 4,820                   | 3,750                    |
| <b>Total volume of water withdrawal<br/>(in kilolitres) (i + ii + iii + iv + v)</b> | <b>2,96,178</b>         | <b>2,74,583</b>          |
| <b>Total volume of water consumption<br/>(in kilolitres)</b>                        | <b>2,95,162</b>         | <b>2,42,406</b>          |
| <b>Water intensity per rupee of turnover (Water consumed KL / turnover)</b>         | <b>34.57</b>            | <b>30.56</b>             |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, British Standards Institution (BSI) has conducted an independent assurance.

4. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

No. Wastewater generated from the manufacturing units is treated in the in-house sewage treatment plants (STPs) and the recycled water is used for irrigation and landscaping purposes.

5. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

| Parameter                           | Please specify unit | FY 2023 | FY 2022 |
|-------------------------------------|---------------------|---------|---------|
| NOx                                 | MT                  | 1.49    | 9.61    |
| Sox                                 | MT                  | 0.57    | 0.40    |
| Particulate matter (PM)             | MT                  | 2.70    | 16.69   |
| Persistent organic pollutants (POP) | NA                  | NA      | NA      |
| Volatile organic compounds (VOC)    | NA                  | NA      | NA      |
| Hazardous air pollutants (HAP)      | NA                  | NA      | NA      |
| Others – please specify             | NA                  | NA      | NA      |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, British Standards Institution (BSI) has conducted an independent assurance.

6. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format

| Parameter                                                                                                                                                                | Unit                                        | FY 2023 | FY 2022 |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------|---------|---------|
| Total Scope 1 emissions<br>(Break-up of the GHG into CO <sub>2</sub> , CH <sub>4</sub> , N <sub>2</sub> O, HFCs, PFCs, SF <sub>6</sub> , NF <sub>3</sub> , if available) | Metric tonnes of CO <sub>2</sub> equivalent | 6,158   | 7,492   |
| Total Scope 2 emissions<br>(Break-up of the GHG into CO <sub>2</sub> , CH <sub>4</sub> , N <sub>2</sub> O, HFCs, PFCs, SF <sub>6</sub> , NF <sub>3</sub> , if available) | Metric tonnes of CO <sub>2</sub> equivalent | 15,350  | 14,794  |
| <b>Total Scope 1 and Scope 2 emissions per rupee of turnover</b>                                                                                                         | Tonne CO <sub>2</sub> per INR crores        | 2.52    | 2.81    |
| <b>Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity</b>                                                       | NIL                                         | NIL     | NIL     |

Scope 2 emissions – CO<sub>2</sub>e for RE exported to grid is considered “0”.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, British Standards Institution (BSI) has conducted an independent assurance.

7. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

The Company has a strong focus on utilising renewable energy sources, including the implementation of rooftop solar and the transition to biomass-based boilers.

Moreover, TCPL runs an employee afforestation programme through which trees are planted to commemorate birthdays. Between April 1<sup>st</sup>, 2022, and March 31<sup>st</sup>, 2023, a total of 1,921 trees have been planted for Tigers in the Sundarbans National Park, West Bengal, India.

8. Provide details related to waste management by the entity, in the following format:

| Parameter                                                                                                                            | FY 2023        | FY 2022        |
|--------------------------------------------------------------------------------------------------------------------------------------|----------------|----------------|
| <b>Total Waste generated (in metric tonnes)</b>                                                                                      |                |                |
| Plastic waste (A)                                                                                                                    | 1112.31        | 1379.60        |
| E-waste (B)                                                                                                                          | 0.31           | 0.11           |
| Bio-medical waste (C)                                                                                                                | 3.95           | 20.18          |
| Construction and demolition waste (D)                                                                                                | 0.00           | 0.00           |
| Battery waste ( E )                                                                                                                  | 0.13           | 0.06           |
| Radioactive waste (F)                                                                                                                | 0.00           | 0.00           |
| Other Hazardous waste. Please specify, if any. (G)                                                                                   | 163.42         | 435.06         |
| Other Non-hazardous waste generated (H). Please specify, if any. (Break-up by composition i.e., by materials relevant to the sector) | 2163.34        | 2574.85        |
| <b>Total (A + B + C + D + E + F + G + H)</b>                                                                                         | <b>3443.46</b> | <b>4409.93</b> |

| Parameter                                                                                                                                      | FY 2023         | FY 2022         |
|------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|-----------------|
| <b>Total Waste generated (in metric tonnes)</b>                                                                                                |                 |                 |
| <b>For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)</b> |                 |                 |

| (ii) Landfilling                                                                                                                               | 43.25           | 15.30           |
| (iii) Other disposal operations                                                                                                                | 0               | 1.98            |
| <b>Total</b>                                                                                                                                   | <b>47.25</b>    | <b>23.93</b>    |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

Yes, British Standards Institution (BSI) has conducted an independent assurance.

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

We implement the 3Rs approach - reduce, reuse, and recycle - for effective waste management at all our facilities. Furthermore, we have eliminated the use of hazardous and toxic chemicals in both our products and processes.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

| S. No.         | Location of operations/<br>offices | Type of operations | Whether the conditions of environmental approval / clearance are<br>being complied with? (Y/N)<br>If no, the reasons thereof and corrective action taken, if any. |
|----------------|------------------------------------|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Not Applicable |                                    |                    |                                                                                                                                                                   |

11. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

| Name and brief details of project | EIA<br>Notification<br>No. | Date | Whether conducted<br>by independent<br>external agency<br>(Yes / No) | Results communicated in<br>public domain (Yes / No) | Relevant Web<br>link |
|-----------------------------------|----------------------------|------|----------------------------------------------------------------------|-----------------------------------------------------|----------------------|
| Not Applicable                    |                            |      |                                                                      |                                                     |                      |

12. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment Protection Act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

| S. No.                                                  | Specify the law / regulation<br>/ guidelines which was not<br>complied with | Provide details of<br>the non-<br>compliance | Any fines / penalties / action taken by<br>regulatory agencies such as pollution<br>control boards or by courts | Corrective taken, if any action |
|---------------------------------------------------------|-----------------------------------------------------------------------------|----------------------------------------------|-----------------------------------------------------------------------------------------------------------------|---------------------------------|
| Yes, Company is compliant with all the applicable laws. |                                                                             |                                              |                                                                                                                 |                                 |

**PRINCIPLE 7: BUSINESSES, WHEN ENGAGING IN INFLUENCING PUBLIC AND REGULATORY POLICY, SHOULD DO SO IN A MANNER THAT IS RESPONSIBLE AND TRANSPARENT**
**Essential Indicators**

1. a. Number of affiliations with trade and industry chambers / associations: 12 (twelve)
- b. List the top 10 trade and industry chambers / associations (determined based on the total members of such body) the entity is a member of / affiliated to.

| S. No. | Name of the trade and industry chambers/ associations         | Reach of trade and industry chambers associations (State/National) |
|--------|---------------------------------------------------------------|--------------------------------------------------------------------|
| 1      | Federation of India Chambers of Commerce and Industry (FICCI) | National                                                           |
| 2      | Federation of All India Tea Traders Association               | National                                                           |
| 3      | Confederation of Indian Industries (CII)                      | National                                                           |
| 4      | PHD Chamber of Commerce and Industry (PHDCCI)                 | National                                                           |
| 5      | Indian Tea Association – Kolkata                              | National                                                           |
| 6      | Bombay Chamber of Commerce                                    | State                                                              |
| 7      | The Bengal Chamber of Commerce & Industry                     | State                                                              |
| 8      | Bangalore Chamber of Industry and Commerce                    | State                                                              |
| 9      | Calcutta Tea Traders Association                              | State                                                              |
| 10     | Kerala State Productivity Council                             | State                                                              |

2. Provide details of corrective action taken or underway on any issues related to anticompetitive conduct by the entity, based on adverse orders from regulatory authorities.

| Name of authority | Brief of the case | Corrective action taken |
|-------------------|-------------------|-------------------------|
|                   | NIL               |                         |

**PRINCIPLE 8: BUSINESSES SHOULD PROMOTE INCLUSIVE GROWTH AND EQUITABLE DEVELOPMENT**
**Essential Indicators**

1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.

| Name and brief details of project | SIA Notification No. | Date of notification | Whether conducted by independent external agency (Yes / No) | Results communicated in public domain (Yes / No) | Relevant Web link |
|-----------------------------------|----------------------|----------------------|-------------------------------------------------------------|--------------------------------------------------|-------------------|
| Not Applicable                    |                      |                      |                                                             |                                                  |                   |

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:

| S. No.         | Name of Project for which R&R is ongoing | State | District | No. of Project Affected Families (PAFs) | % of PAFs covered by R&R | Amounts paid to PAFs in the FY (In INR) |
|----------------|------------------------------------------|-------|----------|-----------------------------------------|--------------------------|-----------------------------------------|
| Not Applicable |                                          |       |          |                                         |                          |                                         |

3. Describe the mechanisms to receive and redress grievances of the community.

We have a grievance redressal mechanism which covers all our stakeholders. Active engagement with the community and stakeholders requires an effective grievance redressal system that includes feedback loops and conflict resolution mechanisms. Our 24x7 grievance cell allows beneficiaries and affected community members

to seek prompt redressal. Additionally, we have an actionable internal structure in place to ensure time-bound resolution of issues, complaints, and grievances.

Please refer General Disclosures, indicator no. 23 for details.

4. Percentage of input material (inputs to total inputs by value) sourced from suppliers:

|                                                                      | FY 2023 | FY 2022 |
|----------------------------------------------------------------------|---------|---------|
| Directly sourced from MSMEs / small producers                        | 50.1%   | 31.7%   |
| Sourced directly from within the district and neighbouring districts | 25.1%   | 19.7%   |

Note: Packaging material sourcing is considered.

**PRINCIPLE 9: BUSINESSES SHOULD ENGAGE WITH AND PROVIDE VALUE TO THEIR CONSUMERS IN A RESPONSIBLE MANNER**

**Essential Indicators**

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

Customers have the option to reach us through a toll-free number, email us at [care@tataconsumer.com](mailto:care@tataconsumer.com), or send us a physical letter. Our Customer Care (CC) team will engage with the customer to collect the necessary details regarding the complaint, such as the product, SKU, and nature of the issue. Once complete details are received, the complaint will be docketed in our system (Salesforce). Within 48 hours of docketing, our CC team will send a replacement product to the customer via authorized courier. The complaint sample will be collected from the customer and sent to our Bangalore office through a TCP authorized courier for investigation. If the complaint is deemed genuine, it will be forwarded to the concerned department/plant for root cause analysis (RCA). The concerned team will submit their findings, along with an action plan to prevent the recurrence of identical complaints.

2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:

|                                                             | As a percentage to total turnover |
|-------------------------------------------------------------|-----------------------------------|
| Environmental and social parameters relevant to the product | 100%                              |
| Safe and responsible usage                                  | 100%                              |
| Recycling and/or safe disposal                              | 100%                              |

3. Number of consumer complaints in respect of the following:

|                                | FY 2023<br>(Current FY)  |                                   |         | FY 2022<br>(Previous FY) |                                   |         |
|--------------------------------|--------------------------|-----------------------------------|---------|--------------------------|-----------------------------------|---------|
|                                | Received during the year | Pending resolution at end of year | Remarks | Received during the year | Pending resolution at end of year | Remarks |
| Data privacy                   | NA                       | NA                                | NA      | NA                       | NA                                | NA      |
| Advertising                    | NA                       | NA                                | NA      | NA                       | NA                                | NA      |
| Cyber-security                 | NA                       | NA                                | NA      | NA                       | NA                                | NA      |
| Delivery of essential services | NA                       | NA                                | NA      | NA                       | NA                                | NA      |
| Restrictive Trade Practices    | NA                       | NA                                | NA      | NA                       | NA                                | NA      |
| Unfair Trade Practices         | NA                       | NA                                | NA      | NA                       | NA                                | NA      |

|                         | FY 2023<br>(Current FY)     |                                            |                                                                                                                                     | FY 2022<br>(Previous FY)    |                                            |                          |
|-------------------------|-----------------------------|--------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|-----------------------------|--------------------------------------------|--------------------------|
|                         | Received during<br>the year | Pending<br>resolution<br>at end of<br>year | Remarks                                                                                                                             | Received during<br>the year | Pending<br>resolution<br>at end of<br>year | Remarks                  |
| Other (Product related) | 1994                        | 71                                         | We are currently in the process of evaluating the pending complaints; Appropriate action will be taken in case anyone found guilty. | 2051                        | 0                                          | All issues are addressed |

4. Details of instances of product recalls on account of safety issues:

|                   | Number | Reasons for recall |
|-------------------|--------|--------------------|
| Voluntary recalls | 0      | NA                 |
| Forced recalls    | 0      | NA                 |

5. Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.

Yes, our company has an Information Security Policy which is accessible to all employees through the intranet. This policy covers security concerns in both business processes and organisational aspects. It is designed to establish basic guidelines and regulations for accessing, using, classifying, and disposing of information assets belonging to Tata Consumer Products Limited. The policy is managed by the Office of the CIO (GIS) of the Company and applies to all authorized users who have access to any information assets belonging to Tata Consumer Products, regardless of the geographic location of the user or the Company's operation.

6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.

Since product related consumer complaints are unique and varies case to case, accordingly corrective actions are taken. There was no penalty or action taken by regulatory authorities.
